MERCHANDISE

This is not a mark-down sale of old goods but a special sale of big purchases bought by us. Here you will find a big assortment of the best values that spot cash can buy in the biggest wholesale markets of the country. Many short lots and mill-ends were closed out below cost of manufacture and it is the greatest saving we are passing on to the fortunate ones on hand for this great sale. We do not wish to frighten you into buying, but let us give you the conditions as we find them. There has been a more rapid advance in the price of goods in the last five weeks than in any like period of the war. The goods that will go in this sale were pur-

chased at the low ebb of the market. Prudent, economic buyers will lay in a supply of goods at this sale. Come early. Don't wait until the best bargains are gone. Take the advice of the government and buy now.

As is well known by all our customers, we never put on a sale to move out-of-style or shelf-worn goods—but to make room for new goods that are expected to arrive shortly thereafter. This time we are making room for our fall purchases, which are scheduled to commence arriving at an early date. We are compelled to have room for this new merchandise, therefore we are offering
