ORDER KNIGHTS OF PYTHIAS IN THE CITY OF ABBEVILLE

The Order Knights of Pythias in Abbeville has stood many years for the highest ideals in American citizenship, patriotic devotion to the country and loyalty to the civic welfare of the community. Since Abbeville Lodge, Knights of Pythias was instituted in this city, its Castle Hall has been the meeting place of men inspired to perform a service for their fellowmen and to aid in all that would tend toward the development of a well regulated community. To be a Pythian in this town means that you are alive to the social welfare of the community, that you are loyal to the fraternal conception of life and that you have enlisted in the cause of the development of brotherhood and fraternal fellowship of men. Perhaps no other fraternal society has performed a greater service to the community than has the Knights of Pythias during the last few years. The Order was founded on Feb. 19th, 1864, and the membership looks with pride on its progress. More than three million men have pledged friendship at the Pythian altar and sworn allegiance to the country in which they live. The Order now has 750,000 members and over 7,500 lodges in the United States and Canada. The Order seeks the association of men who are 100 per cent patriots. It offers a fellowship in fraternity that meets the needs of men in this stress and strain of times. The lodges are making history in their communities by doing a service that aids in building up the morale and providing an avenue for men and women to perform their civic duties.

In devotion to country the Pythian Order has a clear and well earned record. More than 60,000 of her membership saw service in the World War and thousands gave their lives in support of the principles upon which the Order itself is founded.

The war record of the members of this Order is second to none. Besides sending a large number of members into the service, those who remained at home, aided by their wives, mothers and sisters, contributed much to building up the morale of the community and in supplying the needs of the Government at a time when the service of every citizen was demanded. Upon the record the Lodge has made in this community, its members solicit the consideration of all men who love their country and who are interested in promulgating fraternal ideals.

FIGHTING GOES ON IN MINING REGION

Power Plant Wrecked With Charge Of Dynamite

Huntington, W. Va., Aug. 24.—After an unsuccessful effort had been made to decoy the state police from Borderland by a telephone message describing disorder at Rawl two miles distant, according to officials of that organization, the power house of the Borderland Coal corporation mine No. 2 was blown up by dynamite. There was no loss of life.

The Borderland company mines have been operated continuously since the beginning of the present strike of coal miners in this region. It is said the dynamiting was accomplished by means of a case of the explosive being placed against one of the outer walls of the building and set off with an electric spark. Vigilance of the state police, it is believed, prevented more thorough preparation and consequent larger destruction. The switchboard was destroyed and the boiler room put temporarily out of commission. Damage is estimated at \$5,000.

No fatalities resulted from the pitched battle between miners and mine guards at Mohawk, McDowell county, Saturday, according to reports reaching here. That the miners had anticipated a battle of longer duration was indicated today by the discovery of a camp in the forest Mohawk which had been provided with food.

Solicitor Blackwell's Record

Record Shows a High Percentage of Convictions and Faithful Performance of Duty—Ask For A Customary Second Term.

TO THE VOTERS OF THE EIGHTH JUDICIAL CIRCUIT:

As to whether my record as your Solicitor for the past three years is such as would merit your approval, I submit for your consideration the following which is taken from the summary of the Attorney General's reports to the General Assembly for the past six years.

R. A. Cooper, Solicitor—

	Not Guilty	Guilty	Total
1914 (page 186) -----	51	129	180
1915 (page 272) -----	59	227	1800
1916 (page 280) -----	36	124	160
Totals -----	146	480	626—77 per cent

H. S. Blackwell, Solicitor—

	Not Guilty	Guilty	Total
1917 (page 338) -----	40	164	204
1918 (page 145) -----	18	92	110
1919 (page 165) -----	24	161	185
Totals -----	82	417	499—83 per cent

It will be seen that my predecessor's percentage of convictions in cases disposed of during his last three years of service is 77 per cent. and that my percentage of convictions in cases disposed of during the last three years is 83 per cent.

It will also be seen that my percentage of convictions in cases disposed of during the year 1919 is 87 per cent. which gives me third rank among the Solicitors of this State for that year.

I respectfully submit that the above record furnishes ample proof that I have been diligent and faithful in the performance of the duties of this office.

It has been the custom in this State to give to a Solicitor whose record merits it, a second term. I promise if re-elected, to continue to give you faithful service, and further to give you the full benefit of the knowledge and experience gained by me as your Solicitor for the past three years.

H. S. BLACKWELL.

The MOLINE Tractor is Universal

One Man—10 Hours—40 Acres

One man with one tractor does all field work from plowing to harvest

The extreme time in which grain can be harvested when ready to cut is about ten days. is far less than any investment that you can make.

Storms seem to have a particular habit of threatening at harvest, demanding rush work, long hours, and a gamble with the weather.

A loss sustained in binding your crop will in many instances pay for the entire outfit.

The surest form of crop insurance at this critical period is a tractor and tractor drawn grain binder.

Here is what one man and a Moline-Universal Tractor can do in a ten-hour day:—

With the Moline-Universal Tractor and Hyatt Roller Bearing 10-foot Binder, you can guarantee the cutting of your crop.

- Plow 7 to 9 acres
- Disc 27 acres with a 7' Tandem Disc Harrow
- Disc 38 acres with a 10' Disc Harrow
- Harrow 76 acres with a 20' Peg Tooth Harrow
- Cultivate from 13 to 20 acres with a two-row Cultivator
- Drill 35 acres with a 10' Grain Drill
- Harvest 40 acres with a 10' Grain Binder
- Harvest 10 acres with a Corn Binder
- Mow 25 acres with a 8' Mower
- Rake 40 acres with a 12' Rake

One Man—cutting 40 acres in ten hours is its capacity—as much as can be accomplished by two horse drawn 8-foot binders.

Immediate deliveries guaranteed and satisfactory service assured you.

The Hyatt Roller Bearing Binder requires oiling but once a year.

A demonstration on your own ground cheerfully arranged.

Considering the return, the expense of a tractor and tractor binder

If desired you can use the "drag behind" or horse drawn implements you now have with the Moline Universal Tractor the same as with other types of tractors.

KING GEORGE HAS HIS FORTUNE TOLD WILL DIE IN U. S.

London, Aug. 24.—"You will live to be 87. You will die in California. Within another twenty years you will have given up your throne to the Prince of Wales. You will become the father-in-law of a chorus girl. I do not know which of your sons will marry her."

Such is the fortune of King George of England as revealed by a deck of cards. His majesty was told his fortune by the wife of one of the sailors on the Royal yacht Victoria. She is said to have told the fortune of every monarch and ex-monarch in Europe. The king sat for his fortune as a matter of diversion on a cruise.

"If I don't die in England I would like to die at sea," was his only comment.
