

**HAROLD BELL WRIGHT'S
SHEPHERD OF THE HILLS
PICTURIZED TRUE TO LIFE.**

A masterful picturization of Harold Bell Wright's famous story "The Shepherd of the Hills," will be shown on the screen of the Opera House. The film will be exhibited Matinee and Night, Mon. Nov. 17th.

To the thousands of local readers of the book, the picture will particularly appeal, for the story has been transplanted to the screen exactly as it was written. From "Sammy Lane" down to "Little Pete," all of the characters have been brought to life with absolute realism.

The author personally supervised the production to make sure that no event that was told in the story was omitted in the cinema version.

The film has been exhibited in middle west, and has just completed a successful run at one of the large theatres in San Francisco, where it shattered all records for attendance.

Among the characters who brought to life by players of unusual histrionic ability are "Little Pete," "Sammy Lane," "The Shepherd," "Young Matt," "Ollie Stewart," "Wash Gibbs," "Old Matt," "Howard the Artist," and others, and the incidents of the story are told on the screen in the same succession that they were related in the book. Matinee 3:00 P. M. Night 7:00 P. M. and 9:00 P. M.

**GENERAL PERSHING IN
FAVOR OF SMALLER
AMERICAN ARMY**

Washington, Nov. 1.—Dissenting in many important respects from the program recommended by the war department and the general staff, General Pershing told the military committee of congress today that 300,000 men raised entirely by voluntary enlistment should be the outside figure considered for a standing army. He favored universal military training to provide an emergency reserve, but thought general educational work should be combined with it and military discipline "somewhat relaxed" so that the system would be in complete harmony with democratic institutions. He fixed six months as the training period.

The department had recommended an army of more than 500,000 with a system of universal training, not embracing the educational feature. Its recommendation for a training period was three months.

Departing again from the expressed views of the department the general declared army purchasing should be reorganized in a new bureau apart from the quartermaster corps, and a separate department of the govern-

ment should be organized to coordinate and supervise military, naval and commercial aeronautics. He considered the department's request for 231 general staff officers excessive, and made clear his opposition to any effort by the staff to extend its authority into the details of the department bureau and of the line.

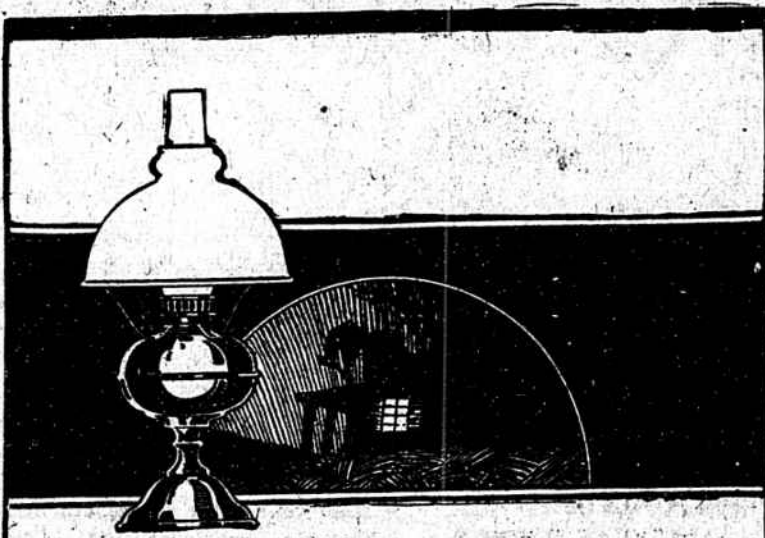

**STORIES OF MARVELOUS
FINDS OF GOLD ARE TOLD**

Vancouver, B. C. Nov. 5.—Stories of marvelous gold finds have come from the newly discovered gold fields in the Copper Lake Region, 65 miles north of Le Pas, Manitoba, and also at Contact Bay, about 200 miles east

of Winnipeg. One man recently came into Le Pas, it is said, with a canoe load of sacks filled with gold. He wanted the gold made into bricks.

Stampedeers are rushing to the new fields and Winnipeg stores are doing a rushing business outfitting expeditions.

The story of the gold find itself sounds like an old Klondike tale. Jacob Cook, an Indian prospector, while on his way to his cabin on Copper Lake, tripped and fell over rusty spur of quartz. Angered by the fall he struck the spur with his pick and saw evidence of gold. Within a few minutes he opened up a streak four inches wide and several feet deep which assayers declare is almost pure gold.
