TRAIN PASSES OVER COLORED PREACHER

Rev. W. F. Rice Happens to What Might Be Termed "Peculiar Accident."

He flagged the train; it backed, passed over his body; he crawled out.

This is what happened to Rev. W. F. Rice at Haskell's Station on Friday night, the first inst.

The incident as related by the "star" to this paper is as follows:

The train, No. 18, from Atlanta, due to arrive in Abbeville about ten p. m., was approaching Haskell's and Rev. Rice, wanting to come to the city, proceeded to flag it with a torch. Evidently the train crew did not see the signal in time to stop at the station, and ran past some distance. Heretofore when the train passed the Reverend he would run to it, to keep the train from having to back up. But this time they ran over the little trestle and were backing, while Rice was running toward it on the trestle. Therefore, being unable to tell the train was moving until almost upon him. When one of the crew shouted for him to look out, his foot slipped and he fell through the trestle. Before he could get up the train was passing over him. After the train stopped the crew went up to gather the fragments of what was once Rev. Rice, but upon arriving at the engine they found him crawling out between the drive wheels, none the worse from his experience, other than the brake-beams playing "tag" with his back as they would pass over him. Upon being asked if the train killed him when it passed over his body the Rev. said, "I don't think so."

DEATH OF WARDLAW SMITH

The news of the death of Wardlaw Smith, which came last Friday was a source of distressing sorrow to his many relatives and friends in Abbeville.

Wardlaw Smith was born in Abbeville about thirty years ago, being the eldest son of Augustus W. Smith and his wife, Pinkie Noble Smith. He lived among us as a little boy, removing to Spartanburg with his parents about twenty years ago.

Since reaching young manhood he has been happily married to Miss Julia Barrow, who with an infant son survives him.

Mr. Smith has been actively engaged in the mill business since graduation at the University in 1909, being associated with his father. He had a bright and promising career before him but he gave this up to enter the service of his country. He had only been at Camp Zachary Taylor for a few weeks when he contracted pneumonia, from which he died.

His body was brought to Greenville and funeral services were held at Grace Episcopal church Sunday afternoon at four o'clock and the interment was in the adjoining cemetery.

Wardlaw Smith was a young man of charming and affable manner, of strict integrity and as he advanced in years would have taken his place among men in the affairs of the world. Cut off in the morning of life, a host of friends sympathize with his father and disconsolate young wife.

COMING HOME.

Mr. and Mrs. Wallace Lomax have returned to Abbeville, and will make their home among us in the future. Mr. Lomax has been manager of a large bottling plant in Alabama and has been successful in his work. He loves his old home and has accepted a position at the Seaboard Shops. They are living on Hickory Heights.

ATTENTION! RED CROSS AUXILIARIES.
