Horton was recently married to Miss Breckenridge of Kentucky, and they are in South Carolina visiting relatives and friends before returning to Haiti, where Capt. A REMARKABLE GATHERING.

Its like will not soon happen again, we think. On Saturday there gathered at the home of Chief Justice Gary three class-mates, all well over eighty years of age. They were, Mrs. M. C. Gary, mother of the Chief Justice, Mrs. Alice Henderson, of Coronaca, and Mrs. Jane Gary, of Kinards. Mrs. M. C. Gary is 83, and the other two ladies are 84.

Nearly three quarters of a century ago they were classmates at Limestone College. Mrs. M. C. Gary was Miss Caroline Tompkins, of Laurens county; Mrs. Jane Gary was Miss Jane Craig, of the same county; and Mrs. Henderson was Miss Alice Sims, of Union county. They were girls then and like girls, they talked of their sweethearts and of their plans for the future. They graduated in 1851, and went to their respective home. Miss Caroline Tompkins soon afterwards became the wife of Dr. F. F. Gary of Abbeville, and she has lived in this county since her marriage. Miss Jane Craig became the wife of Mr. Dorsey L. Gary, of Kinards, a first cousin of Dr. Gary. She made her home in that vicinity since her marriage. Miss Alice Sims became the wife of Mr. W. T. Henderson, of Coronaca, and lived too in Abbeville county.

The classmates had not seen each other for many years though they lived so near to each other. They disliked to travel on the trains, so Mrs. Jane Gary invested in a Maxwell touring car, went by Coronaca for Mrs. Henderson and the two came on to Abbeville to spend the day with the other girlhood friend. They talked not so much of the future as they did in the years gone by. They talked more of the days in the long ago, and of the accomplishments of the past. They looked hopefully to the future, not for themselves but for those who are to come after them. Many years await them here yet we hope and believe, but whether the years be long or short, it was a pleasure to see the "girls" of the forties together again, and to read in their faces the story of well spent lives, devoted not to themselves but to their homes and to the community.

On Sabbath Mrs. Marshall spent the day with the three classmates. She is 84 also. It was a remarkable gathering, and no school girls ever enjoyed a day together more. Perhaps no where else on this continent can three classmates be found of this good old age.

It Hits the Spot!

Many people do not realize what simple constipation or costive bowels will lead to if not corrected. You wonder why so many women and men are sallow, have no appetite, are dizzy, suffer with contant head pains, heavy feeling after eating, on taking slight exercise have fluttering heart and tired, run down feelings, 90 per cent of liver and stomach troubles come from costive bowels, constipation leads to that most terrible condition, NERVOUS INDIGESTION.

The bowels must have restored to them their tone, and regularity established and this must be done, not by pills, calomel and other laxatives, that will only last for a time but REGULARITY must be established and DIGESTION RESTORED by a chemical combination of drugs that will give a perfect digestion. WE HAVE THAT PRESCRIPTION and make this proposal. If you suffer from NERVOUS INDIGESTION due to faulty digestion and CONSTIPATION, come to our store, buy a bottle of CINOT, try it, and if your constipation, headache, loss of appetite, heart flutter, dizziness, do not disappear and you are not improved, come back to us and we will REFUND YOUR MONEY. Take a common sense view of our proposition. Could we afford to make this offer if we were not sure that our claims were not right?

Ask for CINOT, the king of Digestive Medicines.
