The Great Teacher

When a thing happens once, we logically infer that under the same conditions, it will be the same the second time it happens. Were it not for this, little would be learned and very little progress would be made. **We all learn by experience.** When a stranger comes into this bank and receives prompt, courteous service, he naturally concludes that should he establish his account here, the same high class service would continue that was first accorded him. **He is never disappointed.**

NATIONAL BANK OF ABBEVILLE.
 "Abbeville's Strongest Bank"

One Of The Best Acquaintances You Can Make Is An Acquaintance With THE PLANTERS BANK

An acquaintance at our bank may be had for the asking. We are anxious to become acquainted with every one in Abbeville, and Abbeville County in a business way, for we know that we can be of assistance in more ways than one. The Planters Bank is a friendly financial institution—it endeavors to do more than afford a safe place to deposit money. There are many little courtesies which we can offer to the customers of the Planters bank and our customers always find us ready to render them.

Some time you may need a reference—what better recommendation could you ask than one from a bank.

YOUR BANK ACCOUNT will show whether you are a person worthy of a good word—if you have not started—it's not too late now.

You do not need to be engaged in business to profit by a bank connection. Possibly some time, however, you may have an opportunity to go into business. Remember CREDIT is necessary in most every business, and you can't have CREDIT for the asking. You must start and build up your credit. **Don't hesitate because your account may be a small one—we have hundreds of customers who started in a small way.**
