

BETHIA NEWS.

Bethia, April 12.—What fine weather the farmers have for fixing up their land for planting corn and cotton.

Mrs. M. E. Beauford and Mrs. W. M. Hall and little tots spent Tuesday in Troy with her mother, Mrs. Mary Horne.

Miss Pauline Below took dinner with Mrs. W. M. Hall last Sabbath, it being her 24th birthday.

Mrs. M. E. Beauford spent last Friday night in Abbeville with Mrs. John McKellar.

Quite a crowd was at Bethia last Sabbath afternoon. The ladies organized a society with about ten members to start with. Hope to have a good success with it and more members to come in later on.

Mr. and Mrs. R. H. Beauford extend many thanks to their friends and relatives for the kindness and help during the illness of their aunt.

Private Lewis Beauford is enjoying being at home as much as the home folks and also his best girl enjoying having him. He has his discharge.

Mrs. Brough, from Mt. Carmel, is spending a while with her daughter, Mrs. Jim Link.

Mrs. M. E. Beauford went to Atlanta last Thursday taking her little granddaughter to have her throat examined. It has been in a bad fix ever since she had the flu. It will have to be operated on later.

Mr. and Mrs. Henry McNeil spent Saturday night in Abbeville with her mother, Mrs. Azillie Wilson.

The death angel visited the home of Mr. and Mrs. R. H. Beauford last Saturday night and took away their dear loving aunt Linnie Spence. She would have been 80 years old the 13th of May. She was laid to rest in Long Cane cemetery being her old family church. She was a true and good Christian woman.

A precious one from us has gone, A voice we loved is stilled,

A place is vacant in our home Which never can be filled.

The funeral services over the remains of our dear old aunt was held last Friday afternoon at four o'clock at the old Bethia cemetery, the services being conducted by Rev. J. B. Hillhouse. She was in her 90th year.

Farewell dear mother, sweet thy rest Weary with years and worn with pain,

Farewell, till in some happy place We shall behold thy face again.

RUDDERLESS ?

Have you set for yourself a goal?

Are you steering a course for the achievement of some ambition?

Your future lies in your own hands.

If you have marked out no course, how can you hope for anything?

It is not given to all of us to build large. Environment—opportunity—ability—these things bear directly on our lives. We cannot all excel the average.

And yet there is in every man the power to try.

Anything that is worth wishing for is worth striving for.

What hope is there for you if you won't try?

"Every institution is but the lengthened shadow of a man."

"Home" should be the first work of the four-square man. It gives substance, stability, self-confidence—lengthens his shadow.

This is within the reach of every toiler. Will you grasp it?

The man who will not investigate, is the man who is kept in everlasting ignorance. Prejudice is the bar to progress. Progress is the well being of the nation. Therefore to progress, investigate. Consult the secretary of the **Standard Building and Loan Association.**
