

EDUCATORS TALK OF MOVING PICTURES

Des Moines, July 9.—Motion pictures, stereopticon views, stereographs, newspaper cartoons and their kindred in the field of illustration were discussed today by the National Education association. Seated in a local motion picture theater, delegates listened to speakers who praised and scored the films.

J. W. Wilkinson, superintendent of city schools at Logansport, Ind., insisted that "dry as dust geography reading, grammar and arithmetic would attract children like a circus if lessons were presented in still life or in motion pictures."

Dean W. F. Russell of the college of education, University of Iowa, condemned "putrid moving picture films as akin to the saloon, the gambling den and the vulgar neighborhood gang," and urged the use of moving pictures "to teach the truths of industry and science, the current news, the growth of plants and the achievements of the race."

Dr. W. A. Howe, state medical inspector of New York, in addressing the department of child hygiene declared, "the morals of high school children today are just as good as the morals of any community." He took exception to the address of Charles E. Barker of Chicago, who charged gross immorality among the high school boys and girls.

COURT OF APPEALS SUSTAINS OPINION

Asheville, July 9.—The United States circuit court of appeals today affirmed the decision of the district court at Columbia in the cases of T. Alex Heise, administrator of Marion Hawkins, deceased and William Edgar Lowery, deceased, against the Atlantic Coast Line railroad. The appeal to the circuit court came after the district court had ruled that the Atlantic Coast Line railroad was not responsible for the accident at Camp Jackson on May 10, 1918 when a car loaded with soldiers derailed and went over into a ravine. It was brought out in the case that the line was constructed by the railroad in June, 1917, and shortly after the camp authorities assumed exclusive control over the branch line and a number of changes were made by them without the railroad having

EARNINGS SHOW INCREASE

Reports to Interstate Commerce Commission Show Higher Dividends in May Than in April

Washington, July 9.—Railroads of the country earned \$37,246,000 in May, or \$7,997,000 more than in April, according to reports filed with the Interstate Commerce Commission by the carriers and made public today by the Association of Railway Executives.

Earnings for May were greater than for any month since last November, when they were \$54,343,798. In the Eastern district twenty-eight roads reported deficits in May in the Southern nineteen, and in the Western thirty-three, a total of eighty-eight against ninety-one in April. Operating expenses in May amounted to 85.4 per cent. of the revenues, against 86.69 per cent in April.

Total operating revenues in May were \$44,566,000, or 2.8 per cent less than in May, 1920, while operating expenses totalled \$37,915,000, a reduction of 13.2 per cent as compared with the same month last year.

Carriers in the Southern district earned \$5,546,00, or 3.33 per cent on tentative valuations. Operating revenues in that district were \$72,381,000 and operating expenses \$62,970,000.

HARVLEY SURE TO WIN

Greenville, July 7.—H. C. Harvley, for two terms mayor of Greenville, was assured of election for a third term without opposition today when the time expired for filing of pledges for the city primary to be held July 19.

Mr. Harvley was the only candidate to file for the office of mayor. Usually small interest is being shown in the city election. Several of the aldermen are unopposed and the registration for the primary is extremely light.

anything to do with the changes. No error was found in the district court decision. The opinion was by Judge Martin A. Knapp of Washington.

IRISH AND BRITISH FIX TRUCE TERMS

AGREEMENTS REACHED THAT ARE TO BE IN FORCE WHILE NEGOTIATIONS ARE UNDER WAY LOOKING TO PERMANENT PEACE.

Dublin, July 10.—Truce terms were agreed to at 3 o'clock this afternoon at British military headquarters. Gen Sir Nevil MacReady, military commander in Ireland; Colonel Brian and A. W. Cope, under secretary in the office of the chief secretary for Ireland, acted for the British army, and Commandants Robert C. Barton, and E. J. Dugan, represented the Irish republican army.

According to the Irish Bulletin organ of the Dail Eireann, it was agreed on behalf of the British army:

First, that there be no incoming troops of the Royal Irish constabulary and auxiliaries and no shipments of munitions into Ireland and no movements for military purposes except in the maintenance of drafts.

Second, that there be no provocative display of forces, armed or unarmed.

Third, that all provisions of the truce apply to the martial law area just as for the rest of Ireland.

Fourth, that there be no pursuit of Irish officers and men or search for war material and military stores.

Fifth, that there be no secret agents noting descriptions or movements of land no interference with the movements of Irish military men and civilians and no attempt to discover the haunts and habits of Irish officers and men.

Sixth, that there be no search for or observance of lines of communication.

Seventh, that there be no search for messengers.

Other details connected with courts martial, motor permits and similar matters, says the Irish Bulletin, are to be agreed to later.

On behalf of the Irish republican army it was agreed:

First, that attacks on crown forces and civilians cease.

Second, that there be no provocative displays of forces armed or unarmed.

Third, that there be no interference with government or private property.

Fourth, the discontinuance and prevention of any action likely to cause disturbance of the peace and which might necessitate military interference.

\$50,000,000 POOL FOR RELIEF OF CATTLE MEN

Chicago, July 9.—The \$50,000,000 pool for bankers for the relief of the live stock industry will be in operation in two weeks, it was announced here today following a conference yesterday when a satisfactory plan was made for rediscounting live stock paper at federal reserve banks. The plan, approved by the federal reserve board, provides rediscounting of original cattle paper instead of making eligible participation certificates representing loans made by the pool, which bankers objected to as setting a dangerous precedent.

The original cattle paper reduced in maturity from two years to six months is eligible for discount under the federal reserve law. The banks plan to renew the loans several times. The papers will be deposited with the Chicago federal reserve bank and allocated when rediscount is desired by a member bank.

Applications for loans in excess of \$1,000,000 already have been received.

Wasps kill other insects with their sting.

BAILEY MILITARY INSTITUTE

GREENWOOD, S. C.

Faculty of 28 Officers and Instructors. 352 Cadets.

14 States and 3 Foreign Countries Represented. Bailey Military Institute is one of the largest and best equipped highgrade preparatory schools in the South.

A large outdoor gymnasium affords pleasure and physical development. Modernly equipped dormitories and hospital. The largest swimming pool of any male institution in the state. Twenty acre campus. Three Expert Coaches. A faculty of experienced and prominent educators who understand boys.

At Bailey each Cadet is under the close personal control and watchful care of instructors from the time he reaches the school until he leaves for his home.

Every effort is made to surround the cadets with an atmosphere that will encourage noble thinking and living. The moral influences thrown around them are not excelled by any school in the land.

Bailey is recognized by the United States Government and supplied by the War Department with full Military equipment. Military discipline develops loyalty, neatness, obedience and devotion to duty.

Last Summer over 200 applications came in after all available space had been taken. Applications and letters of inquiry are coming in each day. If you contemplate patronizing Bailey we advise you to send in your application at a very early date. Write for our handsomely illustrated catalog.

COL. F. N. K. BAILEY, SUPERINTENDENT.

MAJOR JOHN W. MOORE, HEADMASTER.

For 14 years a professor at The Citadel. The last three years as commandant of cadets.

says: "If there is one business on earth that a 'quitter' should leave severely alone, it is advertising."

Advertising is the power which creates sales and builds business. The natural time to increase advertising is during what are termed "dull" times.

In this way wise merchants --by using advertising space --keep their sales volume up to normal.....
