Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Bobby Busch's Blood Boiled When von Strompf Unfolded His Big Scheme.....

He beat our army to the Kaiser by a nose and what do you think he did? You'll Cheer Yourself Hoarse When You See

"The Kaiser's Finish"

The intimate story of Bobby Busch, an All-American German-American. Bobby hated the Kaiser more bitterly than any man.

Although Bobby had German blood in his veins he counted himself as good an American as any man in New York. Bobby also had brains—that's why he didn't immediately bounce his clenched fist off von Strumph's jaw as the latter outlined his plans for sending Bobby on a secret mission to Berlin—and Bobby's reward was to be much money and perhaps even an Iron Cross. "And you needn't come back to America" von Strumph told Bobby—So Bobby kept his own counsel—and Bobby didn't enlist in the American army (much to his sweetheart's disgust), but he got to Berlin just the same.
