Coming on the 15th.

Mr. R. S. Link has been in Washington for the past month working in the Census Department. He has written friends in Abbeville that after standing around on the Square looking handsome for the past several months, it is no gay job to get down to work at eight o'clock, have a light lunch at twelve, and work on till four. Therefore Mr. Link will be in Abbeville by February 15th, and will represent Swift & Company in the fertilizer trade.

A Pleasant Party.

THE GIRL'S TOMATO CLUBS.

Information has been received in Abbeville that the necessary money to secure the Girl's Demonstration work for this county, has been included in the appropriation bill. This will be good news to those who are interested in the Girl's Tomato Clubs and it is hoped we will have a large and interested number of young girls engage in this work.

The credit for this progressive step should be given to Senator J. M. Nickles, Representative W. N. Graydon and to the ladies of the Civic Club, who have interested themselves in this worthy enterprise.

RUSSIA TAKING THE OFFENSIVE.

Fighting the Heaviest in the Carpathians.

The Russians are beginning suddenly to take the offensive in Poland where some of the German troops have been withdrawn.

From German sources it is understood that plans are being pushed to capture Warsaw, but the Russians claim the advantage in several minor encounters.

In the Carpathians the Russian army is struggling for a firmer foothold, but the Germans and Austrians have gained some ground.

The Germans are claiming to have the situation well in hand in east Prussia. The situation in France and Flanders has not changed materially, both sides being on the alert for any move of their opponents, the British and French taking every advantage of the delay in strengthening their position with reinforcements.

The British government is preparing for an army of 3,000,000 men and voting supplies for that number.

The British casualties up to February 4 are 104,000, including killed, wounded and missing.

A DAINY LUNCHEON.

Mrs. M. T. Coleman gave a delightful luncheon last Wednesday to Mrs. B. B. Valentine, of Richmond, who was in the city for the purpose of lecturing in the Court House Wednesday night.

Mrs. Coleman's house was lovely in its decorations of yellow and the luncheon table was a lovely centerpiece of yellow Jonquills tied with tulle. An appetizing repast of four courses was served to Mrs. Frank B. Gary, Mrs. G. A. Neuffer, Mrs. W. W. Bradley, Mrs. J. A. Hill, Mrs. D. A. Rogers, Mrs. Henry Sign, Mrs. J. L. McMillan and Mrs. W. P. Greene.

Try this for Neuralgia. Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

A CHERT ROAD.

In all the town during the bad weather this winter, there has been one piece of good road and that is from Dr. Neuffer's residence to the Rosenberg's on Main street. This strip has been in good condition, though getting all the travel from Main and Wardlaw streets. The reason is that it has been filled in with chert from the Klugh place. This chert costs about ten cents a load and certainly, in the long run, would be better on the roads than so much sand.

The friends of Mr. W. A. Jamison, of the Eureka hotel, are glad to know that he has taken a turn for the better, and is improving slowly.

SAVING YOUR COLLARS

This is the machine we have just installed to launder your collars. It is the most modern machine made. We dampen the edge so that it folds easily and then mould it in a steam chest so that it has a round, smooth edge and ample space between the outer and inner edges to permit the tie to slip easily. This saves wear and tear on your collars and gives you that set and finish which is desired and admired. Phone us to call for your next bundle.

Notice to Tax Payers.

For the Purpose of Accommodating the Public in the Matter of Making their Tax Returns, I will visit the Places Mentioned Below on the Dates Indicated in Schedule.

ALL RETURNS must be made under oath, of personal property returned at its market value.

Persons not making their returns between January 1, 1915, and February 20, 1915, are liable to a penalty of 50 per cent. This penalty will be enforced against delinquents; for the failure to enforce it heretofore has put a premium on neglect of the law.

The returns of those who conform to the law are placed before the Township and County Boards, while those who disregard the law come in after the meeting of the Boards and return to suit themselves. The enforcement of this 50 per cent. penalty will correct this evil.

Employers are requested to return all of their employees after notifying them and getting a statement of their property.

Returns will not be taken by mail unless they are sworn to before some proper officer. All improvements or any transfer of real estate must be reported to the Auditor.

My Appointments are as Follows:
