NEEDS INFORMATION.

We are requested by the Spartanburg Journal to explain the substantial differences between an Associate Reformed Presbyterian and some other kind of Presbyterian. The Major will find the explanation in this week's issue of The Associate Reformed Presbyterian, published at Due West. If he will read that paper not only this week but every week, he will learn a good many things which are worth knowing, things which all Presbyterians do not know and understand.

In the preparation of his paper Judge Greene might explain how it has happened that "quite some" of the A. R. P. ministers who have gone over to the "C. P.'s" because they would find a more fruitful field, have not counted for very much in their new environment. Judge Greene, probably knows that one of his own "in-laws" thrice removed, and a preacher of great learning, of high power in the pulpit, left the A. R. P.'s to accept the pastorate of a Presbyterian Church in Conyers, Georgia—the very Church, it may be, to which Dr. Young has gone—and except at rare intervals was he ever heard of again as a conspicuous light among the Presbyterians.—Spartanburg Journal.

FOREMAN IS ATTACKED

Nine Men Assault Seaboard Air Line Employee.
Jacksonville, Fla., August 1.—Charles E. Harris, 37, foreman of the machine shop of the Seaboard Air Line Railroad here, was attacked by nine men as he came from his work this afternoon and severely beaten. He declared he could identify four of his assailants, whom he alleges were strikers.

New Bus Line.

Edgefield, Aug. 1.—The first trip of the Johnston-Edgefield-Greenwood bus line, operated by B. R. Walker, was made Thursday. From now on the bus will operate on a regular schedule, arriving in Greenwood about noon and returning at 4 o'clock. To people who own no automobile it has been expensive proposition to go from Edgefield to Greenwood, a distance of thirty-six miles. One had to go by rail either via Columbia or Augusta, at a cost of \$5. If by automobile the rate was higher. Now the trip can be made for \$1.65. This new line has been hailed with delight by our people.

ADVERSELY REPORTED

Dial Only Man Backing His Own Bill, Is Claim.

Washington, Aug. 1.—Reporting adversely on the Dial bills, which would revise the system of cotton futures contracts and reduce the number of grades, tenderable under the present contract from 10 to 3 the Senate agriculture committee declared today that its author, Senator Dial, Democrat, South Carolina, was the only person appearing to support them. Witnesses "with the remotest knowledge" of the cotton business and representatives of the Department of Agriculture had opposed the changes contemplated, the report said.

"Spot merchants who deal directly with the growers, pointed out that their purchases necessarily covered a wide range, embracing some twenty or more grades known to the spot trade," it added, "and if they were compelled when selling futures to insure these purchases to be limited in those futures contracts to only 2 to 3 grades then the future contract used as a legitimate hedge or insurance would cease to function."

SHORT COURSE AT DUE WEST

The best short course ever held in Abbeville County convened at Due West last week. On Wednesday club girls and women from various parts of the county assembled there to witness the beginning of this valuable course open to Abbeville County club girls. The Wednesday morning session lasted from 10 to 12.30. At this time Senator J. Howard Moore gave the girls a very hearty welcome recommending the great work which lay before us. Dr. Robinson extended to us a warm reception also, welcoming us to his town and college. "Mother Walker," dear to every club girl's heart, gave a very valuable demonstration on pickling, after which a picnic dinner was spread.

Mrs. Johnson gave a very interesting demonstration on hat making in the afternoon. She also gave a talk on Leadership which brought out many new ideas before those present and made each one see the need of local leadership in all club work.

The Woman's Council had a short meeting at 3 o'clock after which they were adjourned.

Misses McMurray and Roberts taught us how to make tea napkins until we heard the gong sound for supper. Then it seemed that the short course had really begun when these fifty girls started their yells for Due West and club work. After supper we all assembled in the auditorium for prayer meeting and community singing.

On Thursday we had Dr. Hayden and Miss Todd from Columbia with us. It was indeed an opportunity to every club girl to have these health officers, assisted by Dr. Pressly examine them. During the morning hours also Miss Neeley, State Poultry agent was with us and gave very helpful talks and demonstrations on the testing of eggs.

In the afternoon Miss Todd gave an instructive lecture on "First Aid" and Dr. Hayden also talked to us about "Typhoid fever and how to prevent it." After supper the good people of Due West brought their trucks all loaded with straw and carried us to ride. When we came back Misses Wilson and Wham had some games and stunts for us and another happy day of the short course was over.

Friday morning Dr. Henry Johnson made a most impressive talk on "Thrift and Economy." The ten commandments of economy that he gave are well worth practicing. He told us many interesting things accomplished by the club boys and girls of his state.

Miss Snyder gave us a demonstration in salad making in the afternoon; thus ending the program of our short course.

We were fortunate in having Mr. Herman, a leader among our boys, with us. He gave some valuable talks encouraging their work.

Miss Mildred Wilson gave the girls and boys setting up exercises before breakfast each morning, and she and Miss Gladys Wham arranged various games and forms of entertainment for us.

We are indeed grateful to Mrs. Gibbons, our leader, for making such a short course possible for us. Everybody who was present puts it on equality with the State Short Course, and to Mrs. Gibbons the credit is due.

Then, we club girls must pause to say a word for Dr. and Mrs. Robinson who were so lovely to us. They made us feel at home with them. I know that every single club member is with me when I say that we are more eager than ever to make our state the best state and our county the best county.

A Club Girl.

STUDEBAKER DECLARES AN EXTRA DIVIDEND

New York, Aug. 1.—Directors of the Studebaker Corporation of America, meeting at South Bend, Ind., today declared an extra dividend of \$1.50 in addition to the regular dividend of \$2.50 on common stock, according to advices received at the corporation's offices here. The regular dividend of \$1.75 on preferred stock also was declared.

ABBEVILLE TRIMS GREENWOOD AGAIN

(By Wm. P. Greene, Jr.)

Abbeville won the last game of the two games series with Greenwood this week. This makes four straight games that Abbeville has won from our old time rivals. The game was won in the ninth again, the game being tied up until that inning. Clark, the first Abbeville man up, singled. B. Galloway hit one to short too hot to handle and Clark landed on second. Botts hit to Leaman in right, who threw to the plate to catch Clark. When Clark slipped back to third Botts was safe on first. E. Galloway singled over second after Milam had struck out, winning the game for Abbeville.

Reames was in the picture again. He scored the two runs which tied the game. In addition he made one of the most spectacular catches of the year when he robbed a Greenwood player of a three bagger, or possibly a home run.

The players of this league must learn not to hit fly balls in the territory occupied by Abbeville outfielders for all of them are as fast as scared rabbits and the ball is in a tar well when it hits in one of their gloves.

Abbeville now goes to second place in the percentage column and is only about two games behind Anderson, the leaders. If Abbeville keeps on playing like they have been for the last ten days we will lead the league by the end of the week. When we get there we are there to stay. So look out for us Anderson Thursday and Friday.

Guard Encampment Ends.

Columbia, Aug. 1.—The fifteen-day annual guard encampment at Camp Jackson ended Saturday, and Sunday, the men returned to their homes. Columbia was very much pleased with the splendid spirit of the men. They were all men of splendid character and their military appearance as well as their personal bearing made their presence welcomed. The last event on the camp's program before "pay day" was a review by Colonel Day, instructor, Saturday.

Monday's Game.

(From Index-Journal.)

Eighteen hits sounds like a mighty big bunch, and it does look like one in a box score, but it wasn't enough for Greenwood to win the ball game from Abbeville yesterday afternoon. The records show that with such an array of bingles the local boys tallied only six times while their opponents with half that number, nine in all, scored eight times.

Of course there were some mitigating circumstances. For instance there were some very costly errors made at the good old ripening time when runs just dropped across the plate and there were several miscues—very bad miscues by Umpire Major—which helped the other side, a fact which they themselves will admit.

Box Score of Monday's game:

LAURENS GETS GAME

Errors Aid in Defeat of Anderson Electricians.

Anderson, July 31.—Errors gave Laurens three runs today and enabled them to defeat Anderson in a warmly contested 3 to 1 game.

The pitching of Moseley for Laurens and Jones for Anderson featured the contest. The infield forces of both teams played crack ball, excepting a single error by Major, third baseman for Anderson which allowed one of the runs for Laurens.
