DOUBT OF PROBE INTO KU KLUX KLAN

Washington, Oct. 14.—William Joseph Simmons, imperial wizard of the Ku Klux Klan, was prevented by illness today from appearing before a house committee for examination by members as to activities of the order.

The imperial wizard collapsed yesterday at the close of a five hours' statement and later was placed in charge of a physician, who ordered him to stay in bed.

Announcement of Mr. Simmons' illness was made by Chairman Campbell, who stated he had been advised that the wizard was too ill to appear. Dr. W. C. Manning, the physician attending Mr. Simmons, reported that he suffering from acute bronchitis and general exhaustion.

Chairman Campbell adjourned the hearing after stating that Dr. Manning had informed him Mr. Simmons could not possibly appear earlier than Monday. Should his condition improve, however, the hearing may be resumed tomorrow.

Doubt that a congressional investigation of the klan would be ordered was expressed.

Supporters of the movement to have congress delve into the affairs and activities of the klan will make a final effort to prove three charges.

1. That the klan used the mails to defraud.
2. That he klan had committed overt acts against individuals and incited riots.
3. That the klan had knowingly evaded tax payments to the government.

Members of Mr. Simmons' party and persons who had assisted in the investigation of the klan, expressed the belief that the evidence presented thus far did not contain the foundation for a probe by congress. Not one witness had produced conclusive evidence of violation of the law against the klan, they held.

Mr. Simmons admitted that his organization had not paid income tax. He explained that the \$10 paid by each klansman on joining is a donation and is so designated in all the records. When the income tax law was enacted he said he conferred with the internal revenue collector in Atlanta and was told his organization was not subject to the act.

\$10,000 TEST ON CONVICT

Radium To Be Used in Treating Cancer on His Lip.

Ossining.—Sing Sing attendants reported today that John Duffy, a prisoner convicted in Brooklyn, was operated on in the prison hospital for the removal of a cancer.

Duffy has been suffering from a cancerous growth on the face. After a conference between Dr. Amos O. Squire, head prison physician, and Dr. Townsend, a New York City specialist, it was decided to cut away the cancerous growth. Later on Duffy will be treated with \$10,000 worth of radium owned by Dr. Squire, who in private practice is a radium specialist.

Duffy has been in Sing Sing seven months as a result of being convicted in Kings county of second degree assault. A few weeks after reaching the prison a growth appeared on Ducey's lip which developed into a sore. Dr. Squire diagnosed it as a cancer. By using the surgeons knife and the radium the doctors are hopeful of saving Duffy's life. His sentence has several more months to run.

WHERE MONEY GOES IN WORLD SERIES

\$900,233 Was Receipts Contributed By 269,976 Spectators.—Winners Get \$131,635.

New York, Oct. 15.—The 1921 world series ended Thursday, set new financial and attendance records. The total receipts for the eight games were \$900,233, contributed by 269,976 spectators.

This was \$177,819 more than the best previous gate collected during the 1919 series between Cincinnati and Chicago. The attendance in the series just closed was also 18,075 greater than the eight gatherings which witnessed the memorable Giants-Boston American play in 1912.

As a result of the enormous gate receipts all those who participate in the sharing of the funds will receive more than any of their predecessors in similar positions. The Giant players, as winners, collect 60 per cent of 75 per cent of the players' share of the receipts for the first five games, amounting to \$131,635, which, divided among some 25 eligible men, gives approximately \$5,265 each. The Yankee's 40 per cent share as losers amounted to \$87,756.67 and under the same system of division will give the players of the defeated club about \$3,510 each.

Under the plan of distributing 25 per cent among the club players finishing second and third in both major leagues, the Cleveland Americans and the Pittsburg Nationals will divide \$43,878.34 equally while the two St. Louis teams as third place clubs share \$29,252.22.

The magnates also come in for a record division of the gate monies. The advisory board, which succeeded the national commission in the re-organization of professional baseball will take its 15 per cent share, \$135,034.95. The club-owners share will

amount to \$472,675.82.

The owners of the two local clubs however, are not permitted to retain and divide equally the close to a half million dollars which appear at first right to be theirs. The rules governing the financial affairs of the world's series specifically provide that 50 per cent of each club's share for the first seven games shall be paid into their respective league treasuries and that in case of an eighth game is necessary, as was the case today, then 75 per cent of the club's share of receipts for that game must be to the league treasuries.
