PROGRESSIVES MEET IN COLUMBIA AND PLAN A TICKET FOR THE SOUTH CAROLINA

STATE PARTY.

"INDEPENDENT MOVEMENT"

Recently. . . .

Columbia. - Under the leadership of B. Sherwood Dunn of Aiken, provisional national committeeman, the Progressive party was launched in South Carolina at a meeting held in a local hotel. The meeting was attended by about 40 South Carolinians from all parts of the state. The Progressives will put out an electoral ticket in the November election, but will not have any nominees for state offices in the race against the Democrats and Socialists.

A state secretary, state treasurer and seven members of the state executive committee were ellected at the recent meeting. The Progressive party will carry on an active campaign in South Carolina in the interest of Teddy Roosevelt, their candidate for president.

At the meeting Mr. Dunn stressed the point that the Progressive party is an independent "white man's" party, unaffiliated with either the Republican or Democratic. The party was called the "Progressive Republican." This was a mistake. The name of the new party which Roosevelt heads is simply the "Progressive" party.

The selection of a state chairman and state vice chairman has been postponed. The officers selected at the meeting were: W. P. Beard, of Abbeville, editor of the News-Scimitar, state treasurer; L. W. C. Blalock, of Goldville, state treasurer; members of the state executive committee -First congressional district, W. P. Utsey; secon district, Thomas Thomson; third district, C. E. LESSON FOR OCTOBER 20. MISSION TO THE GENTILES.

LESSON TEXT-Mark 7:24-30 and Matthew 8:5-13. GOLDEN TEXT-"Him that cometh to me I will in no wise cast out."-John 6:37.

Chronologically the incident of the centurions servent precedes that of the Syrophenician woman, though we

will look at them in the order suggested. The one incident occurs near the border of Tyre and Sidon, probably about May or June, A. D. 29, and the other in Capernaum during the summer of A. D. 28. Both are incidents in the life of Jesus that have to do with his ministry as the Hebrew Messiah to those who were outside of the pale of Judaism.

At the beginning of Mark's record (v. 24) we have a wonderful suggestion as to the strain of Jesus, ministry and the accompanying lesson that true righteousness cannot be hid, it speaks for itself.

There are four uses of the word "answered" in Matthew's record of this incident (Matt. 15:21-28) that are suggestive. Let us first, however, get the setting. This woman was a Greek -a Gentile; by race she was a Syrophenician, that is, a Canaanite. Thus she was a descendant of that race whom God, by the hand of Joshua, had driven out to make room for the Hebrew nation, and as such is under the ban of God. See Eph. 2:12. Yet this woman reaches Jesus, her trouble being that her daughter is possessed by an unclean spirit. At her approach she takes a lowly place at Jesus' feet and requests that he heal the child. She calls him the "Son of David," and "He answered her not a word." Matt. 15:23. She had no claim upon him as the Messiah. This was the wrong footing, for she was not a child of the kingdom. It was her need that drove her to him. How she had heard of him is suggested in Mark 3:8 and 7:24. cf. Rom. 10:17. There are some question that silence will not answer. A wrong conclusion will be reached, as in this case the disciples came to a wrong conclusion and desired to "send her away." Contrast Jesus' patience with the disciples' impatience, "she crieth after us" and emphasize the danger of external judgment. There are many great moral issues today that are demanding an-

The Answer of Law.

Jesus then made a second answer, the answer of law, Matthew 15:24, in as the Jewish Messiah. His work was primarily to the Jews (John 1:11, 12). But her need was great, and identifying herself with the need of the child she "worshipped" Jesus. He is more than the Messiah, he is a Saviour. Not yet, however, is Jesus ready to grant her request. His third

THE CHILDREN'S HEALTH

In observing the physical characteristics of her children, the careful mother soon learns that health is dependent on the regularity of the bowels. When the bowels become clogged with the stomach's refuse, loss of appetite, restlessness, irritability, and similar evidences of disorder are soon apparent. Keep the bowels regular and a healthy, happy child is assured.

At the first sign of constipation the mother should administer a mild laxative to carry off the congested waste from the stomach that is fermenting and forcing poisonous gases into the system. A simple compound of laxative herbs with pepsin is highly recommended as being very mild, yet positive, in its action, a teaspoonful at bedtime usually serving to bring an easy, thorough, natural movement next morning. This compound is known as Dr. Caldwell's Syrup Pepsin and is sold by druggists everywhere

for 50c a bottle. A larger bottle, put up especially for the family medicine chest, costs one dollar. The use of salts and violent purgatives and cathartics should be avoid-

ed. They are too harsh and drastic, tending to upset the entire system. Write to Dr. W. B. Caldwell, 203 West St., Monticello, Ill., for a trial bottle of his Syrup Pepsin, if you have never used it. He will be glad to send it without any expense to you. Adv.

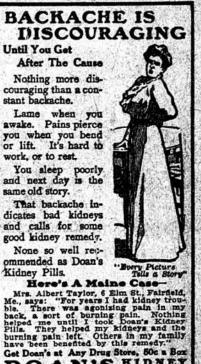

Vegetable Fiber for Shoes.

A Haverhill (Mass.) shoeman has obtained patents giving him the right to make vamps and tops of vegetable fiber which he has invented and perfected to be used in the manufacture of shoes. A few cases of shoes have been made of this material, which appears to be a good substitute for leather. The fiber is said to be particularly adaptable for warm weather wear because, being of a woven material, air can penetrate the vamp and top. The inventor also claims that a shoe made ci this material is waterproof.

is literally that first the .children must be fed, and she replied, "Yea, Lord; even the dogs under the table eat of the children's crumbs." For this saying, viz., that she did not protest against the words he had spoken, but accepted the proper estimate of him as being the Jewish Messiah and herself as outside of that covenant, he made a fourth answer, the answer to faith. He answered: "O, woman, great is thy faith," v. 28, and grants her carte blanc (v. 28), "be it unto thee even as thou wilt." As outcasts, we must cast ourselves "at his feet." It is his table, the Master's table, from which we may expect food. He it is that breaks the bread for us. We are never beyond his reach and he has made abundant provision.

Let us now look at the account of the centurion's servant. Once more Jesus is appealed to by one who is outside the Hebrew covenant and on behalf of a servant. In the other incident there was the interruption of a seeming refusal and here the interruption of an instantaneous granting of the request. Again we need to read the parallel accounts given by the other evangelists. Verse ten of this section is the key to this whole story. What are some of the marks of a "great faith?" First, it is tested. The servant was "dear unto the centurion," Luke 7:2. Second, it is progressive "when he heard of Jesus," Luke 7:3. Third, it will be recognized by others, Luke 7:4. recognized by others, Luke 7:4. Here we are told that the centurion came

not, at least not at first, unto Jesus, but is interceded for by the Jews. The ground of their intercession was that which constitutes a fourth evidence of a great faith, viz., liberality, "He is worthy, for he loveth our nation and hath built us a synagogue." Luke 7: 4, 5. We have, however, a better ground of intercession, Heb. 10:19. Great faith is also humble, "Lord, I am not worthy," Matthew 8:8. Sixth, it is confident, "Speak the word only," Matthew 8:8, and lastly, it recognized authority, Matthew 8:9. Notice the word "also" in this verse as used in the revised version. The secret of Jesus' life was his implicit obedience to the Father, John 4:34 and Matthew 26:42. The centurion being under authority could command others, and Jesus being under the authority of God of course had power. We believe the centurion saw in Jesus the Son of the most High, therefore what was healing in him, all that was needed was but the word of command.

The Great Faith.

The protest in v. 9, and the remark able commendation of Jesus thereon, is a solemn warning to all who are in covenant relations with God and his Son whom he has sent. Jesus had there a glimpse of that great coming day when all Gentiles would be gathered unto him, v. 11 (cf. Rev. 7:9). The centurion received for his faith com mendation, and healing for his servaus well. v. 13.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms' as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes. irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

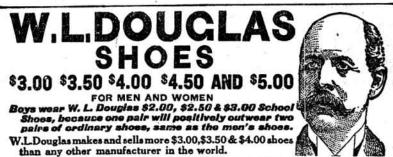

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.
