DEATH OF GUY CANN.

Guy Cann, the little son of Mr. and Mrs. Kinney Cann, died Monday morning at five o'clock after three weeks of intense suffering. He had an attack of pneumonia and complications set in and the little boy was not able to stand the strain.

Some years ago he had fever which settled in his spine and since then he has not been able to walk and it was necessary for his brothers to take him around places in a rolling chair. He was a bright little fellow and wanted so much to be like other children and enjoy their games but with it all he was patient. He was seven years old last December, just at the age to start to school and begin life. All was done that could be to save him from the suffering but it was not to be, and the end came Monday.

Funeral services were held Tuesday afternoon at the home of his parents and the interment was in Melrose cemetery. Rev. J. N. Isom conducted the services. His parents and other members of the family have the deep sympathy of the community.

ABOUT ABBEVILLE PEOPLE

We were interested in looking through a decennial catalogue of Erskine. In the class of 1854 there were 16 members. Of these, Major F. W. R. Nance of Abbeville is the sole surviving member. All the other names have a small "a" printed just after each name. It is very interesting to glance through these pages and to see where Erskine students have scattered and the various occupations they are filling. It is in truth an honor roll. Dr. Kennedy and his faculty are revising the last decennial catalogue and hunting up additional information.

Miss Mamie Kennedy, who has had a position in the public school of Due West and who has won the reputation of an enthusiastic and most capable teacher, has accepted a position in the public schools of Abbeville. Miss Kennedy is very fond of young people and takes great interest in anything they undertake. She is a fine and enthusiastic worker herself along all lines. She is a progressive teacher. Abbeville is fortunate in securing her services.

Miss Mary Sharp and Mrs. Annie Green Mabry, and little son, John Tompkins, of Abbeville, spent Sabbath in Due West the guest of their uncle, Mr. Geo. Sharp.—A. R. Presbyterian.

You are asked to spend wisely—to buy only the things honestly needed to maintain your health and efficiency. This is intelligent thrift. The Government asks it of you as a war measure :

Bonds Are Not A Burden, But A Blessing

Thrift requires the exercise of restraint and self-denial—qualities without which you cannot achieve the success in life which it is your ambition to achieve and for the lack of which you are likely to suffer in later years.

The money you acquire by thrift you are asked to loan—not give—to your country. It will come back to you when you may need it far more than you do now, and you will be paid interest for its use.

This war is a frightful thing, but it may prove of inestimable benefit to you, if it teaches you the good habit of thrift.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not prevented of the cure, mitigation or prevention of disease.
