

FOOT BALL TEAM CITY HIGH SCHOOL 1919-1920.

This is a picture of the football team of the City High School team of last session which played the gam-est ball for their weight in the State. The average weight was under 100 pounds. But what they lacked in weight they made up in grit and speed. A meeting of the candidates for this year's team is called for Monday afternoon, August 23 at the

Graded school building when Coach Neill Swetenburg will outline the plans for the coming season and it will be attempted to put the team on a strong financial basis. New uniforms are absolutely necessary before any ladies can come to a game. Then this team is out for the State High School Championship this fall which will be the biggest advertise-

ment possible for the city of Abbeville. At least \$500 is needed to finance the team successfully. The superintendent of the city schools is on the lookout for some big husky athletes from the country school districts who are prepared to enter the High school this fall and who will be also good material for the team.

DOCK WILLIAMS STILL AT LARGE

Dock Williams, who shot and seriously wounded Henry Jackson Thursday night near the S. A. L. shops is still at large and although the chiefs of police in various cities have been notified of Williams' escape no information as to his whereabouts have so far been received by Chief Johnson. Jackson is still in a critical condition at the county hospital. Mary Green, the woman in the case, was arrested Saturday for vagrancy and was fined \$10 in mayor's court this morning.

BIBLE DRAMATIZATION.

At Due West Baptist Church next Thursday Aug. 12th, at 8:30 p. m. by the Sunday School, all are cordially invited. If you will read the book of Esther, and teach the children the life of Moses, you will enjoy the play better. The following program will be carried out:

THE SOLID SIDE OF SUCCESS

While so many of us are prosperous as never before and earning, perhaps, more than we ever expected, let us be reminded of the solid side of success.

This is saving. Earning is largely the product of conditions of employment, skill, energy and good health. But saving builds a structure that conditions cannot shake. Solid success, verily. Yes, and we folks who are earning a lot of money these days should be piling up building stones upon this foundation!
