This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness. Ordinary laxatives, purges and cathartics—salt, oil, and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horky, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions. P. B. SPEED and Druggists Every where.

Governor Approves Act.

Columbia, April 29.—The act passed at the last session of the General Assembly providing penalty clauses for the violation of the law creating the State Board of Fisheries in 1917, and regulating the appointment of four inspectors, has been signed by Governor Cooper. The act becomes effective at once.

Governor Cooper held up the act for a considerable time because of the conflict in section 2, regarding the appointment of the four inspectors of the board. The paragraph amending the original law provides for their appointment on the recommendation of the Senators from the counties from which they are appointed, and the section as amended provides for a recommendation of a majority of the delegation. The conflict is irreconcilable and the State Supreme Court probably will have to give it judicial interpretation. It is probable that the board of fisheries will appoint its four inspectors without a recommendation, in view of the conflict, and this possibly will take it into the courts.

Fire At Laurens.

Laurens, April 29.—Laurens had a spectacular fire Sunday afternoon, when five cottages on Rich Hill were destroyed. The fire broke out in the roof of one of the five buildings burned and because of low water pressure, the firemen were powerless to prevent the rapid spread of the flames, which were fanned by a stiff wind. The houses were owned and occupied by negro residents, one of whom is Norman Torrence, the well known barber here. Most of the furniture of the cottages was saved.

Infernal Machine.

Atlanta, April 30.—An infernal machine addressed to Thomas W. Hardwick, formerly United States senator from Georgia, exploded at 3 o'clock Tuesday afternoon in the kitchen of his apartment, at 789 Peachtree street, and blew off both hands of his negro maid, Ethel Williams, and painfully if not seriously burned the face and hands of Mrs. Hardwick.

The infernal machine was addressed to Mr. Hardwick at Sandersville, his former home, and forwarded from there to his residence address. It was delivered by the postman at 2:30 o'clock. It was wrapped in an oblong package about the size and shape of a package containing a dozen lead pencils. It was marked "sample Novelties." It came from New York and bore the letter-head of a famous department store.

Return Cable Systems.

Washington, April 29.—Postmaster General Burleson issued an order today returning the American cable systems to their owners, effective at midnight, May 2.

The postmaster general's order issued at the direction of President Wilson follows:

"The marine cable systems of the United States, and every part thereof, including all equipment and appurtenances thereto whatsoever, and all material and supplies, the possession, control, supervision and operation of which was assumed by the president by his proclamation of the 2nd day of November, 1918, to be exercised by and through the postmaster general, Albert S. Burleson, are hereby returned to their respective owners, managers, boards of directors or receivers to take effect on midnight, May 2, 1919.

Premier Wont Return.

Paris, April 29.—Ambassador Page telegraphed from Rome today that he had gathered from Premier Orlando in a long conference Monday that the premier did not intend to return to Paris for the signing of the peace treaty. The premier expressed regret that the time was so short before the arrival of the Germans.

This was only one of the disturbing complications presented by the Italian situation as the time approaches for the delivery of the peace treaty to the Germans.

Quite a crowd from this community attended the Price of Peace Thursday night. They all report it fine and it makes our hearts thrill to see what our brave boys went thru with. And as for those dear ones who sleep upon the Flanders Fields when we turn our thoughts to them we wipe our falling tears and comfort ourselves for we feel that it was all well with those dear lads and though they sleep, their sleep is short for they shall rise in honor and
