**MEMORIAL "DRIVE"
BATES ARE FIXED**

SOUTH CAROLINIANS TO BE SOLICITED FOR \$400,000 APRIL 19-30.

TO HONOR THE FALLEN DEAD

Building of Architectural Beauty to be Erected at Columbia to Commemorate World War Achievements.

Columbia, S. C.—An intensive campaign to raise the balance of the \$400,000 to complete the fund for the erection of a memorial building of architectural beauty at Columbia has been decided on by the South Carolina Memorial Commission.

The "drive" will commence April 19 and terminate April 30.

Practically all the counties of the state are organized and are ready to subscribe their quotas.

Many of them already have reached or exceeded their allotments.

An act was passed by the 1919 General Assembly providing for a memorial building of "architectural beauty and appropriateness," to be erected at Columbia, and it was approved by Governor Cooper on March 7, 1919.

Governor Cooper was made ex-officio chairman and ex-Governor Manning was named vice chairman, in the act. Governor Cooper appointed a strong commission of fourteen persons, two from each of the congressional districts.

The first act of the commission was to call on the people of the state for \$400,000 to supplement the appropriation of \$100,000 given by the state, provided that the citizenry of South Carolina would donate such an amount as was decided upon by the commission.

The act provides that the building "shall preserve in marble or bronze or other imperishable form the names of all South Carolinians, whether soldiers, sailors, nurses or other workers in the cause of victory, who have offered their lives as the supreme sacrifice in the winning of the war; and said building shall be the repository of books, manuscripts and other records of the history of the war and its purposes and achievements, and of the part borne in said war by the state of South Carolina, and by hering the armistice, the sales began to increase last summer, showing that the efforts of the treasury to stem the tide of extravagance and develop habits of saving were beginning to bear fruit.

"The development of this savings movement during recent months has been very encouraging. Since the beginning of the present school year, more than 6,000 savings societies have been organized in the schools of the Fifth Federal Reserve District. In many school rooms and grades every child is a member of a Savings Society having agreed to save systematically and invest his savings in Thrift and War Savings Stamps. How much this movement means potentially is suggested by the fact that during the last two weeks in October children in the public schools in Baltimore alone saved \$23,600, investing the whole amount in these securities.

"Upwards of 1,000 woman's organizations throughout the district have been actively enlisted in studying budget-making, promoting thrift among their members and associates, shopping more carefully, and in these ways fighting campaigns in behalf of systematic saving and wise investment in government securities in more than 600 concerns in this district employing more than 385,000 people."

NEW YEAR RESOLUTIONS.

Resolved:
End lots of useless spending.
Shut out the Profiteers.
Oust this unrest forever.
Look to the future years.
Unite our mightiest efforts
Through Thrift to bring content,
I treat our money wisely,
On Saving—all be bent.
Now is the time to start if our Success would crown intent.

GET AHEAD.

If you want to get ahead—get a head! The person who is saving and investing his savings this day and time in War Savings Stamps and Thrift Stamps is showing that he has a head and knows how to use it.

Fifteen-dollar shirts won't keep you warm this winter but they will cripple your bank account. Better get a common-sense shirt and put the difference in War Savings Stamps where it will earn four per cent, compounded. It's not what you make but what you save that counts. Are you getting ahead or slipping behind? War Savings Stamps are pretty good non-said chains.

LITTLE JACK HORNER.

Little Jack Horner Sat in a corner, Counting his Thrift Stamps green; He gave a broad grin As he pasted them in, And said, "What a sight to be seen."

V. B. CHESHIRE AND COTTON BUYER SMITH HAVE AN ALTERCATION

Anderson Tribune. V. B. Cheshire and T. A. Smith, a cotton buyer of the city, engaged in an altercation late yesterday afternoon in front of the chamber of commerce on North Main street. For a time there was a considerable excitement in that part of town but fortunately there were no very serious results from the affray.

The two citizens met at the place mentioned and after a few words Mr. Cheshire drew a revolver. Mr. Smith grappled with him, getting hold of the hand holding the gun and during the tussel it was discharged one time, the ball striking the sidewalk and glancing off struck a young man about 23 years old named Vance Crawford in the calf of the leg, inflicting a painful though not dangerous wound. The ball also passed through the pants leg of Isadore Geisburg.

The cause of the difficulty could not be ascertained last night or as to what passed between the two men prior to the altercation, but it is understood to have been the outcome of an article printed in the Tribune several weeks ago telling of the arrest of Mr. Smith and others on a charge of gambling, he, Smith, having become very much enraged at the time of the publication, making numerous threats at the time of what he was going to do; following this up from time to time with other threats of vengeance.

Inquiries at the home of the young man at 11 o'clock last night elicited that fact that he had been wounded in both legs, the ball having split when it struck the sidewalk or some other obstruction, each piece plowing its way into the legs. One piece of the bullet was removed from the leg and a part of the other. The physicians will make a more careful examination of the wound this morning in the hope they will be able to discover the rest of the bullet and accomplish its removal. When the call was made on the young man

last night he was sitting up, and while he claimed to be suffering considerable pain he was not at all apprehensive of any serious results and expects to be out in a very few days.

The affair of course is to be regretted at the same time it is pleasant to note that the results were no more serious.

THEY FIND ILLITERACY A REFRESHING THING

Illiteracy threatens to become a bad.

On an island a quarter of a mile off Charleston, S. C., lives a negro who last week informed Lincoln G. Valentine of the Central American Petroleum Corporation of New York that, as he was not versed in the three "R's" he could not read the word "prohibition." Therefore, he don't know nothing about no dry law.

Valentine and three of his companions were on the way from Miami, Fla., to Atlantic City, when their conveyance, a hydroplane, went wrong. They waited to the water surface and floated upon an island inhabited by a negro, said Valentine yesterday on his return to New York.

The negro had a beard whose

length suggested many fears and a breath that intimidated the forbidden nectar.

He lavished upon his guests a composition that contained considerable kick. "So much, in fact," said Mr. Valentine yesterday, "that my friends have displayed an alarming tendency toward phasia and loss of power to read."

GETS HIMSELF IN BAD THROUGH COMPLAINT

Houston.—L. P. Marter came to police headquarters to tell of a man who chased him with an axe. He talked too much or not enough. Any way he let it slip he was an army deserter and because of some other remarks he dropped the cop's spade a garden near his home and found several gallons of the stuff that used to cheer.
