DEATH OF DR. BRIGGS.

Dr. W. T. Briggs, of North Augusta, whose serious illness we noted in our last Tuesday's issue, died on Tuesday, Nov. 26th, and was laid to rest the following day. The death of this promising young physician will bring sorrow to many people in Abbeville. Only a little more than three months ago he was happily married to Miss Eliza T. Gary, of this place. He had built up for himself a large and growing practice in his home city and had everything of promise before him.

Dr. Briggs died a victim of the disease he sought to curb. The influenza was very prevalent in his section, and in the last month before he died he treated nearly four hundred cases and with remarkable success, but when the disease attacked him, on account of his physical exertion in caring for others, he was in no physical condition to fight it, and after the first few days, his case was known to be critical.

The people of this city sympathize with his young widow, who was reared in our midst; and who is so universally liked by our people. It is an awful shadow which has fallen across her life's pathway, and it is a source of great grief to her friends as well as her relatives.

Dr. and Mrs. Thomas Pope, of Kinards, were with Dr. and Mrs. Briggs during his sickness, and remained in North Augusta for the funeral services. Chief Justice and Mrs. Gary were unable to attend the funeral on account of the illness of the latter.

DEATH OF AN INFANT.

Mr. and Mrs. Wallace Lomax are deeply bereaved in the death of their baby which occurred on Thursday, Nov. 28th. The little boy had been sick with influenza but was apparently as well as ever when put to sleep on Wednesday night. The child was nursed at twelve o'clock but when the parents awoke in the morning its little spirit had taken its flight.

The baby was four months old and was named Wallace David. The burial was at Melrose Thanksgiving Day.

The young parents have the sincere sympathy of a wide circle of friends.

THE FLU IN ANDERSON.

Announcement has been made that the schools of Anderson will not open until Dec. 30th, a vacation of three months. The Presbyterian Synod which was to have met in Anderson, has been called off.

SHAKING THE TREES.

Among the old timers in Abbeville, it is the custom to shake the pecan trees on Thanksgiving day. The nuts being in good condition then to gather. The rain last Thursday made this impossible. The pecans are being sold around town for forty and fifty cents a pound. The yield is not large this year.

RED CROSS SPEAKER.

The Abbeville Chapter American Red Cross has arranged to have a speaker here on December 11th. The speaking will be in the Court House at eleven o'clock in the morning. This hour was decided upon so that the people from the country could attend. We are particularly anxious that people from all over the county come—especially the committees who are appointed to help in the Red Cross Christmas Roll Call, Dec. 16-23, which is the membership campaign for 1919. The committee appointments will be in the papers on Friday and notices will be sent out to them during the week.

We are counting on getting a big membership in this campaign and we hope all the committees will co-operate with us to make it a success.

J. S. Morse, Chairman.
