PLAY WITH MUSIC**

"Rose of Washington Square" is
Comedy Drama With Gaiety
Trimmings

"Unless all signs fail the Astor Producing company has in 'Rose of Washington Square' what will be to musical comedy what 'lightnin' is to drama. To be really truthful 'Rose' is not a musical comedy in the accepted sense of the word. It is a comedy drama with a musical setting. It is something new to the theatre and it should prosper."

The above is quoted from the first paragraph of the Detroit Free Press critique following the initial performance of "Rose of Washington Square" in the automobile metropolis a week or so ago. The attraction will be at the Opera House on Wednesday, March 1, enroute to its New York inaugural which will take place less than a fortnight later.

"Rose of Washington Square" is most everything that a stage entertainment should be. It is light but not frothy, it has its serious moments but they are not boresome, its plot is consistent and well sustained yet there are moments one thinks of revue. The story is that of a family of mountaineer Carolinians who suddenly became wealthy through the discovery of rich ore on their Blue Ridge farm. Rose is the comely Dixie miss who is sent to Greenwich Village to study music and painting. The temptations that surround the innocent maid from the hills, in the exotic atmosphere of New York's Bohemia, provide a decidedly interesting story. When one beholds the unconventional environment of the artists' studios there is oft a twinge of wonderment whether unaccompanied good girls should be allowed to absorb this truly artistic but not necessarily elevating atmosphere.

"The automobile is no longer a vehicle of pleasure. It is a common conveyance, necessary to the business man, the professional man and the farmer."—New York Times, May 3, 1921.

AMERICAN LEGION NEWS

Men Get Money

Twenty-six ex-service men, suffering from the ravages of that dread disease, tuberculosis, who have been patients in the National Sanatorium at Johnson City, Tennessee, were brought happiness in the form of a substantial check on Saturday, February 11th, in payment of their compensation due them for many months.

These men had all contracted tuberculosis in service over seas or in this country. Some were married and had families; all were bedridden and most of them haven't long to live.

The U. S. Veterans' Bureau in its drive to adjust all cases of men in hospitals in bringing balm to those who need it most in the 5th District, which is comprised of North Carolina, South Carolina, Tennessee, Georgia and Florida. Mr. M. Bryson is District Manager of the 5th District.

The patients at the National Sanatorium at Johnson City, Tenn., were the first to benefit by this drive. On Wednesday, February 8, a Squad composed of three Medical Rating Officers and three Legal Examiners arrived at this hospital and immediately interviewed its bedridden patients. On Thursday, February 9, twenty-six cases were sent to the District Headquarters, in Atlanta, ready for payment by a messenger, and the messenger was back in Johnson City Friday morning and distributed to these men, who had waited long for these checks, over \$20,000.00. The rapidity with which these cases were handled electrified the patients in the hospital and brought forth much praise from the Red Cross, American Legion and other co-operating agencies. it was effectively demonstrated that the U. S. Veterans' Bureau is making every effort to give those who are entitled to it the compensation which is their due without any unnecessary delay or red tape.

American army officers are now holding rank one or two notches higher than they did under the army organization before the World war.

Chauncey M. Depew has asked for his war medal. The American Legion found, however, that he is only named for the after dinner speaker of fame.

When Pvt. Edward U. Canoose of the American forces stationed in Coblenz received 633 love letter postcards, etc., in a batch, he took a week's leave.

The French admired the box-like motor trucks introduced by the A. E. F. and ordered 20,000 more. The ones they are now using are a part of the huge mass of war material bought from the army by the French government.

When American Legion representatives met the army transport Cartigny, at the dock in New York, they encountered the following: 502 men from the army of occupation, 63 German wives, 12 French wives, 36 babies of the German wives, and 806 American bodies from the battlefields.

**\$5 WEEKLY WAGE BOOST
GIVEN QUEBEC PRINTERS**

Quebec, Feb. 18.—A wage increase of \$5 weekly was granted to International Typographical Union men working in newspaper plants. The newspaper workers recently threatened to strike unless their demands were met.

DUE WEST NEWS.

A. R. Presbyterian

Mr. Boyd of Fountain Inn was the guest for a few days last week of his sister, Mrs. E. R. Young.

Miss Mary Bigham of Chester, has been a guest of Miss Barbara Grier for a few days.

Miss Elizabeth Cathart and Miss Lois McDonald, of Winnsboro, have been the guests for a few days of friends in Due West.

Mrs. J. M. Cuddy of Troy came up last week to enjoy the Rodeheaver concert and remained for a few days as the guest of Miss Davis of the Woman's College faculty.

Mrs. Grier Stevenson left Tuesday morning for Charlotte on account of the illness of Mrs. W. E. Younts. Mrs. Younts has been sick with pneumonia, but we are pleased to say she is better.

After spending several days with Miss Ruby McAuley at the Woman's College, Mrs. McAuley and her son, Barran McAuley, have returned to Huntersville. We are glad to be able to say that Miss McAuley is doing nicely.

Mrs. Pearson of Woodruff, who has a daughter in the Woman's College, has been a visitor in Due West for a few days. Mrs. Pearson was a resident of Due West for a number of years and came back to renew old memories.

Dr. Oliver Johnson of Winnsboro attended the meeting of the trustees of the Seminary last week. Prof. E. L. Reid was chosen temporarily to act as treasurer of the Seminary, until the meeting of Synod in May. Dr. Johnson and Dr. Galloway were the members out of town present at the meeting of the Board.

The following parties went up from Due West Tuesday to Spartanburg to hear Billy Sunday: Mrs. F. Y. Pressly, Mrs. S. A. Pressly, Mrs. Crockett, Miss Bessie Crockett, Mrs. James Boyce and Mrs. J. P. Pressly.

Dr. Robinson has received a number of letters from the brethren complimenting the young ladies and the young men of the orchestra and glee club on the nice way in which they conducted themselves at the various places visited. These brethren thought these visits would commend the college to the public. In this connection we wish to say that our people, without exception, were very thoughtful and kind to the young men and ladies at all the points visited. Their kindness is very much appreciated by the college authorities and by the parents, as well as the young people.

Dr. Carson of Newberry reached Due West last Tuesday and began a meeting that night in the Woman's college. The series of meetings continued through Sunday night, two services a day. On Sunday morning Dr. Carson preached in the A. R. P. church. All of the other services were held in the Memorial Hall and were much enjoyed throughout. Dr. Carson is an able preacher of the Gospel.

On last Thursday evening a fine audience assembled in Memorial Hall at the Woman's College to enjoy the Rodeheaver concert. Miss Ruth Rodeheaver and Miss Carmichael accompanied Mr. Rodeheaver. The audience was simply captivated from the first to the last number and showed this keen appreciation by encoring time and again. Mr. Rodeheaver has the finest, richest, deepest voice ever heard in concert on the platform in Due West. Miss Ruth Rodeheaver was charming in all her presentations. She sang with great clearness and distinctiveness, reaching the highest and the lowest notes, in pure, sweet tones of carrying power. All of this was done in a natural, sweet voice. Many of their selections were humorous and brought down the house time and time again. The splendid accompaniments of Miss Carmichael were richly enjoyed and heartily applauded. She is a fine artist, simple and unaffected in her efficient skill at the instrument. The program was a varied one, running through two hours. Mr. Rodeheaver's recitations were as greatly enjoyed as his songs.

An average of 130 pounds of salt and 108 pounds of sugar was used last year for each inhabitant in the United States.

**NINE MEN HELD FOR
THEATRE DISASTER**

Coroner's Jury Finishes Probe And
Ordered Men Held Under
\$5,000 Bond

Washington, Feb. 16.—The nine men ordered held for the grand jury in a verdict returned by the coroner's jury in connection with Knickerbocker disaster January 28, which resulted in the loss of 98 lives, were given an opportunity to appear at the District Attorney's office today to give bond. They were not taken into custody when they verdict was returned last night and District Attorney Peyton Gordon said they would be permitted to remain at liberty under \$5,000 bond each. He said the case probably would be presented to the grand jury, which is now in session, by the last of this week.

Based on the testimony of scores of witnesses at the inquest which began nearly a week ago, the verdict of the coroner's jury found that the collapse of the roof of the motion picture theatre was "due to faulty designing and construction and inadequate supervision and inspection." Among those ordered held for the grand jury were R. G. Geare, architect for the building; J. H. Ford, engineer who designed the roof structure; Morris Hacker, building inspector when the theatre was constructed and Frank L. Wagner the builder.

**FOOTSTEPS OF A FLY
BOOM LIKE THUNDER**

New York, Feb. 16.—Footsteps of a pesky house fly booming out like thunder as he leisurely ambled across a piece of paper were heard by scientists who visited the Bell Telephone system's research laboratories.

Utilizing specially developed Rochelle salt crystals and an amplifier constructed by the Bell Company, engineers and scientists listened to the promenading of the fly.

"Tomorrow," said the engineers, "we're going to put a trained flea on a piece of paper and listen to him tumble. We haven't been able, as Mr. Edison suggested on his birthday, to hear ants talk, but it is interesting to hear a molecule wash ing its face."

**STATE OF SOUTH CAROLINA
COUNTY OF ABBEVILLE**

Probate Court
Citation for Letters of Administration.

By J. F. MILLER, Esq., Judge of Probate:

Whereas R. F. McDonald hath made suit to me, to grant him Letters of Administration of the estate and effects of W. L. McDonald, late of Abbeville County, deceased,

These Are Therefore, to cite and admonish all and singular the kindred and creditors of the said W. L. McDonald, deceased, that they be and appear before me, in the Court of Probate, to be held at Abbeville Court House on March the 4th, 1922 after publication hereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said administration should not be granted.

Given under my hand and seal of the court this 14th day of February, in the year of our Lord one thousand nine hundred and twenty-two and in the 146th year of American Independence.

Published on the 20th day of February, 1922 in the Press and Banner and on the Court House door for the time required by law.
J. F. MILLER,
3t. Judge of Probate.

ESTATE OF J. D. DUNCAN, Dec'd.

Notice of Settlement and Application for Final Discharge.

TAKE NOTICE that on the 18th day of March, 1922, I will render a final account of my accounts and doings as executor of the estate of J. D. Duncan, deceased, in the office of the judge of probate for Abbeville County at 10 o'clock, a. m., and on the same day will apply for a final discharge from my trust as such executor.

All persons having demands against said estate will present them for payment, proven and authenticated or be forever barred.
Andy Milford, Executor.
Feb. 20, 1922. 3t.

- 6-SPECIALLY PREPARED INSULATION PAPER
- 7-INSIDE CASE
- 8-METAL LINING

It is one thing to put money INTO ice, but it is quite another thing to get your money's worth OUT OF the ice.

Note above the eight (8) walls of insulating material in the Automatic. You are INSURED proper refrigeration for every bit of ice you buy. Cold, dry air circulating constantly makes your ice do its duty.

Insulation like that in the Automatic is a question of HONOR with the manufacturer. Always look for the Automatic trade mark.

Think of the ECONOMY! Think of the convenience; think of being saved from the annoyance of always finding the ice "gone."

And—The Automatic Water Cooling System is the most wonderful convenience of all. Ask to see it.
