### COMMITTEE VOTES ON BONUS MATTER

Legion Executive Board Stands by Convention.

The state executive committee of the American Legion, meeting in Columbia yesterday, decided emphatically that the South Carolina department would stand behind the action

of the national convention of the legion in having the question of the extra bonus for service men entirely in the hands of congress. The national executive committee, meeting since the national convention reversed the action of the convention and began an active campaign in favor of the bonus. The South Carolina executive committee thinks that the le-

gion should stand by the action of the national convention.

The question of the formation of a woman's auxiliary in South Carolina was discussed in detail and plans laid for the beginning of a campaign to organize chapters of the auxiliary throughout the state. Those entitled to membership in the auxiliary are wives, mothers, daughters and sisters

### MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
