

FURTHER TAXATION WITH MORE BONDS

McAdoo Says We Do Not Know Where We Stand As Yet—Expenses Great.

Washington, Nov. 13.—The chaotic conditions of world finance makes it necessary for the American people to prepare for further heavy taxation and bond issues, Secretary McAdoo warned Tuesday.

"We do not know exactly where we stand," McAdoo said. "We know there are hundreds of millions yet which the War Department must spend but we do not know how long the heavy burden will last. Of this much we are sure. There must be more liberty bonds and there must be a long season for heavy taxes.

Further credits are expected to be made to the Allies. But he said even this is an unknown quantity. Their financial situation is not unlike America's he said. For that reason the demands they will make upon its Government for the moment cannot be determined.

McAdoo would not say definitely what must be done with the loans already made to the Allies. At present this obligation, now nearly \$8,000,000,000 is in the form of demand paper. Treasury officials have planned to convert it into bonds of the various governments with a maturity date the same as our first Liberty Bonds. McAdoo said this necessarily must be held in abeyance however pending determination of the other nations' financial problems.

Establishment of credit with certain South American nations were hinted at as likely. Resumption of trade regulations however gradual, will make necessary the placing of loans in the hands of some of the Latin-American countries it was explained.

McAdoo said treasury officials have begun consideration of amortization plans to meet the payments of Liberty loans. The first big disbursement which the treasury must make back to the American people, is the redemption of war savings stamps which will fall due in 1923. Small savings invested with the Gov-

ernment now aggregate \$290,000,000. Another series—due in 1924—has been announced and treasury officials expect the new savings stamps to bring in more than the first issue. This too must be anticipated McAdoo said.

Available figures at the treasury indicate that at least two more Liberty loans must be floated. McAdoo would not say definitely of loans further than that the fifth would come.

TO WIND UP S. A. T. C. AT SOME FUTURE DATE

Washington, Nov. 12.—Plans for abandoning the student's training camps probably will be handled in conjunction with general demobilization plans later.

It was stated at the War Department today that no change would be made for the present in the work being carried on in many colleges for the purpose of specially training volunteers there.

NO QUESTIONNAIRES.

Washington, Nov. 12.—No more questionnaires will be sent out by the draft boards of the country it was explained by the provost marshal's office today.

Those which have been sent out however, it was added, must be filled out and returned to the draft boards. All present draft calls have been cancelled. It is unlikely, however, under previous calls will be returned until peace has been declared or the situation in Germany definitely cleared up.

CURE FOR BLUES NEAR THE CAMPS

Community Service Takes Place of Mother, Friends and Home for Soldiers.

Ten young officers of the Student Army Training Corps of the University of Detroit recently applied for a furnished house and a housekeeper who would not be a servant, but, as one young officer expressed it, "the sort of woman to whom the boys can call out 'Hello, mother!' when they come in the front door."

Homesickness is the malady for which War Camp Community Service supplies innumerable cures. "We've got your number," says the W. C. S. to the homesick boy from camp with leisure to spend in any one of the three hundred towns scattered over the country. While he's wondering what on earth he'll do with himself when he gets there, not knowing a soul in town and with a limited percentage of his "thirty per" in his pocket, along comes a friendly printed card from the local branch of his own lodge announcing a reception that night es-

pecially for soldier members. By the same mail the Methodist church sends an announcement of all its meetings, addressed to him, with This Means You printed at the bottom. How did they know he was a Methodist? He had forgotten about the little "Personal Card" he made out at the adjutant's request during his first day in camp when it was only one of the endless details in the round of dentists and doctors and general confusion. The W. C. S. had not only his number, but his name and address, his home town, the name of the school he'd gone to and a good bit about the things he was fond of doing—each fact written into a little blank on the card especially for it.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
