SENATORS AGAIN ADVISE FARMERS TO HOLD COTTON

Say There is Every Reason Now That Staple Will Go To Twenty Cents.

Washington, Aug. 6.—“Don't sell your goods until you get your price.” This advice was speeding over the wires today to farmers all over the country. It was sent out by members of the house and senate as a result of senate approval of the administration's farm credits bill which is counted on to boost prices of all farm products.

“Hold your cotton for a price of 20 cents a pound,” was one message sent out broadcast over the southern states. It was supplemented by a statement from Senator Heflin, Alabama, which is to get wide circulation in the cotton belt. Senator Heflin, some months ago advised cotton planters to hold cotton, when it was selling for something over 20 cents. He today again urged that it be held. This represented an increase of 7, 8 or 9 cents a pound over present prices.

“There is every reason now that cotton should speedily go to 20 cents a pound,” said the Heflin statement.

“The farmer is entitled to receive that price, and he cannot afford to sell for less. I want to see our farmers, merchants and bankers in the cotton-growing states stand together for higher prices for cotton.”

Western senators appealed to by constituents for advice, in favor of the passage through the senate of the credits bill, were advised in like manner to ask for higher prices, and to hold their surplus until they get what they ask. The psychological effect will soon be a much higher tone to the agricultural market, senators predicted.

Frank Corn Goes to Jail

Gainesville, Ga., July 26.—Frank Corn and rye whiskey, the former a man and the latter a liquid, figured in a raid near Flowery Branch Saturday when Deputy Sheriffs Strickland, Holland and Crow captured 30 gallons of white rye whiskey—and Frank Corn.

A broken down car without the customary cans of rum aroused the suspicions of the sleuths who kept an eye on the two autoists until the machine had been repaired. Right enough, the cargo had been cached in the woods nearby and when the reloading began the minions of the law swooped down on the luckless pair.

One of them fleet to foot, outran the officers and dogged the bullets, but Frank Corn and Corn's rye were landed in the jail at Gainesville.

MAY BE A SERIES MURDER BY POISON

Five Bodies Exhumed to Find Traces of Arsenic—Woman is Charged.

Chicago, Aug. 6.—Two more bodies are to be exhumed in the investigation of the deaths of the Kolze families, Coroner Peter Hoffman announced today, in the effort to trace down what county officials assert may be a series of murders.

Coroner Hoffman ordered exhumed the body of Mrs. Lena Kolze an aged member of the family. If her body shows traces of arsenic, as did those of Mr. and Mrs. Fred Kolze and John Demmer, whose widow, Mrs. Mary Demmer, has been quoted, Coroner Hoffman said he would examine a fifth body not related to the Kolze family, but embalmed by the same undertakers.

The undertakers assert their embalming fluid does not contain arsenic.

Mrs. Mary Demmer, housekeeper of Fred Kolze, after the deaths of her husband and Mrs. Kolze, is being detained by the authorities in connection with the case.

Mrs. Demmer was said to have admitted caring for her husband and Mr. and Mrs. Kolze prior to their deaths and also was said to have admitted her liking for Fred Kolze and her jealousy of him, but denied the poisoning of any of the three.

John Demmer died about nine years ago and Mrs. Kolze died nine months later. Mrs. Demmer then became housekeeper for Fred Kolze, whose death occurred several weeks ago.

THE WAR IN SPAIN

Report Tells of Action, Another of Tranquility.

Madrid, Aug. 6.—An official statement issued here today declared Spanish troops have occupied La Restinga, a seacoast town in the bay south of Melilla and have driven off the enemy which has been attacking Sukelarach. The enemy suffered heavy losses, the statement said, and the Spaniards had two killed and 34 wounded.

Prisoners who have escaped from Zelvan, report that the defenders yesterday agreed to evacuate the position after surrendering arms, but when the Spaniard surrendered their arms, the rebels fired on the Spaniards. Among those killed in the engagement was Captain Garasso, who commanded the position.

Washington, Aug. 6.—The Spanish embassy was advised today by minister of foreign affairs that complete tranquility reigned all over Spain and public opinion is very encouraged regarding the recuperation of the territory which has been lost in Morocco according to the embassy announcement.

The Spanish government will send all the reinforcements which may be necessary besides the important ones which have already been dispatched, the statement added.

DECLINES TO TALK

Supposed Thief and Murderess May Create Sensation

Orlando, Fla., Aug. 7.—Declining to make any statement until she is given permission by her attorneys, Miss Lena M. T. Clarke, in jail here charged with the murder of Frederick Miltimore, restaurant proprietor, and of having robbed the mails of more than \$50,000, asserted that when she does consent to speak she will cause a new sensation.

Many who now criticize her, she says, will change their viewpoint. There has been a shortage in the West Palm Beach post office for several months, she said, and added that she made every effort to place the blame where it belongs.

Miss Clarke resents the statements that have branded her as a mystic and spiritualist. She denied this and says she is only a member of the Congregational Church, of which her aged father was a pastor and asserts she always tried to be conservative in her speech and habits. She denies there has been any Bohemianism in her conduct at West Palm Beach, where she had lived since childhood.

Miss Clarke is comfortably provided for in her jail cell, where she spends most of her time writing on a typewriter which was sent her by a friend.
