

ANTREVILLE

J. Leander Carwile, of the University of North Carolina, and George Gray, of Erskine, are at home for vacation.

Miss Ruth Crowther has returned home from Winthrop College, where she went to attend the short course.

Mrs. J. H. Ferguson and Miss Lavinia McCarter represented our missionary societies at Winnsboro last week. They brought back a splendid report.

Mrs. Summie Kinnigham, and daughter, Merle, of Jefferson, Ga., are spending some time with the former's parents, Mr. and Mrs. D. L. Haddon.

Mr. Paul Hayes, of Birmingham, Ala., visited at the home of Mr. and Mrs. E. L. Bell last week-end.

Miss Ellen Bagley, of Richland, is the guest of Mrs. Ernest McCarter. A delightful party was given in her honor last Saturday evening.

Miss Zula Suber is visiting Mr. and Mrs. Frank Suber in Piedmont.

Mr. and Mrs. Motte Keaton, and daughter, Pearl, of Canon, Ga., and Mr. and Mrs. J. E. Cheatham, and son, Archie of Abbeville, spent Sunday with Mr. and Mrs. R. A. Keaton.

Miss Margaret Cook, of Latimer, is the guest of her aunt, Mrs. S. J. Wakefield.

The Ladies Missionary Society entertained the Young People's society at a silver tea last Saturday afternoon. Games were played, after which delicious cream and cake was served.

Misses Hazel and Myrtle Crowther who have been away teaching, are at home for vacation.

Miss Esther Fleming, who has been teaching in Orangeburg, is at home for the summer.

Mr. Frank Anderson, of Clemson College, spent the week-end with his parents, Dr. and Mrs. J. A. Anderson.

Miss Lucia Vandiver entertained the following young ladies Sunday to dinner: Misses Edna Prince, Elizabeth Suber and Mary Bell.

Mr. and Mrs. Langdon Erwin and children, Langdon, Jr., and Ella Busby, are visiting relatives in Sharon and Wagener.

Miss Elizabeth McCarter has been selected to represent our Sunday school at the training course at Wofford College from 15-25.

Mr. Prue Bell, of Abbeville, spent the week-end with his parents, Mr. and Mrs. E. L. Bell.

Mr. Archie Keaton, Jr., and Archie Cheatham spent Monday in Canon, Ga.

COAL SHORTAGE COMING IN YEAR

Washington, June 19.—A coal shortage next winter which may curtail production of iron and steel and seriously affect other industries is foreseen by the federal reserve boards in its report received tonight of business, industrial and financial conditions for the month of May.

The situation, already is acute in some districts, according to the board. Production in many lines is being held down chiefly as a result of the shortage of cars, the reserve board reports.

Labor difficulties, while complicating the situation are considered by the board as only a minor cause of reduced coal production.

No reduction of coal prices is in

Value of College Education.
 There was never a time when expert knowledge was so highly prized and so highly compensated.
 High wages for untrained labor will tempt many a young man to discount the value of a college education. But such an education, representing the work of four years, viewed merely as an investment of time and of money, is equal in earning capacity to an estate of more than \$50,000.

What estate comparable with this can the parent of average means hope to give or leave to his son? What young man can acquire that much value in the same time at any other business?

Education fits one for a life whose possibilities are limited only by his capacity and character. Eventually for the untrained there awaits the slavery of ignorant and undirected effort.

Clemson College brings within the reach of every young man in South Carolina the benefits and possibilities of a technical education. At Clemson College a boy from the humblest home in South Carolina can prepare himself for a high place in the service of his state and nation.

sight, the board says.

Commenting on the far reaching effect of the car shortage and freight congestion the board states that reports of its agents indicate that the "transportation tie up is largely the result of the railroad strike which still continues over a large section of the country." The congestion is further accentuated, according to the board by local strikes of other groups of transport workers.

Sporadic strikes in industry, especially textiles and an acute shortage of farm labor is reported.

Considerable interruption to business resulted during May from labor and railroad difficulties, the board states, and the outlook has been such as to cause a severe curtailment in the column of stock and securities transactions.

DEAD MAN'S CLUB TO BE FORMED

Akron, Ohio, June 19.—A dead man's club, composed exclusively of ex-service men now living, but listed officially as killed in action overseas, is the latest kind of fraternal organization suggested by William Wirt, of this city.

Wirt is having a hard time trying to convince the government that he isn't dead and buried in France. His name is now being chiseled from the bronze tablet recently erected here in a memorial building.

Wirt estimates there are nearly 2,000 ex-service men now living whom the War Department records show as killed and buried overseas. He also declared that court records show about 900 men declared officially dead who are still alive. He suggests they organize a "Dead Man's Club" and adopt the slogan "We may dead, but we won't lie down."

THE ORIGIN OF "YOU ALL"

Would-be purists in language often criticize the South for the expression "you all," but the South has the highest authority on earth for its use. Paul, in his epistle to the Phillippians, wrote "you all," and no higher authority than the Bible need be looked for. Paul knew full well the strength and force of "you all."—Manufacturers Record.

GOVERNMENT WANTS TO REMOVE PARR SHOALS DAM

Columbia, S. C., June 17.—Proceedings in the United States court to force the removal from the Broad river of the Parr Shoals dam, above Columbia, were ordered by the Attorney General in Washing-

ton, according to the district attorney's office here today. The Parr Shoals company furnishes electric power to Columbia and many cities in the state. The dam is alleged to be an obstruction in a navigable stream. The outcome of the case it is said at the district attorney's office here, will affect other water power companies of the country.

RAISE FOODSTUFFS

Foodstuffs will be very high next winter, and unless the South raises its own food supply and some to spare for less favored sections, high prices for cotton will be offset by still higher prices for food.

Wherever possible, a market garden should be planted; poultry

should be raised in abundance for egg and meat supply, sweet and white potatoes should be grown to the utmost extent possible by having late summer and fall crops to supplant wheat bread, for wheat will be scarce and high and there is also danger that the same will apply to corn.

The public really ought to know about this...!

Why do you suppose some men look so nice in their Summer Suits while others look like they'd slept in them? Listen! Every little side street loft in New York and elsewhere takes a whack at making and marketing hot weather Suits for Men.
