Columbia Youth Under Sentence of Death.

Columbia, Sept. 26.—The appeal of Ira B. Harrison, convicted of the murder of J. C. Arnette, filling station proprietor, here last summer and under sentence of death, was today completed by the filling of his case and exceptions with the Supreme Court, B. B. Evans, attorney for the condemned youth, noted four exceptions. Two being that the lower court erred in not granting a severance of the case, the third being that the judge erred in his charge to the jury, with reference to malice, and the fourth is that the court erred in the charge of conspiracy. Frank M. Jeffords, who was tried and convicted with Harrison and given a like sentence, he also filed an appeal, and it is expected that their cases will be heard by the Supreme Court in the week of October 23. LARGEST FIGURE FOR GASOLINE TAX

Commission Will Get "Hard Boiled" With Delinquents in Future, It Announces.

Columbia, Sept. 27.—The gasoline tax for August amounted to \$78,686.52 with several delinquent checks yet to come in, according to figures announced yesterday by the South Carolina tax commission. This figure leads all other months, it was said.

The commission is getting out a circular letter to all persons and firms paying the gasoline tax and is warning them for the last time that failure to meet the payments within the time prescribed by the law will mean heavy penalties hereafter. The commission has threatened to get "hard boiled" several times and now makes the statement without fear of contradiction that it has ceased to be patient and will become real "hard" on all persons not paying the tax promptly hereafter. This has become necessary because of so much delay.

SUPPLY OF COAL SHORT

Dial Points Out Injustice Caused by "Bootleggers"

Washington, Sept. 23.—Continuing his efforts toward securing coal for South Carolina industries, Senator Dial has again brought the matter before the Interstate Commerce Commission and the railroad administration. He pointed out the injustice in the present practice which permits the coal "bootlegger" to get possession of and sell coal at \$5 and 6 a ton, while the man who holds a perfectly legitimate contract with the mine operator is not able to get any coal at any price.

Senator Dial insisted that something was wrong somewhere and that such a condition should not longer be permitted. As one solution of the matter he proposed that the railroads which now have a generous supply of coal divert some of this supply to the cotton mills. This would not only give the mills what they need badly but would also serve to break the congestion existing on many of the railroad lines. He also urged higher demurrage.

This matter is now being considered by the interstate Commerce Commission and the railroad administration.

TELEPHONE FIGHT ON AT CLEMSON

Anderson, Sept. 23.—Applying for an injunction which would restrain the towns of Calhoun and Clemson College as well as individuals concerned, from taking action against the Southern Bell Telephone for failure to comply with the terms of a joint resolution of the general assembly passed in April, 1922 requiring the company to establish and maintain at Clemson or Calhoun telephone exchanges for long distance and local services, attorneys for the company yesterday afternoon filed a complaint and appeared before Federal Judge H. H. Watkins, who ordered a hearing in Greenville set for October 2.

The terms of the joint resolution require that the Southern Bell Telephone company establish at Calhoun or Clemson an exchange or exchanges for the services of people of Oconee and Pickens counties. The resolution further provides that the company may be subjected to the payment of \$10 per day for failure to comply with the terms of the act after 6 months from the date of approval of the resolution. The time expires on October 3 this year.

In their complaint the company sought to show that the resolution was unconstitutional taking property without due progress of law and depriving the company of the protection it should be given.

Attorney B. F. Grier, of Grier and Park of Greenwood and Arthur Young of Hagood Rivers and Young of Charleston, are representing the company in the injunction suit.
