

ANTREVILLE

On September 6th, at 9 o'clock the doors of the Antreville school building were thrown open, and the cheerful faces of many happy boys and girls adorned them, with an eager desire to begin work again. The thoughts of vacation now live in memory, for school days have taken their place.

Miss Phillips of Winnsboro, is the teacher selected for the 7th and 8th grades.

Mr. J. E. Arnold conducted the devotional exercises and made a short talk. Miss Cathcart, the principal, also made a short talk. Both were greatly enjoyed.

One hundred pupils were enrolled. We are pleased with our corps of teachers and we look forward to a successful year.

especially favorable. Except on low bottoms.

There was quite a moving of the children on the streets Monday morning. It was caused by the fact that the Public Schools opened that morning. Miss Wideman and teachers were all at their post. We trust that they may have a great year of success.

Mr. Furman McGee, with a mower, nicely trimmed the grass around the A. R. P. church grounds, on the campus of the Woman's College and that of Erskine. With the high seasons that we have had the grass is especially beautiful.

The teachers of the Due West Graded School feel much encouraged over the good will and ready co-operation shown by the patrons at the opening exercises, Monday, September 6th.

Rev. James P. Pressly conducted the worship. Professors Edgar Long E. L. Reid and C. B. Williams made enthusiastic and practical talks.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from of bottom feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly!
