MAKING PREPARATIONS TO OPEN NEW BAKERY

Machinery and Supplies Being Assembled and Erected With View to Early Opening

Mr. H. L. Moore is busily preparing to open his baking establishment on Trinity street. Most of the equipment has already arrived and is being erected as rapidly as possible. Mr. Moore hopes he will be ready to begin operations by the middle of next week.

Mr. Moore has secured a house on Cherokee street and has already moved into it. Mrs. Moore arrived today.

Mr. Moore says he is moving here from Winder, Ga., with a view of making this his home permanently, and he anticipates that he will find this a much better location for his business. He expects to give, he said, an up to date service only the demands of his trade being considered in the shaping of policies to be followed. The people of Abbeville have been served heretofore by a bakery from Anderson, and it is said that frequently merchants who have retailed this bread have run short of the supply demanded and great inconvenience sometimes results. Mr. Moore hopes to be able to serve fresh bread at all times to the merchants who retail it to their regular trade and over his own counter, at the same price.

The new plant will have a capacity of 400 loaves a day. It has an electric dough mixer with a capacity of 150 pounds, upright ovens arranged in horizontal layers of compartments.

LIQUOR SMUGGLERS MOVE

Washington, July 25.—Liquor smugglers were said today by coast guard officials to be creeping up the Atlantic coast, forced by the difficulties of rail transportation of liquor to transfer their activities from the more favorable Southern waters.

Commenting on recent reports of rum-runners off Long Island Atlantic City and other Northern shores, officials said the shift in the scenes of activity was due to increasing success in prohibition of liquor shipments by rail from Florida. Florida waters, it was asserted, are infested with swift liquor craft, but vessels are being seized every day, which is adding to the hazard of bringing in intoxicants, while the uncertainty of successfully moving the cargoes after they are landed has become very great.

Officials explained that as a result smugglers are seeking to put liquor ashore in the secluded bays and hidden coves nearer the more important markets."

Tax on Bachelors.

Atlanta, July 26.—An amendment to the general tax bill placing a tax of \$65 on all bachelors in the State more than 30 years old, was passed in the House late Tuesday afternoon by a vote of 68 to 67. The bill was introduced by Moore of Fulton, Bowden of Ware, Wimberley of Laurens, Lankford of Toombs, Parks of Terrell and Wiston of Brooks.

The only loophole left for bachelors was, they are required to be sane, unmarried and 30.

Sponges were long thought to be vegetables, but they are now known to be animals.
