STEADY IMPROVEMENT IN MRS. HARDING'S CONDITION

Washington, Sept. 16.—President Harding, due to the steady improvement in the condition of Mrs. Harding was able today to go to his office for the first time in a week.

The Friday cabinet session was the president's only engagement for the day, his semi-weekly conference with newspaper correspondents having been called off to permit him to spend the afternoon near Mrs. Harding's bedside.

Continued improvement in Mrs. Harding's condition was reported today by Brigadier General C. E. Sawyer, her physician, who in response to inquiries replied that "all's well."

FINAL TESTIMONY FOR GOVERNMENT

Attorneys for Jewell and Scott Have Four Days Including Arguments.

Chicago, Sept. 16.—The government completed its plea for an injunction against the rail strikers today and rested its case.

Judge Wilkerson adjourned court until Monday, when attorneys for B. M. Jewell and John Scott, president and secretary-treasurer, respectively, of the railway employes, department American Federation of Labor, will open the defense.

The government rested on the strength of some 600 affidavits charging violence, intimidation and destruction of property during the strike. No direct evidence connecting any of the union officials with the alleged conspiracy, to destroy interstate traffic was given, but attorneys representing Attorney General Daugherty contend that the existence of such widespread disorder indicated the unions and their officials are responsible for it.

Donald R. Richberg and Frank Mulholland, attorneys for Jewell and Scott, the only two of the 240 union leaders and 400,000 strikers effected by the indictment who are represented in court, are preparing they say, to offer evidence in support of the union's claim of a counter-conspiracy against them. The union leaders charge that the railroad executives entered into a conspiracy, first to force a strike, and then to destroy the unions. Certain leaders of the executives, they contended, held out against any peace settlement as part of this alleged conspiracy against the union.

Four days are left for the defense and for final argument before the temporary restraining order now in force will automatically expire. Judge Wilkerson has called the attention of the lawyers to the fact that it will not be renewed and unless the injunction hearing is completed before Thursday the unions will be free from its provisions.

MISSIONARY KILLED BY A MOHAMMEDAN

Rev. Gates Had Been in India For Many Years.—Police Arrest the Murderer.

Bombay, British India, Sept 16.—The Reverend Lorin S. Gates of the American mission was murdered at Bijapur on September 6. The police arrested a Mohammedan charged with the crime.

Mr. Gates, who was 77 years old, and had been for 17 years with the American mission at Sholapur, had gone to the Bijapur at the request of Miss Fulchar, head of the branch mission there. The branch had rented for its Indian workers part of an old Mohammedan palace. The landlord was a Mohammedan who occupied part of the palace himself and, according to Miss Fulchar, was constantly putting restraint on the tenants. She had asked Mr. Gates to come there to negotiate with the landlord. This he did unsuccessfully and decided to remove the workers elsewhere.

He and Miss Fulchar were leaving the palace in search of another house when the landlord sprang from behind a tree and felled the missionary, slashing him with a sword. Miss Fulchar narrowly escaped. Mr. Gates was taken to a hospital where he died. It is understood that Mrs. Gates will continue the mission work at Sholapur.

Mr. Gates was supported by the Congregational church, Washington
