

LOWNESVILLE

Easter services will be held at the Methodist church on next Sabbath at the usual hour. A program consisting of songs and recitations by the children, will be rendered. A trained choir will furnish music. A splendid sermon, as usual, will be delivered by the pastor, Rev. Ballenger. No services will be held in the other churches as Revs. Clotfelter and White will be absent, filling their appointments at Willington and First Creek. The public is cordially invited to be present on this occasion.

Mr. J. T. Pearson, of Anderson, was in town for several days this week buying cotton. Messrs M. P. McCalla, T. J. Bowman, McAllister Bros. and Bonds Bros. sold their lot of cotton upon a 11 cent basis. Judging from the amount of fertilizer that is being hauled, it seems that another large crop of cotton will be planted this year.

Mr. J. Gambrell Huckabee has improved to the extent of being able to be on the streets again, but is not sufficiently recovered to resume his business.

Mrs. J. C Nickles of Greenwood, is spending the Easter season with her daughter, Mrs M. P. McCalla.

Mrs E J Huckabee has been called to Orangeburg to the bedside of her step-mother, Mrs Barber, who is desperately ill with pneumonia.

Mr. and Mrs. D K Cooley went to Greenwood a few days since to visit her sister, Miss Ella Floyd

Mr. and Mrs W T Cunningham are in Anderson this week visiting relatives

Mr. and Mrs H M Schumpert and family spent the week-end in Newberry at his old home

Mrs Ella Mattison and Mrs. Gray, of Anderson, were pleasant visitors to Mr. and Mrs. A. V. Barnes for several days

Mrs. Ann Broadwell is spending some time with her son, Rev. E. R Broadwell at Central.

Dr. Kirkpatrick has returned from a short trip to Asheville.

Mrs. J. Moseley Huckabee has gone to Atlanta, where she will enter a hospital for treatment.

Messrs E. W. Harper and I. B. Bell were business visitors to Augusta this week

Miss Lucile Kirkpatrick of the Dae West Woman's College, is spending the Easter holidays with her parents, Dr. and Mrs. Kirkpatrick.

Misses Louise Bell and Mattie Lee Harper spent the week-end with Mrs. Eugene Clinkscales at her pretty country home, Riverside.

Rev. and Mrs. H. G. White and Mr and Mrs J B Huckabee were called to Anderson on business this week.

Mr J. W. Broadwell of Walhalla, has been on a visit to his father, Mr Wm. Broadwell, who has not been well for some time.

Mr. E. A. Williams of Abbeville, was a business visitor on our streets this week

Rev. H. C. Fennel was called to Varennes on Wednesday to funeralize the remains of Mr. Jas. L. Jackson of Starr. Mr Jackson was a native of Anderson county but he had

SPRAY YOUR ORCHARD AGAINST WORMS OR INSECTS

Spraying to combat diseases and insects is one operation of the orchard that cannot be neglected if we desire to have good fruit. The first spray given the orchard was given in the winter, and was applied for the purpose of combatting the San Jose Scale. It is now nearly time to spray to combat the worm so often found in apples and peaches.

Below I am giving briefly directions for this second spray, which is largely for the purpose of controlling the worms in peaches, plums and apples.

Purpose of Spray—This spray is to control worms in peaches, plums and apples.

Kind and Preparation of Spray—Arsenate of lead, lime and water are the ingredients used for this spraying. You can purchase the lime from your dealers in lumber and the arsenate of lead from your druggist. These should be used as follows, 1 pound of powdered (or two pounds of the paste) arsenate of lead, 2 pounds of quick lime (or 4 pounds of slacked lime,) and 50 gallons of water. Make a thin paste of the arsenate of lead, and slack the lime with warm water, when cool pour together and dilute to 50 gallons of water. Care should be taken to have the spray entirely free of any trash, as it is very easily to stop up the nozzle of the spray pump. Any quantity can be used if you mix in the above proportion.

Time of Applying Spray—For peaches this spray should be applied about 1 days after the tree is in full bloom. Stated in other words apply this spray when about three-fourths of the shucks (dried parts of bloom) have slipped. As soon as the bloom parts have fallen you will note that the little peaches are about the size of a lead pencil, and around the little peaches you will find a dried shuck which is slipping, this is the time to spray. For plums, spray as soon as the petals have fallen. For the apple, this spray is applied just as soon as the petals have fallen and before the bloom cup is closed. Spray the pear just as you would the apple. It is very necessary that spraying is done as given above, because it is at this time that the eggs are hatched out into little worms and you can readily see that by delaying the spray beyond directions the worms will have time to get into the fruit, then it is too late as you can't reach them.

had many friends in this county who will regret to know of his death

Presiding Elder Holler of Anderson, will hold quarterly conference in the Methodist church at this place on next Sunday evening at 7:30 o'clock.

Mr. and Mrs. Wade Watson, of Anderson, have been recent guests of Mr. and Mrs. A V Barnes

Friends of Mrs. T. Baker and her son, Hon Jas M Baker and wife of Washington are extending them a most cordial welcome on their return to their former home, for a few weeks of rest and quiet

PRESIDENT VISITS WOUNDED SOLDIERS

Government to Be Mindful of Sacrifices—Errand of Mercy Combined with Study of Problems of Service Men

Washington, March 22.—President Harding combined an errand of mercy with first hand study of one of his administrative problems today by spending more than two hours among the wounded soldiers at Walter Reed hospital.

Accompanied by Mrs. Harding and Dr. C. E. Sawyer, his personal physician whom he has charged with an investigation of the general problem of public health and social welfare, the president looked through the wards and entertainment rooms of the hospital, greeting scores of the patients and asking them what could be done to make them more comfortable.

In a short talk from the front steps of the administration building, he told an assemblage of patients and nurses that he wanted to see a government policy that should fully recognize what the soldiers of the great war gave to their country, and later at the Red Cross hut he made a speech praising the services of women in the winning of the war.

The question of proper hospital facilities and medical attention for wounded soldiers is one which has been much in Mr. Harding's mind since his election and during today's visit he asked about many details of hospital administration. Among other things he studied the vocational training system for the wounded and Mrs. Harding brought away as a

ADVERTISES FOR 100 "LOST" METHODISTS

Evanston, Ill., March 22.—"Lost, 100 Methodists."

This advertisement recently started Evanston newspaper readers. It was inserted by the Rev. Ernest Fremont Little, pastor of the First Methodist church here, who believes in "fighting the devil with printer's ink." His church has a membership of 2,000, an increase of nearly 100 per cent since he assumed the pastorate. His text of the "lost advertisement" reads as follows:

"Lost—Somewhere between Church street and Hinnan avenue, Evanston, and the old church back home, 100 church letters. Some are in attics others in desks, still others in the possession of former pastors. Suitable reward and much satisfaction assured to all who find and turn them in to the pastor of this church."

EGGS DROP AGAIN

St. Louis, March 22.—The wholesale price of best eggs was 19 1-2 cents a dozen here today, a drop of 9 1-2 cents in the last week. Today's price was the lowest here since June, 1916. Heavy receipts and favorable weather were given as contributory causes for the price decline.

souvenir of the vocational plant a hammered silver jewel case made and presented to her by Private Joseph Yurkunski.

To all of the wounded men with whom they talked the president and Mrs. Harding extended the hospitality of the White House, suggesting that those from Ohio arrange to come in a body soon to call on them.

Thirty thousand motor cars and trucks are serving the various departments of the 48 states. The first labor college in the United States opened in 1920 at Springfield, Mass.
