WHAT GREENWOOD THINKS ABOUT THE GAME

In a rather one-sided game of football, the Abbeville high school defeated the Greenwood high school team yesterday afternoon by a score of 25 to 0. The Abbeville boys had the better of the contest throughout. The Greenwood school team showed a lack of practice and was outweighed by the opponents, two factors that decided the battle from the beginning. Prof. Martin, Prof. McEarcham and Miss Ruth Scott from the school faculty and Mr. Henry Reynolds. This being Greenwood's first game and

Abbeville's sixth, the showing by the locals was good.—Index-Journal.

SOCIETY LEADERS TAKE NOTICE

All society leaders who have given parties for the benefit of the Abbeville County Memorial Hospital, and who have not reported the amount raised are requested to send in the money at once, as the Association needs the money, and the Civic Club wishes to give a check for the full amount.

Mrs. M. T. Coleman, Cashier.

SET-BACK SET-TO.

Col. J. Foster Barnwell, who was formerly a Captain but was promoted Thursday evening on the field of action to Colonel, entertained twenty-four of the best setback players in Abbeville at his elegant home on Greenville Street that evening. After serving one of the finest dinners ever, even on Greenville Street, where people have "humminy-bird brains and peafowl gizzards" almost every day, everybody played winning setback except those who got beat, which latter number included Corp. Kerr and Capt. (now Maj.) Fulp. From the manner in which he entertained, we imagine that the showing at the mill meeting was highly satisfactory to Mr. Milliken.

He also opened the way for his brother Will, who has nothing now to deter him from giving a dinner just like his brother, and he lives near enough to Greenville Street to know how to do it.

Bill Wilson asks us to inform all members that as soon as he gets back from Anderson where he is a member of the Federal Petit Jury, and where he hopes to be foreman of at least one jury, he may have a word to say himself. It is true that he behaved himself handsomely not so long ago, but a game sport sometimes shows people what he can do, and Bill is game. Besides the seasons have changed since he gave his last dinner.

Col. Patrick Roche who returned from Augusta last Friday also has a pleasant announcement coming. It is understood that he brought home with him nineteen pounds of these kind of cheese which has worm-holes in it and one pound of soda crackers and that his persimmon beer is almost ripe. He expects the editor of the Spartanburg Journal to come over when he tries his project and deliver a ten line lecture on how the game is standing up.

Col. A. M. Smith will not be able to give much attention to his function until he and Col. S. J. Link have finally disposed of the big carload of fine mules which arrived on Friday. The members of the faculty of the college think that the mules would move faster advertised in the Press and Banner.

We are hourly in expectation of a telephone call from Col. Dick Sondley who will have a word to say very soon. Meanwhile keep your ears toward Greenville Street.
