The wire on Saturday brought the word that Dr. R. L. Robinson was desperately ill at Lancaster. Mrs. Robinson left immediately for Lancaster that evening. Dr. Robinson was still unconscious but had passed the crisis when Mrs. Robinson arrived.

On Saturday morning Dr. Robinson, who had gone over to assist Rev. W. S. Patterson with a meeting, was in the pulpit at Shiloh, preaching when he was stricken down. He was carried out into an automobile on the grounds and after reviving some what was taken to his sister's home. Feeling better he walked out on the porch and while there had a second attack and was unconscious for several hours. On Monday morning he was able to go to Charlotte with Mrs. Robinson and to the hospital for an examination. Mrs. Robinson, Prof. Reid, Mr. J. C. Hemphill, and Mr. Psalters, the two latter architects, went on to Greensboro to examine a dormitory at that place, as per an appointment at the Building Committee of the Board of the Woman's College. Dr. Robinson, at this writing, Tuesday morning is at the hospital. The earnest hope of his many friends is that he may have a speedy recovery.

The exact nature of Dr. Robinson's sickness has not been determined. It was thought at first that it was an attack of acute indigestion. The next of Ptomaine poisoning. But the symptoms later did not seem to bear out either of these diseases and so the cause is not yet decided upon.
