"Felt Like Eating"

Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.

"MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck.

"We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking, and I sure felt like eating.

"Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is 'some work' on a farm. My boils began to dry up, though just at first they seemed worse.

"We are much better and can highly recommend Ziron, and gladly do so for it sure did us good."

Ziron is a safe, reliable, tonic medicine, good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs.

A. E. F. "BAD MAN" REACHES NEW YORK

Under Ninety-nine Year Sentence For Murder—Has Dime Novel Record

New York, Aug. 18.—Private John Mosher "bad man" of the A. E. F., under a ninety-nine year sentence for killing an American arrived here today on a transport, from whence he will be sent to Leavenworth to serve his sentence.

Compilation of Mosher's record, which reads like that of a dime novel villain, began before the war when he emerged from a Western penitentiary and enlisted in Denver, concealing his criminal past.

Equipped with a knowledge of German from his Austrian parentage, and a smooth working knowledge of jail breaking and handcuff-slipping, Private Mosher was sent to Europe. After the armistice his unit went to Coblenz with the army of occupation, but the lure of further travel called Mosher and he continued on into the interior of Austria, absent without leave.

An American sergeant, Harry Carr, was sent after him. The two men met and Carr was shot to death. Then the civil authorities of an Austrian village arrested him for assaulting a forester. He was brought to Coblenz, court-martialed and sentenced to ninety-nine years for killing Sergeant Carr.

Used Wooden Pistol

With Private J. W. Bailey, a cellmate, he escaped, made a weapon that looked like a pistol and for one time the two lived by robbing travelers who happen to pass near a quarry where the two concealed themselves.

Again he was arrested, and this time placed aboard the Pocahontas to be returned to America. On the trip across the ocean he demonstrated his mastery of devices of restraint by wriggling free from a forty-two pound iron ball attached to his ankle and slipping off a pair of ingenious German handcuffs.

Before the vessel made port Mosher was separated from other prisoners and securely manacled.
