### MILITARY BILL

#### IN HOUSE TODAY

Washington, Feb. 25.—Meeting the demand of Republican leaders, the house military committee by a bipartisan vote today refused to include universal military training in the army reorganization bill which will be formally reported tomorrow by Chairman Kahn. Sharp opposition to the reorganization program is assured when the bill reaches the house floor, and it may be attacked earlier by a minority report.

In rejecting immediate consideration of the training plan the committee voted that it should become the subject of separate legislation to be framed by a "friendly" subcommittee of seven named by Mr. Kahn, with an agreement of the leaders that its con-

sideration would not be blocked after a thorough inquiry had been made of the cost and economic effects. This investigation is expected to delay action on the question until the next session.

With this temporary disposal of universal training the committee voted 10 to 6 to report the reorganization bill, providing for a maximum peace time army of 17,700 officers and 290,000 enlisted men, including the Philippine scouts and unassigned recruits. Unlike the national defense act of 1916, which the new bill would amend, no definite tactical organization of the army is prescribed, his being left discretionary with the president. This feature is among the principal causes of the sharp opposition by the minority.

### Efficiency Ruined Things.

"Time was, before the experts came along and, in vulgar business parlance, sold efficiency" to the telephone companies when the telephone was a real convenience," John Armbruster relates in Everybody's. "The historic instance of the lady who rang up central and said: 'I am just stepping over to Mrs. Brewster's for a few minutes to get her doughnut recipe—she's Main 227—and I'll leave the receiver off so you can hear if the baby cries and let me know' in my home town we used to ask central where the fire was and who was dead and did she think there was any mail for us."

### Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or indigestion a real enthusiast for the art of internal sanitation. Try you are assured that you will feel better in every

### Constipation Causes Serious Ills

If you are its victim, try strengthening your digestive and eliminative organs with Nature's Remedy—it's better than laxatives.

#### NR Today—Keeps the Doctor Away

One of the world's greatest scientists says that more than 90% of all human ills can be traced directly or indirectly to constipation. How many sufferers realize this?

Most of them continually dose themselves with so-called laxative pills, cathartics, purges and cathartics and force bowel action. To do that is a mistake. It weakens the bowels and liver and causes constant dosing necessity.

Why don't you begin right today to overcome your constipation and get your system in such shape that constant dosing will be unnecessary? You can do so if you get the box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant, easy bowel action. This medicine acts upon the digestive as well as eliminative or-

gans—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out.

And NR does this without a sign of sickness, pain or weakness. It works gently, but promptly and thoroughly. In a few days you notice the real result. You begin to feel that you are living again, with new strength, new energy, vim and pep and gladness. You soon find your bowels acting regularly without help. Try Nature's Remedy (NR Tablets) and you will find it is the best medicine that you can use and costs only 50 cents per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

It is a sign of the times that Will H. Hayes, chairman of the Republican national committee, thought it extremely inadvisable to undertake to make the party platform by old-time methods. He has therefore appointed 150 Republicans of divergent views to suggest the platform, to be passed on by an old-time committee.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
