MERITONE HELPS ENTIRE FAMILY

Mother gains 15 Pounds and feels like new person—Little Daughter Strong and Healthy and plays like Other Children—Father Built Up Wonderfully.

The Carman family of Lexington, Ky., is happier and healthier because of Meritone. Mother, father and little daughter have better health since taking this wonderful new system medicine.

"I think everybody ought to know about Meritone and I want to give a statement for the public," Mrs. Carman said:

She then told as follows how Meritone brought better health to her little girl of six, her husband and herself:

"For nine years I suffered with my stomach," Mrs. Carman said. "I had indigestion and constipation. I could hardly eat anything without the most severe kind of pain afterward.

"I tried medicines, but nothing helped me. I even took one treatment that cost me \$150, but it didn't do me any good.

"The housework finally got to be an absolute burden. I just dragged around.

"When I remember the condition I

was in such a short time ago and then realize how well I am feeling now, it just seems to me that Meritone must be the best medicine in the world.

"Why, I can eat anything I want now without a bit of trouble afterwards. It seems like I can hardly get enough to eat. My stomach is in fine condition and my liver seems perfect.

"I don't get a bit tired now, either. I get at the housework and do it all and then feel so good I search around for something else to do. I'm like a new person and I believe Meritone almost worked a miracle in my case."

Mrs. Carman then described how Meritone helped her little daughter.

"The little girl is six now and ever since she was a year she has been in poor health," Mrs. Carman said. "I started giving her Meritone and it built her up so much and made her feel so much stronger that she gets out now and plays just like the other children in our neighborhood.

"And besides all this, Meritone has helped my husband," Mrs. Carman continued.

"He took Meritone as a builder and strengthener with wonderful results."

Meritone is being specially introduced in Abbeville by The McMurray Drug Co.
