"IDOLS OF CLAY" NEW FITZMAURICE FILM

Picturesque Backgrounds For Thrilling Picture-Story By Ouida Bergere

The langorous South Sea Islands mingle with London's Limehouse slums in George Fitzmaurice's latest production, "Idols of Clay," which will have its first local showing at the Opera House Thursday. Mae Murray and David Powell are the featured players. The story was written by Ouida Bergere:

The central characters are Faith Merrill, a pretty, innocent creature living with her father, Jim Merrill, a derelict, and his dissolute partner, Blinky, on an obscure South Sea Island. Merrill and Blinky sell illicit rum to the natives in return for smuggled pearls. To the island comes Dion Holme, a young sculptor who is drifting around the world in the effort to forget an unfortunate affair with a Lady Cray, in London. Faith picks him up half-conscious on the beach, and under her care not only his health, but his considerable talent for working in clay returns. Later, Jim Merrill is killed in a drunken brawl and Dion, completely restored, returns to London to take up his career again.

The exciting adventures that befall Faith when she attempts to follow him form the remainder of the action.

BONUS BILLS WAIT FOR NEXT SESSION

Legislation Not to Be Attempted Now Declares Penrose in Senate Statement.

Washington, Feb. 22.—Soldier bonus legislation will be delayed by the senate until the extra session of congress, Chairman Penrose of the senate finance committee said today in connection with a statement by Senator McCumber, Republican, North Dakota, that he was preparing "for the senate and the American people" a detailed statement of costs of the relief measure.

Mr. McCumber explained that he was delving deeply into every phase of the proposed bonus so far as costs were concerned and expected to have from army and navy sources sufficient data to make an accurate estimate of the costs. He added it was his intention to produce this information before adjournment.

Mr Penrose interrupted to say that every one "understood that the actual legislation to pay the bonus would not be attempted until the next session." It should be handled properly if at all he said and he feared the jam of the last few days might destroy deserving features.

SAYS A. R. P. SEMINARY MAY BE REMOVED

Columbia State Gives Account of Agitation to Take School of Theology from Due West.

The Columbia State contains the following account of an agitation to move the Associate Reformed Presbyterian theological seminary away from Due West. The proposal to move the seminary from Due West was discussed several years ago.

"Members of the Associate Reformed Presbyterian church in Columbia are taking considerable interest in the proposed removal of the A. R. P. Theological seminary, now located at Due West, to some other location. At the last meeting of the synod of this denomination a committee was appointed to take under consideration the removal of the seminary and to receive bids. Cities which are in mind as probable places to which the seminary would go in case it were removed from Due West are Columbia, Memphis, Atlanta, Greenville and Charlotte.

The congregation of the Columbia A. R. P. church has voted on whether or not it desired to have the seminary removed from Due West. The vote of the congregation stood 39 against removal and five in favor of removal. Men in favor of removal of the institution to a city hold that a city provides mission territory at hand to occupy theological students. They also argue that the students would have better opportunity to hear leaders in religious thought who do not go to Due West. Some arguments against removal are that the retirement of Due West from the engaging activities of city life make it an ideal place for training the mind and heart for the gospel ministry. Other arguments against its removal are also advanced. The removal, in case it is favored by the congregations of the A. R. P. church, would in no wise affect Erskine college, which also is located at Due West."
