THE SAVING OF FOOD. To the People of South Carolina: I desire to appeal to the people of South Carolina to lay down for themselves certain definite and specific days on which we will save flour, meat, sugar, and fats. Our National Government has come to us asking for the performance of a specific duty. We are asked to save meat, flour, sugar, and fats. I urge our people to adopt the following program: To use no beef, pork, or mutton on Tuesdays. On a basis of 7 ounces per person, this will save about 700,000 pounds of beef, pork and mutton per week, or save enough meat to feed all of the South Carolina soldiers in the army. To use no wheat on Wednesdays. This will save about two million dollars a year, and would supply our South Carolina soldiers in the army. America uses now one hundred million barrels of flour. This must be cut down to seventy-five million barrels. To use no hog meat on Thursdays. This will save about 700,000 pounds or enough bacon and ham to feed our South Carolina soldiers in the army. To use no cake or sweet desserts on at least two days in each week. We can use poultry, fish, and vegetables. We can have them in abundance if we will raise them. We should save fats by broiling, boiling, and baking instead of frying. No family is asked to stint, but to save and avoid extravagance and waste. Elaborate meals should not be permitted. Use no beef, pork, or mutton on Tuesdays, no wheat on Wednesdays, and no hog meat on Thursdays. The saving of food is a war measure. If our army is to be fed we must meet the very reasonable demands of the Food Administration. The sacrifice asked at our tables is a small one compared to the price our soldiers stand ready to pay in blood. Remember the women and children of France have not tasted

sugar during the past seven months, and in many towns and provinces meat is allowed only twice a week. President Wilson and Mr. Hoover urge these requests upon our people as voluntary acts. I am confident that South Carolinians, red-blooded, and patriotic, realizing that American freedom, liberty, justice, and honor are at stake, will respond to this call and will do our part to win the war. RICHARD I. MANNING, Governor. ENTENTE PROTEST BREACH OF TREATY. Russian Commander Explains Situation to Army And Points Out Danger. Copenhagen, Nov. 27.—General Dukhonin, the Russian commander in chief has sent an order to the Russian army pointing out that the Entente had protested to the Russian supreme command against any breach of the treaty of September 5, 1915, (the treaty of London), pledging the Entente Powers not to make separate peace, and threatening that any breach from the Russian side, especially the calling of a separate truce, would be fraught with serious danger, according to the semi-official Austrian correspondence bureau, says a Vienna dispatch. The Russian supreme command has further announced, according to the same authority, that the United States had stopped the transportation of supplies to Russia until the situation cleared and that should the Bolsheviks retain power and make peace with Germany this prohibition would be maintained.
