20,000 Men Taken By Haig Since August 21

British Tore Large Holes in German Line by Local Thrusts and Move Along to New Victories.

Paris, Aug. 26. (Havas.)—The number of prisoners taken by the British since Aug. 21 has reached 20,000, the Petit Journal declares. According to La Journal three new German divisions have been identified opposite the British. Since Aug. 8 nearly fifty German divisions have been in the fighting against the British.

Great Things Expected.

Paris, Aug. 26.—The allied high command had great hopes in the British army and the latest news from the front shows that these hopes will not be disappointed, says L'Heure. It declares that the British have obliged the German staff to admit defeat.

Marcel Hutin, in the Echo de Paris, points out that the British advanced by local thrusts which tore large holes in the German lines. That the enemy has been unable to thwart these maneuvers, he says, proves the tremendous superiority that the allies have gained over the Germans.

Lieut. Col. Fabry, in Oui, declares that unstinted praise must be given the manner in which the British attacks have been carried out. He declares that the allied success north of the Somme is a purely British victory.

French Official.

Paris, Aug. 26.—Heavy bombardments in the region of Roye and between the Oise and the Ailette rivers are reported in the official statement issued by the war office today.

The text of the statement reads: "Very vigorous artillery actions occurred during the night in the region of Roye and Beuvraignes, three miles to the south of Roye. The artillery fire also was heavy on the Ailette, Oise, and Aisne rivers.

"Two German surprise attacks in the Vosges sector were without result and we took prisoners. The night was calm on the rest of the front."

MOONLIGHT PICNICS GALORE.

Monday must have been named after the moon. At any rate, Monday night ought to have been called "Moonlight" this week, for it was the time of moonlight picnics galore.

Miss Annie Welborn arranged a most delightful excursion to Little Mountain in honor of her charming visitor from Belton, Miss Nancy

King. Twenty of the more prominent members of the younger social set made merry as the big truck rolled down the hill by the City Park, chugged up Blue Hill, or dashed along the road to the mountain called Little. There, on the slope near the spring, plate suppers were served in a manner worthy of New York's Four Hundred. Chocolate candy was also in abundance and so sweetened the spirits of the young people that they caused the hills to resound with beautiful melodies. (Editor's note.—We don't know what there were any hills around, but this was put in to make the story romantic.) About twelve o'clock, "Vic" returned home, and this was a proof that the good time was nearly at an end. From the farewell exclamations of those present, it was evident that they were unanimously in favor of Miss Welborn arranging another excursion.

But another picnic was moonlighting at the same time. The "North Main Inner Circle" got a truck and a chaperon and started off in the direction of Due West. After disturbing the repose of the Holy City, they turned westward like the Gauls and invested Cold Springs. The mineral water made the basket lunches taste all the better and it was a happy crowd of young people that sleepy Abbeville welcomed back, just as clocks began their second circuit.

EXPIRATION OF THE CONVERSION PRIVILEGE

Holders of the 4 per cent. Bonds of the First Liberty Loan, converted, and of the Second Liberty Loan may avail themselves of the privilege of converting into 4-1-4 per cent. Bonds by presenting their bonds for con-handled the original subscriptions.

These bonds are not convertible after November 9th, 1918, even if subsequent series of bonds should be offered at a higher rate. Therefore, the conversion privilege must be exercised, if at all, on or before November 9th, 1918.

The bonds to be delivered upon this conversion will bear interest at the rate of 4-1-4 per cent. per annum from the last interest date (May 15, 1918, or June 15, 1918). Now payment of accrued interest is required.

Holders of the 3-1-2 per cent. bonds of the First Liberty Loan may convert their bonds into 4-1-4 per cent. bonds on or before November 9, 1918, or may convert into any subsequent series of long-term bonds offered during the continuation of the war, bearing interest at a higher rate than 3-1-2 per cent. (For detailed information see page 6 of Treasury Department Circular No. 14). If the holder of 3-1-2 per cent. bonds elects to exercise the present conversion privilege, accrued interest at the rate of 3-4 per cent. per annum from June 15, 1918, to the date the bonds are received at the Federal Reserve Bank of Richmond for conversion, must be paid to the United States. The Bonds to be delivered upon such conversion will bear interest at the rate of 4-1-4 per cent. per annum from June 15, 1918.

WORK OR FIGHT AMENDMENT IS PUT IN BILL

Senate Believes Such a Provision is Necessary to the Winning of the War.

Washington, Aug. 26.—The Senate Military Committee today again declared a "work-or-fight amendment" to the man-power bill necessary to a successful prosecution of the war, when it reported the house bill with this amendment attached.

The House Saturday voted down the amendment. Should it pass the Senate, it is likely to prove the stumbling block in conference that may delay enactment of the law.

The military committee also cut out the Treadway amendment providing that Provost Marshal General Crowder appoint a special staff of examiners to reclassify the men in the deferred classes. Members of the committee said General Crowder already had power to reclassify the lists.

Prohibitionists stepped aside and gave the man-power bill right of way when the Senate convened today. Senator Sheppard, in charge of the bill, which is the unfinished business, obtained unanimous consent that the military bill be given precedence.

An amendment providing that soldiers and sailors, regardless of their ages, be allowed to attend training schools, thereby obtaining commissions, was adopted.

The senate adopted the committee amendment providing that no wife of a soldier or sailor shall be disqualified for any government position because she is a married woman.

Vesle Front, Aug. 27.—American troops today attacked the Germans in the region of Bazooches, three miles west of Fismes. Simultaneously the Germans attacked the American lines at Fismette, about a mile north west of Fismes.

Infantry fighting in the outskirts of Bazooches is continuing. The Americans at present are holding the upper hand.

Paris, Aug. 27.—French troops have captured the town of Roye. Resumption of activity is reported in the Noyon region. The French are also attacking along the Ailette line and pushing southward toward Coucy-le-Chateau.

General Mangin has won possession of high ground south of Crecy-au-Mont, from where the German positions north and east of Soissons are being heavily shelled. These positions are now subjected to a double fire as they are also being shelled from a French line along the Aisne.

LIEUTENANT BILL PERRIN.

It is now Lieutenant Bill Perrin. This popular young soldier received his commission just recently, following a rapid rise from the ranks. After being drafted as a private, his ability won recognition and he was recommended for the officers training camp at Camp Sevier, later being transferred to Camp Gordon. His commission was awarded him after intensive training at that place.

Lieutenant Perrin is the brother of Mrs. T. Gordon White. For a number of years, he managed a store on the square, which went under the name of Pressly and Perrin. The last several years, he has spent

in Greenville. From the account of one who has seen him play ball and says he is one of the best diamond stars ever seen in this vicinity, he ought to be a fine officer, especially of a platoon of bombers.

SUNDAY SCHOOL RALLY AT THE BAPTIST CHURCH

Every member of the Abbeville Baptist church is earnestly desired at Sunday School next Sunday morning at ten o'clock in order to make our attendance reach our aim which is 200. September 1st has been set aside as "Go-to-Sunday-School" day and every member who does not attend Sunday School on that day is bound to be lonesome.

Special program being arranged—Come out and hear the singing—You will enjoy it.

CHILDREN'S PICNIC

The Sunbeams and Primary Sunday School Classes of the Baptist Church combined Tuesday afternoon in what was for them a most enjoyable picnic at Klugh's Park. Mrs. R. C. Philson and Miss Gladys Wham were in charge.

Babbling brook and shady slopes gave an ideal place for the children to romp and play around in. Then, too, at the very best time, King Ice Cream made his appearance and each one of forty-three young ladies and gentlemen received a cone with his or her favorite kind of ice cream in it.
