the fact, that the generation of today shows no tendency to forget the "man who wore the grey" and fought for what was once called the "Lost Cause." The world now readily agrees it was not a lost cause, but that the grand New South of today was built on the foundation that the Confederate soldier laid. Throughout the ages there has ever been a peculiar world-worship of dead heroes, empires may fall, creeds may change, but humanity never ceases to kneel at the shrine of dead soldiery. While the generation of today honors the battle-scarred survivor of the 60's, it speaks in hallowed tones of the comrade who fell fighting by his side.

FORDSON TRACTORS and PLOWS

We are pleased to announce that we have secured the agency for the FORDSON TRACTOR in Abbeville County.

DEMONSTRATION

September 12th, on the Farm of Supervisor W. A. Stevenson.

Call and let us demonstrate the economy of a Tractor and its many uses.

SADLER TRACTOR CO.

D. E. SADLER, Manager, On The Square Next to Hotel.

There's the same economy in using the one-ton Ford truck that there is in using the Ford car—only the larger carrying power of the truck commends it particularly to farmers, and other business men. The famous Model T motor assures reliable power, and lots of it; the manganese bronze worm drive makes certain the use of all that power; the three-point suspension gives flexibility, and vanadium steel strength. Price, without body, \$550 f. o. b. Detroit.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.—Adv.
