Sometimes we feel that there's nothing in life worth living for, but we have decided that there is one thing that we shall live to look forward to, the same being seeing Lieut. Col. William P. Greene, editor of the Abbeville Press and Banner, parading around in gold braid and brass buttons as one of Gov. Cooper's aides brandishing a silver saber and crying out, "Allons, enfants de patrie!" We shall then be able to use the poetic expression about him, "Afair off his coming shone."—Greenville News.

**Regal**

THE MOST POPULAR SHOE IN THE WORLD—WHY?

*Skill is not a birthright. It comes only through ripe experience—whether you build a boot or a battleship.*

Good boots and good battleships are built much alike. Each is made for wear and tear, for offense and defense. But the boot goes into action every day!

Just as the Government employs engineers to select armor plate and equipment, so Regal chooses experts to select leathers and materials.

Thus every Regal shoe is bulwarked and barricaded to withstand hard usage by an expert knowledge of shoe resistance.

Regal further safeguards the wearing quality by painstaking proficiency in factory methods,—the use of most skilled workmen and a close scrutiny of every operation.

Because of volume of production in four Regal factories manufacturing 36,000 pairs of shoes per week, we enjoy a collective purchasing power which effects a saving in costs.

Regal's world-wide knowledge of style requirements gives a positive insurance that Regal is always right from the style standpoint.

*If you want shoes of character,—ask for them by name. The name is Regal—it has stood for worth for a quarter of a century.*

**It Hits the Spot!**

Many people do not realize what simple constipation or costive bowels will lead to if not corrected. You wonder why so many women and men are sallow, have no appetite, are dizzy, suffer with contsant head pains, heavy feeling after eating, on taking slight exercise have fluttering heart and tired, run down feelings, 90 per cent of liver and stomach troubles come from costive bowels, constipation leads to that most terrible condition, NERVOUS INDIGESTION.

The bowels must have restored to them their tone, and regularity established and this must be done, not by pills, calomel and other laxatives, that will only last for a time but REGULARITY must be established and DIGESTION RESTORED by a chemical combination of drugs that will give a perfect digestion. WE HAVE THAT PRESCRIPTION and make this proposal. If you suffer from NERVOUS INDIGESTION due to faulty digestion and CONSTIPATION, come to our store, buy a bottle of CINOT, try it, and if your constipation, headache, loss of appetite, heart flutter, dizziness, do not disappear and you are not improved, come back to us and we will REFUND YOUR MONEY. Take a common sense view of our proposition. Could we afford to make this offer if we were not sure that our claims were not right?

Ask for CINOT, the king of Digestive Medicines.
