Why Suffer?

Cardui "Did Wonders for Me," Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back — especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset.

TAKE

CARDUI

The Woman's Tonic

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made. Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.

government is in entire accord with the United States in the contention that Russian territory should be respected, the note declares that Poland is forced to consider the serious consequences likely to ensue from the abandonment of the present offensive against the Bolsheviks upon a fixed line without satisfactory guarantee.

Officials of the state department have described the position of the United States towards the Polish advance as "midway between that of France and Great Britain." The position of Great Britain is understood to be that the Polish armies should immediately halt upon the frontier line now reached, while France has contended that the armies should advance until a strategic point beyond the line was attained. It is believed that the United States now takes the position that the Polish armies may continue to press their attacks upon the Bolsheviks even if the frontier line should be crossed so long as assurances are forthcoming that Poland's intentions toward Russia are not imperialistic and that her armies would be withdrawn later to the line when all danger from a Bolshevik offensive has passed.

POLAND REPLIES TO THE AMERICAN NOTE

Washington, Sept. 2.—Poland has answered the admonition of the United States that the Polish armies halt at the ethnographic frontier of Poland, with the statement that strategic considerations must govern Poland's course.

Formal reply from Warsaw to the recent American note was handed to the state department yesterday by the Polish minister. While official comment was lacking, it was learned today that the Warsaw government although expressing agreement with the American contention that Russian territory should be respected, pointed out that it was forced to consider serious consequences which might result should the Polish counter offensive against the Soviet armies stop at a fixed line without satisfactory guarantees from Soviet authorities.

The Polish note, it is understood, calls attention to the fact that Poland's front had been violated by the Bolsheviks in the drive toward Warsaw, although the British government had called upon Soviet forces to halt at the ethnographic boundaries of Poland. Gratification at the position taken by the United States in the note to Italy on the Russian Polish situation is expressed by the Polish government in the communication presented by Prince Lubomirski, the Polish minister, the second part of which is devoted to discussion of the suggestions made to Poland announce her intention to halt the counter offensive on the line fixed by the supreme council as the ethnographic boundary of that country.

SOLICITOR QUILTS, FOLLOWING DEFEAT

Smith in Anderson Resigns When Opponent Wins Overwhelmingly

Anderson, Sept. 2.—K. P. Smith, who was beaten in the race for solicitor of the Tenth judicial circuit yesterday announced today that he had resigned his office as solicitor and that he had requested Governor Cooper to make the resignation effective at once. Smith has been solicitor of the Tenth circuit, Anderson and Oconee counties, for the past six years.

The race for solicitor in which Smith, Rice and Harris were running was a land slide for Harris in both counties in the circuit. Unofficial returns show him to have a vote of 100 in excess of the combined vote of his opponents. In his statement to the press in Anderson today Smith said the people expressed their choice for Harris for solicitor and that his resignation was not from a feeling of bitterness, but that he wanted to be relieved of the responsibilities as soon as possible and desired that Harris have the office at once.

The Ashley murder case is one of great interest, Ashley being charged with having killed Policeman Hughes at Honea Path following one of the campaign meetings one week ago.

ON TRIAL FOR BEATING A THREE-YEAR-OLD CHILD TO DEATH

Defiance, Ohio, Sept. 4.—Accused of having beaten Arthur Gerald Bullock, three year old son of his housekeeper, Ida May Bullock, to death with a leather harness tug last July 8, Joshua Botkins, a Noble township farmer, went on trial here today. The jury was empanelled yesterday and taken to the scene of the alleged crime.

Botkins is charged with first degree murder. He is alleged to have held the child by the ankles while administering the beating which resulted in the child's death before the arrival of physicians.

It required several days to fill the jury more than one hundred men being excused on challenges by the defense.

CHARGES OHIO LAW LAX ON AUTO CROOKS

Columbus, O., Sept. 4.—Ohio laws are lax with crooks who beat insurance companies, it was revealed by the release of three men, who admitted in court they had "framed" the theft of a car. The insurance was to be collected by the owner, while the "stolen car" was to be sold by the others and the proceeds of the insurance and the car sale split. The men were freed with a reprimand. Insurance companies will ask the next Legislature to pass adequate laws protecting them from such practices.

WAREHOUSE SITE GIVEN BY FARMERS

Anderson, Sept. 4.—The first neighborhood of Anderson County to take steps to organizing their own warehouse is the Fant Grove community. The farmers met Wednesday afternoon and the spirit of the meeting was one for progress and a banding together for protection so as to make a flight for the better prices. W. W. Long, director of extension work of Clemson college made a talk urging the need of warehouse and holding cotton. H. M. Byars county demonstration agent, also

made a strong talk on the subject. It remained for a fellow farmer to put zest into the meeting. This farmer was Joseph J. Fretwell. He was not scheduled for as peech, but he made a most effective one when he told the men of that section that if they would get the money to build a warehouse he would give the land to build it on. This put enthusiasm into the meeting, an din a few minutes enough was subscribed to build a 600 bale warehouse.

The farmers of this section are able to hold their cotton, and they are going to have a place to store it. Work will be begun next Monday on the warehouse.

AN ENTIRE FREIGHT TRAIN IS STOLEN

Chicago, Sept. 4.—The freight train seized here last night by a band of men believed to be members of the striking "outlaw" switchmen, was found early today near Bensonville, Ill., with the throttle wide open and the twenty one freight cars apparently untouched. Several battles between freight crews and hands of the striking switchmen, who never regained their jobs, preceded the theft of a train which occurred shortly before midnight last night in the Chicago, Milwaukee and St. Paul yards and Cicero a suburb.

Thomas White the engineer was driven from his post at the point of a gun and when Bert Zimphone the fireman, resisted, he was badly beaten. White immediately gave the alarm and after several hours

search the train was found. Railroad officials believe the throttle had been wide pulled wide open and the train then abandoned by the band who stole it. It had apparently run down for lack of steam.

White said the manner in which the thieves handled the engine convinced him they were experienced railroad men. Five suspects were taken into custody early today by the police.

MAY PUT TO DEATH 1,500 SOLDIERS WHO MUTINIED

Peking, Sept. 4.—Death of all of the 1,500 troops who participated in the recent mutiny at Tingchow is favored by General Chang-Tso-Ling inspector general. He told the Association Press correspondent he was restrained from carrying this punishment into effect only by a disagreement with the President who he said favored shooting only the ringleaders.
