ANNUAL REUNION

On last Thursday, the 30th of September The Annual Reunion of Orr's Rides

A preliminary meeting of the survivors A preliminary meeting of the survivors was held on Wednesday evening in the Court room. On Wednesday night all the old soldiers gathered together in Rosenbergs Hall where they were entertained at a smoker. Here songs were sung and punch was served. All who attended the smoker enjoyed it to the fullest.

The meeting proper was held in the Opera House on Thursday at 11 o'clock. The teachers of the graded school and the High School marched the childred down to the Opera House to do donor to the old of Thursday Miss I

and the school children marched between
the two ranks into the building.
The exercise were opened by the singing of that old patriotic song that stirs
the blood of every true southerner "Dixie"
The chorus was led by Mrs. J. C. Ellis,
Mrs. M. T. Coleman and Mrs. J. L.
McMillan.
The chairman, Mr. W. G. McGlll then

A Weleome Relief.

After a long siege of musical and farce After a long siege of musical and later day inclining and comedies, melodramas and roblem plays, till yesterday evening.

It seems that the "Triume Immersionthe theatre-going public seems to invite a return of the never dying Shakesperean drama in a more welcome manner than has been demonstrated for many years. For the first time in more then a decade, Paris out at the last meeting that if the collapse has arranged for a series of Shakesperean failed to materialize at the appointed time has arranged for a series of Shakesperean performances that will extend through the entire theatrical season. Viena, the home of the classic drama, has announced a number of very elaborate productions of Shakesperean plays. The memorial exercise on account of the death of the former President, Gen. R. R. Hemphill, followed. An interesting paper was read by the President and prepared by Gen. M. L. Bonham of Anderson. A good picture of Gen. Hemphill rested upon an easel on the stage.

Here followed the speech of the day, by Major J. C. Hemphill of the Charleston News and Courier. Major Hemphill does not do things like other people. He has an individuality. Nowhere does it show up more plainly than when the Mayor goes speech making. He seemed to have a double purpose in view, to entertain and at the same time to instruct. AT THE SET OF THE SUN.

At the set of the sun, When our life work is done, With all its tangled web, When the clouds drift low, And the streams run slow, And life is at its ebb:

As we near the goal When the golden bowl Shalf be broken at its fount; With what sweetest though Shall the hour be fraught, What precious most shall we count?

Not the flame of the sword, Nor the werlth we have stored In perishable things of the earth— Not the way we have trod With the intellect broad, Tho that were of precious worth;

Nor the gain we achieved, Nor the gain we achieved,
Thru the hearts we have, grived,
And left unhelped by the way;
Nor the laurel of fame,
When for worldly acclaim
We tolled in the heat and the frry.

Ah, no, 'tis not these
That will give our hearts ease
When life sinks low in the west;
But the passing sweet thhugh
Of the good we have wrought,
The saddened lives we have blest,

And the love we have won, And the love beckening on, From his island far and dim; Love out of the light, Shinning into the night, The night which leadeth to Him.

AS TO METHUSELAH'S AGE. Critic Cuts His 969 Lears Down to 78 3-4.

"Methuselah loses his famous record for his 969 reputed years are whittled down to 78 3-4." Thus says the Jewish World in a discussion of Jewish characteristics.

There has always existed a certain amount of doubt even among believers in the literal truth of the Bible concerning the great age to which the Jewish patriarches are recorded as hering lived. Some archs are recorded as having lived. Some of the theories evolved to reduce the Bibli-cal records of this kind to something near the alloted span of man are dealt with in

the article.

It is surmised, the Jewish World says, that in the earliest times the month, the period of a moon cycle, was called a year. Thus Adam's 930 years of life, calculating month, works out to 751-4 years. After the month year there came a five month the fingers on one hand, it being remembered that primitive people always need the fingers for countries of the categories.

Miss Janie Eaken was called to Greenwood last Saturday on account of the illness of hdr nephew, Mr. Charles Dukes, who died Sunday night. Many friends the fingers for countries always need that primitive people always need the fingers for countries and the categories in the city.

came the twelve month year.

Excuse for this rearrangement is found in the Psalmist's limit of life of three score and ten years, and it is maintained that between the times of Noah and David no such extraordinary change could have taken place as to reduce the life of man by eleven-twelfths. On the five month year basis, Abraham's 175 years work out at 72 and Isaac's 180 at 74.

Perhaps, too, there intervened a six month year, discovered by Jacob while watching Laban's flocks. Thus Jacob's 147 years work out at about 73.

The twelve month year began with the came the twelve month year.

Last Thursday was a gala day for the old soldiers who had a big time at the reunion of Orr's Rifles.

Mr. J. C. Hemphill, editor of the News and Courier, delivered the address of the occasion which was listened to with marked attention and called forth rounds of applause and delighted the hearts of the old veterans as he recalled many incidents old veterans as he recalled many incidents of the battle fields long since passed, but not forgotten by the confederate soldlers. A smoker was tendered the veterans Wednesday evening in Rosenberg's Hall by the citizens, and after the exercises Thursday a splendid dinner was spread for

them.
The occasion was a happy one not only to the soldiers, but to our citizens as well, who asked for their meeting again next year, but other towns wanted to share in honoring the veterans so it was decided that they should hold their reunion at Honea Path.

Yorkville Enquirer.

Something over a year, ago a statement was published in The Enquirer, to the effect that miscreants, to our informants unkonwn, had robbed the corner stone of King's Mountain Monument by blowing it out with dynamite. No especial effort was made to investigate the story at the time; but it now develops that while the dynamiting was really attempted, the corner stone records were not disturbed. The information comes from Col. A. Coward, who was at the grounds last Friday looking after various arrangements for the coming-dedication. Col. Coward said that while there is evidence of an attempt on the corner stone, the miscreants in their evident ignorance, selected the wrong corner—the northwest corner instead of the northeast corner. They made a hole under the stone and exploded a dynamite cartridge. The stone was pretty badly displaced. Yorkville Enquirer. under the stone and exploded a dynamite cartridge. The stone was pretty badly displaced, but not entirely removed. There is absolutely nothing of money value in the cornor stone, and if the thieves had been successful they would have gotten nothing. The attempt, however, was one of peculiar viciousness, and people of the neighborhood who know the guilty parties will discharge a patritiotic duty to law order and decency, if they will give their names to Sheriff Brown.
