Our business houses on April 1st began their annual 6 o'clock closing. Of course these houses are not hermetically sealed at that hour against emergencies, nor demands of lesser magnitude. Customers had better not risk an opening when it can be avoided, as the merchants and clerks may not be found when needed.
The school children got more pleasure out of April 1st than any one else around here. They followed the old time custom of harrasing and wailing out the teachers. These last no doubt enjoyed the frolic too. It is reasonable to suppose that they were "delighted".

Mrs. E. F. Price of Means' is the guest of Mr. D. L. Barnes.
Several days ago some boys were at work near Rocky River and report seeing a negro wading down the stream; they could get nothing out of him excepting that he would get out below here, whether an April fool or a reality the public has not determined. He may have been a criminal trying to keep from being tracked by hounds.
Vegetation is rapidly springing forth and without a check nature will soon put on her green summer garb.
About ten days without rain has started some of the farmers to complaining of hard lands, the last rain here was a hard one, and it baked especially red land.
A few nights ago, a night prowler, alias a chicken stealer alias pole-cat came to grief in this town having been caught in a trap and killed by Mr. R. L. Smith.
The residents will have each to provide themselves with a dog, to stop the destruction of fowls which goes on here in the spring, because of these varmints.

Read about it in current numbers of THE METROPOLITAN MAGAZINE
Do you know that consumption is communicable? That it is preventable? That it is CURABLE? These are facts.

The instructions thus given shall be obeyed by and the decisions thus made shall be binding upon all county, town and municipal officers.

In preparing this list you should call on and consult with members of the county and township boards of assessors, and such citizens as may in your opinion have information touching the income of those liable. You are further directed to place in the hand of each person so listed an income tax blank and require such persons to fill out said return and swear to same. In case any person refuse or fail to file or swear to said return, proceed to assess the amount of their income upon information and belief, and add thereto a penalty of 50 per cent and charge the aggregate upon your tax duplicate.
On May 1 you are required to file with the Comptroller General duplicates of the above lists, together with a statement as to each taxpayer, showing the action taken by him. Yours very truly,
