The question is happily settled. Those the break the law by gambling are usually a class of people who hang around town and who are well known to the Mayor. If the Mayor is given jurisdiction in such ses justice is more likely to be vindicated than if they are put before a jury of

It is fortunate that Mayor Sherard sent he question up for settlement and it is fortunate that the court settled it as they

A. G. Brice Called to Due West-

The presidency of the Due West College or Women has been filled. The man ted for this important position is Mr. G. Brice of Chester, Representative of hester in the General Assembly.

Should Mr. Brice accept the position he will only be returning home, Due West being the home of his youth.

The trustees have made a wise choice we think, in placing Mr. Brice at the head of the institution. He is a man of broad nind, aggressive and what is just as imortant, practical.

The position requires a good business tan, Mr. Brice also possesses this qualifi-
