

NEWS IN NOTES

PALMETTO PARAGRAPHS.

South Carolina soldiers in the casualty lists of the week are: Lieut. David E. Monroe, Marion, killed in action, previously reported wounded; Corp. Felix Dinkin, Meyers Hill, died of wounds; Serg. John W. Cumbee, Huger, wounded severely; and Private Herman L. Coffman, Providence, missing in action.

A telegram was received Friday by Mr. and Mrs. T. P. Salter of Trenton, telling of the death of their oldest son, F. P. Salter, Jr., who was stationed at Waco, Texas, and Thursday was flying over Richfield, Tex., when his plane collided with that of another aviator, both being killed. Frank Salter was 24 years old. He was graduated at Clemson in 1913, after which he worked in Memphis, Tenn. He volunteered and went to Texas as an aviator in the spring. He would have received his commission in two weeks. The body is on the way home under escort.

South Carolina may have another cantonment. The big military city would be situated at Charleston. "Washington, Sept 13—It was learned here today on reliable information that the war department may announce almost immediately that it will establish several large cantonments in different parts of the country to take care of the men who signed up for the new draft yesterday. Among the places said now to be under consideration for the establishment of these additional cantonments are Charleston, Brunswick, Ga., and Tampa, Fla. Senator Trammell of Florida, was among these who today took steps in the interest of his State. The cantonments already established which are not now full will be recruited to capacity, but with this done provision must be made for the new registrants."

Governor Manning Thursday sent an order to all sheriffs and police officers in the State, urging that strenuous effort be put forth to apprehend deserters and delinquents. He said in part: "Use every agency possible to apprehend deserters and delinquents. While the percentage of delinquents and deserters is not so large in South Carolina as in some other States, yet every effort should be made by the police officials to reduce the number in this State, and to this end I am directing this letter to you to urge and insist that you and all police officials, as defined under selective service regulations, use every effort to apprehend and take before the proper authorities delin-

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the sick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and fly the next, but who simply can't get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation. Just as soap and hot water act on the skin, cleansing, sweetening and softening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than the outside, because the skin pores do not absorb impurities into the body, while the bowel pores do.

quents and deserters as provided in the regulations."

AMERICAN ABSTRACTS.

There were seven deaths from airplane accidents at army training fields during the week ending September 7, according to a summary issued Friday by the war department.

President Wilson announced Friday that a fair price for raw cotton will be fixed if that should be deemed necessary after the committee to be appointed by the war industries board has completed its inquiry into the general cotton situation.

Georgia has magnificently stepped in line with South Carolina and other loyal States. Complete unofficial returns from all but 16 counties in Georgia give William J. Harris a substantial lead in the popular vote in Wednesday's Democratic primary to name a successor to the United States Senator Hardwick. The returns from 136 out of the total of 152 counties place Harris in the lead over Hardwick, his nearest opponent by 24,707 votes and 25,017 ahead of William Schley Howard, representative in congress from the Fifth district. All congressmen who had opposition have been renominated except J. R. Walker of the Eleventh district, who has been defeated by Judge W. C. Lankford of Nashville on the face of the reports. Carl Vinson, incumbent, has defeated Thomas E. Watson in the Tenth district by 16 to 14 county unit votes. W. D. Upshaw of Atlanta, was named to succeed William Schley Howard in the Fifth district. Howard resigned to enter the senatorial race.

Uncle Sam is not going to allow selfish men to hinder the progress of our arms in France. Striking machinists at Bridgeport, Conn., have been notified by President Wilson that unless they return to work and abide by the wage award of the war labor board, they will be barred from employment for a year and local boards will be instructed to reject any claim of exemption from military service based upon their alleged usefulness on war production. The president's warning went Friday in a letter addressed to the machinists, replying to resolutions forwarded to him announcing the strike because of dissatisfaction over the war labor board's award and a later interpretation by an umpire.

Eugene V. Debs was convicted in the Federal court at Cleveland on Thursday. The jury stayed out five and a half hours. Of the original ten counts of the indictment but four remained when the jury retired to consider the evidence. The verdict found him guilty of three; not one. He was found guilty of attempting to incite insubordination, disloyalty, etc., in the military and naval forces; attempting to obstruct recruiting; and uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy. The maximum penalty is 20 years imprisonment and a fine of \$10,000. Judge Westhaven stated he would hear counsel on motion for a new trial Saturday.

CABLES FROM ACROSS.

General Pershing celebrated the biggest birthday party of his life on Friday. He was fifty-eight years old and tens of thousands of American soldiers joined in presenting him a birthday present. The gift was the St. Mihiel salient.

The 82nd division, composed of Georgia, Alabama, and Tennessee troops, which trained at Camp Gordon, Atlanta, is among the divisions on the Lorraine front on which the Franco-American attack was launched, according to latest reports available. Various shifts of American forces, however, might have moved the 82nd from this front since the latest report were sent.

A potential German naval base in the Virgin Islands has been seized by the slitt property custodian and will be used for the needs of the

American navy and customs department. The base consists of land, buildings, docks, warehouses, large water tanks and cisterns, lighters, loading paraphernalia and coaling facilities formerly owned by the Hamburg American Line. The Virgin Islands were recently purchased by the United States from Denmark.

Secretary Baker, accompanied by Generals Pershing and Petain, visited St. Mihiel a few hours after its capture. Residents of the town so long under the domination of Germans accorded Secretary Baker and his companions a touching reception relating to abuses to which they had been subjected. Before the Germans retreated they had forced almost every male between 16 and 45 to accompany them for service in the German army, they told the secretary.

The indomitable Lloyd George, premier of England, is beginning to feel good. "Nothing but heart failure on the part of the British nation can prevent our achieving a real victory" he said, speaking Thursday at Manchester. Premier Lloyd George said he was for a league of nations and that in fact a league already had been begun. The British empire, he said, was a league of free nations and that the allied countries fighting the battle for international right were now a league of free nations.

The State Council of Defense has been advised by the United States department of agriculture of the safe arrival in England of a committee of men, familiar with food production and agricultural organization and activities in the United States, who recently sailed for Europe. Among these is David R. Coker of Hartsville, chairman of the State Council of Defense, who secured a leave of absence when he was designated by the United States department of agriculture as a member of the committee selected for the European visit. Mr. Coker is an extensive farmer and a member of the National Agricultural Advisory committee. In his absence John T. Stevens, president of the National Bank of Cheraw, is acting as chairman of the State Council of Defense. It is a high compliment to Mr. Coker and a recognition of his ability that he has been selected as a member of this important committee.

MARIE TIFFANY

The Kerr Furniture Company will present Miss Marie Tiffany soprano of the Metropolitan Opera Company and Mr. Graham Harris in a recital at the Opera House on September 19, 1918.

Miss Tiffany's voice is of rare purity and flexibility. With such an organ and the thorough training which she has had in this country and abroad it is not astonishing that she was secured by the Metropolitan Opera Company two years ago.

The fact that Miss Tiffany is to be assisted by Mr. Graham Harris lends added interest to the event.

Mr. Graham Harris, violinist, is

an artist who has made many friends among discriminating music lovers for his sincere musicianship and unusual ability.

There are indications that something out of the ordinary will be heard at this recital although The Kerr Furniture Company refuses to divulge just what it is. The reporter has his suspicions. If they are correct those who attend are apt to have a very pleasant surprise.

Fertilize Grain When You Sow

It will pay the farmer this year of all years to fertilize his grains when he sows it, as the chance for getting soda next spring is slim and slender.

It is very unlikely that there will be any for sale.

JOHN A. HOLLAND

TWENTY THOUSAND DOLLARS worth of PIANOS and ORGANS

I wish to announce that I have on hand the largest stock of pianos and organs in the state. I have approximately twenty thousand dollars worth of musical merchandise.

I have over a dozen of the most well known makes of America now in stock. All pianos have the price marked in plain figures. Pianos at from three hundred dollars to five hundred dollars. Player Pianos at from five hundred and fifty dollars to eight hundred dollars. I will have a player in about two weeks at even five hundred dollars.

I have made a special order for a self player, which will arrive here in October, which is sold for nine hundred and fifty dollars.

All of the pianos I have on hand were bought early in the year and before the great advance in prices, and I sell upon the basis of what the goods cost. Pianos at only a slight advance over what they were four or five years ago.

Call and see my entire line. Accommodating terms of payment may be secured.

Call or write or phone and I am at your service right now.

JOHN A. HOLLAND
