CHARLIE CHAPLIN IN BERLIN

Berlin, Sept. 27.—Unheralded, unrecognized by native Berliners and greeted only by American correspondents, Charlie Chaplin came to Berlin tonight. He came near having to sleep in the street, for up to the moment of his arrival it was doubtful whether he could get a room in an overcrowded hotel.

90 YEAR OLD CONVICT

Man Feeds Prison Cats Till Death Stops Work.

Richmond, Va., Sept. 27.—John Orrell, ninety, Virginia's oldest convict, is dead today. The aged prisoner grew tired yesterday of the gray prison walls and his sole daily duty of feeding the prison cats so he left his penitentiary "home."

Orrell had torn up four pardons from various governors, because he didn't want to leave—he had nowhere to go, he said.

He was sent up for life after his third conviction for grand larceny. His job was to feed the cats domiciled in the institution. Orrell was in prison during the war between the states. Following the war, he came back to the prison.

"The damn Yankees drove me out of my home," he said. The gates were opened to him and he has been there since—until yesterday.

MARSHAL LYON HAS THREE RIBS BROKEN

United States Marshal C. J. Lyon is much improved and is at his office today, following a painful but not serious injury in which three of his ribs were broken several days ago. Marshal Lyon was coming down the mountain in an automobile with some friends, he said, and after they passed a slow moving truck, one of the tires on the automobile in which they were riding blew out, causing their car to swerve against a bank, throwing the marshal out and breaking three ribs.

No other injuries resulted from the accident, and Marshal Lyon said that he will be as well as ever in a few weeks. The ribs are knitting nicely.—Greenville Piedmont.

CAROLINA PLAYS ERSKINE IN COLUMBIA SATURDAY

Large Crowd Expected For Gamecock Premiere Against the Seceders.

Columbia, Sept. 27.—The largest crowd to ever attend a preliminary football game at Carolina is expected here Saturday afternoon at 3.30 when the 1921 Gamecocks start their season with Erskine College's eleven, led by Captain Phillips, one of the greatest backfield stars of all time in the South. Fully 1500 fans, warm supporters of the University eleven, have signified their intention of being present when the ball is kicked off, all anxious to see the initial work out of Sol Metzger's team, of which much is expected this coming season.

Interest in the game is now at a high point because of the showing Erskine made against Furman at Greenville last Saturday, when the Seceders scored against the Baptist aggregation. Because the Carolina-Furman game is likely to prove one of the historic battles of the season, when it is staged in Greenville, November 12, speculation is rife as to what showing Metzger's team will make against its first opponent. But not even the most sanguine supporter of the Garnet and Black expects the Gamecock mentor to send a finished product to the field at this early date. But three weeks of practice for the game and the fact that many positions are to be filled with new material leads one to the conclusion that Carolina will not run up such a large total as Furman, a veteran aggregation.

What Carolina men want is a goose-egg for Erskine. They are looking forward to keeping the redoubtable Phillips and his team from crossing the Gamecock goal line, and if this is accomplished they will return home satisfied. Metzger is building his defense first, making it strong enough from the start to turn back all attack, and depending in a large measure upon this point to pull his team through its opening game in a comfortable manner.

The work this week has been greatly handicapped by the extremely hot weather. Hard football, planned for the first three days, has been out of the question. That has held back the development a bit. But a good line up will be thrown into the game Saturday and Metzger, once the game is on ice, will throw into the battle his entire array of new talent in order to get a line on them under fire. He is more anxious to find out what possibilities exist in the squad than to run up a big score, having in mind the future games of the schedule.

GIRL IN LOVE TAKES POISON

"I Cannot Live Without Eddie," She Says in Hospital

New York.—"I cannot live without Eddie," screamed Miss May Farely, 23 years old, a telephone operator, as she swallowed most of the contents of a bottle labeled "lysol" on the Nostrand Avenue platform of the Long Island Railroad last night. She then collapsed at the feet of Herman Starke, 23 years old, of 1,710 Nimrod Street, Brooklyn, her companion.

The couple had just alighted from a Long Island Railroad train at Nostrand Avenue when the young woman, bending over ostensibly to lace her shoe, drew the bottle from her stocking or pocket and drank part of the contents before Stark was able to knock it from her grasp. She was removed to St. John's Hospital in a serious condition.

To the police and surgeons there she constantly moaned, "I cannot live without Eddie." She said she lived at 463 Lafayette Avenue, and had been engaged to marry Edward Powers of Broad Channel, but they quarreled a couple of months ago. She said she went to Broad Channel yesterday, hoping to effect a reconciliation with Powers, Stark accompanying her. The trip was not successful.

She was very morose on the trip back to Brooklyn, according to Stark, who said he tried to cheer her up. She said nothing, however, according to Stark, that would lead him to believe that she was contemplating suicide. Stark was questioned at the Atlantic Avenue station house and left to notify an aunt of Miss Farely, with whom she lived.

ARBUCKLE CASE TAKES NEW TURN

District Attorney Calls Lawyers To Appear Before Session of the Grand Jury.

San Francisco, Sept. 27.—An assertion in court today by Roscoe C. ("Fatty") Arbuckle's chief counsel, Frank Dominguez, that he believed blackmail had been contemplated against the film comedian and that this motive figures in the defendant's arrest on a murder charge was ordered put before the grand jury tonight by District Attorney Matthew A. Brady.

Brady issued subpoenas for Dominguez and his associated counsel Charles H. Brennan of San Francisco and Milton M. Cohen of Los Angeles, to appear at tonight's grand jury session and repeat their charges.

The action was taken, Brady said, on the request of Alfred Semnacher, who was accused by Dominguez today of having conspired with Mrs. Bambina Delmont, the complaining witness against Arbuckle, to take torn parts of the clothing of Miss Virginia Rappe to Los Angeles for the purpose, Dominguez said, of extorting money from the defendant, who is charged with the murder of Miss Rappe.

Dominguez made his assertion after long questioning of Semnacher regarding his previous testimony in the case.

Police Judge Lazrus, before whom the hearing is being held, refused, however, to allow Dominguez to question Semnacher along this line, saying it had no part in the present proceedings.

Semnacher's testimony took up most of the afternoon session. In the morning session Dr. Arthur Beardslee, who treated Miss Rappe after the revel in Arbuckle's hotel suite, testified he discovered evidence of a ruptured bladder early in the morning after the party and that he advised her removal to a hospital. The defense was unable to make him admit that she could have been suffering from anything else. Dr. Beardslee reiterated his diagnosis and said he found her writhing in pain so great he had to administer sedatives three times.

Replying to a hypothetical question regarding the cause of a torn bladder, he said, an injury such as that described would have been caused by an external force such as a fall or a blow, although contortions incident to violent vomiting might have produced that effect.
