Religious Appointments.

MARION (S. C.) DISTRICT CONFERENCE.—The Marion District Conference will convene at Marion on Thursday, the 16th of July, at 9 o'clock A. M. The opening sermon will be preached on the evening of the 15th by Rev. James C. Stoll. Services to commence at 8 o'clock. Brethren who intend coming by private conveyance will please notify Rev. A. J. Stokes, Marion C. H., of their intention, and on arrival will report at the drug store of brother W. C. McMillan.

Visiting brethren from abroad and local ministers within the district who intend being present will please send their names at once to brother Stokes. A full delegation is urged.

M. C. POWER, P. E. N. B.—Brethren will bring up Bishop's Fund. W. C. P.

SCEDDEN DEATH.—We learn that Col. Robert Cannon, who was on a visit to his son in this county the past week, and who returned to his home in Marion county Sunday evening, died suddenly the next day. Col. Cannon was apparently well when he crossed the ferry on his way home.

FORFEITED LANDS.—At the offering for sale of delinquent lands in this county by the County Treasurer on the 18th of May last, no sales were made. Out of the forty tracts advertised the following nine tracts were offered and declared forfeited to the State:

Buck's township, Martha Cooper, 100 acres. Conwayboro township, E. M. Jordan, 120 acres; estate of James M. Bell, 250 acres. Dog Bluff township, F. D. Richardson, 100 acres. Floyd's township, estate of James Williamson, 50 acres; two tracts, owner unknown, supposed D. Ketchum, 35 acres. Gallivant's Ferry township, owner unknown, 500 acres. Simpson's Creek township, estate of Moses G. Barker, 300 acres. Total 1,455 acres.

THE COTTON CATERPILLAR.—This pest has not yet made his appearance in the cotton fields, but we need not expect him to postpone his accustomed visit much longer; and it is equally certain so sure as he comes, either he must be destroyed or the cotton will be.

It will be well for all who have planted cotton to be prepared for these pests when they first make their appearance. With this view we invite their attention to the article from the Rural Carolinian.

THE HAIL STORM.—In addition to the information given by our Cool Spring correspondent, of the hail storm that fell in that section of the county last Sunday, we have gleaned the following particulars from citizens living in and near the scope of country visited by the storm.

The breadth of the storm was greater than that given by him, but the scope where the heavy destroying hail fell is perhaps less.

Mr. Daniel Lewis, who took shelter in a friend's house, two miles beyond Cool Springs, during the storm, informs us that for the space of fifteen or twenty minutes the hail, without rain, fell incessantly, that before the rain fell there was no unsheltered, naked earth to be seen. After the rain was over he picked up one lump and measured it with a piece of twine; it was nearly six inches in circumference, and he thinks it had melted at least one-fourth before he picked it up.

The damage to the crop is all that has been estimated by our correspondent. Cotton was literally stripped to the top bud. Much of the corn was cut down, and stalks left standing had chunks knocked off as though done by glancing musket balls.

Those who witnessed it all agree as to the great size of the hail stones. So

far we hear of but one loss of life by it, and that was a goose who in imitation of many others held his head so high that his skull cap was knocked off.

DISTRICT SCHOOLS FUND.—The statement of the County Treasurer, giving the School Trustees and the public the information of the amount of school funds now in the treasury for school purposes, and the respective amounts to the credit of each school district, in advance of the opening of the public schools, is a departure that will be duly appreciated by the trustees and the public, and one that is well worthy of imitation by every County Treasurer in the State.

We would suggest to our Treasurer and School Commissioner that, whenever possible to do so, this information be given to the trustees and the taxpayers prior to the annual school district meetings, with such information and the report of the trustees showing the expenditure of this fund in their respective townships; the legal voters would not only be enabled to act more intelligently, but would take deeper interest in the subject of education, and often would strain a point to increase the school term and to establish new schools.

We are pleased to record the fact that in our county our administrative and executive officers make use of every opportunity and means in their power to impart more light to the people on all subject matters connected with their offices. Such is not the case in many other counties.

The contrast between the public officers in this county and Georgetown is quite striking. At the annual district meeting held in the town of Georgetown, no information was given by either the commissioner or trustees as to what had become of the funds. Mr. E. L. Rainey, one of the trustees, expressed himself that matters had been so managed by the school commissioner that there was no finding out how the money for school purposes had been expended. He believed it had been used for electioneering purposes; we should think more likely for the benefit of Governor Moses, and a leasehold on his own office.

A Colored Bubble Burst.

[By Telegraph to the News and Courier.] New York, July 2.

A dispatch from Washing says that the Freedman's Bank there has suspended and gone into liquidation. The Tribune says editorially:

"The president of the bankrupt Freedman's Saving and Trust Company at Washington, and the cashier of the branch in this city, endeavor to explain in another column, several causes of its failure. Little stress is laid on the chief cause, which was the withdrawal of deposits in all the branches for investment solely in Washington and largely in the warrants of the board of public works. Explanations are more plentiful with the company good securities, but they will hardly satisfy the unfortunate depositors. The Freedman's Savings and Trust Bank of this city received orders yesterday from Washington to stop taking in and paying out money."

WASHINGTON, July 2.

The mother bank of the Freedman's Trust Company has suspended, and large numbers of colored people are around the bank imploring for money, without success. It is understood that similar instructions are to be sent to New York and to all the Southern branches. The trustees have nominated Robert Purvis, colored, of Philadelphia, Postmaster-General Creswell and R. Leopold, commissioners to settle up the concern. The work will require two years. It is thought that with proper management ninety-three cents on the dollar will be realized.

MEMPHIS, July 2.

The suspension of the Freedman's Savings Bank here causes some excitement among the colored people, though the business has been small since the panic last fall.

To cure a cough, to relieve all irritations of the throat, to restore perfect soundness and health to the most delicate organizations of the human frame—the lungs—use Dr. Wistar's Balsam of Wild Cherry, which is still prepared with the same care in the selection and compounding of its various ingredients as when it was introduced to the public by Dr. Wistar over forty years since.

A good way to spend the school money is to pay ordinary field hands from fifty to seventy-five dollars a month to teach little boys and girls what they—the teacher—know nothing about.—Such a course will enable the school trustees to spend all the public money in from three to six months—doing the least possible good.—Abbeville Press and Banner.

ARRINGTON is called to the fact that Messrs. Norton & Luke have established a first-class Drug Store in our place, having just received a fresh and reliable stock of Drugs, Medicines, Dye Stuffs, Paints, Oils, Perfumery, Tobacco and Cigars, Seeds, &c. They hope by honorable dealings and close attention to business, to merit a large share of the patronage through this and adjoining counties. Call and see them.

Iowa State Republican Convention.

Des Moines, July 2.

The resolutions of the Republican State Convention favor the submission to the people of an amendment to the constitution extending suffrage to women; that Congress has power to regulate commerce between the States, whether by railroad or water, and under this right should legislate against extortions and discrimination, and under that right should provide for the improvement of our great national water way; and approves the new currency bill.

The Jewish Times says that Moses, the Governor under whom South Carolina mourns is not a Jew. Other papers say (and we think truly) that he is not a Christian. None of them deny that he is a Mohammedan. It makes little difference what he professes to be, while he practices so sadly.

THE GREAT REMEDY FOR CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

A MEDICAL TRIUMPH!

Dr. D. S. PERRY'S Vegetable Aromatic BITTERS.

These Bitters must become the universal remedy of the age. There is nothing like them or to equal them under the sun. They restore the weak, invigorate the feeble, and give new life and tone to the broken-down system. In indigestion and malassimilation they are worth a ship-load of Quinine powders and pills. They are especially adapted to persons suffering from

Dyspepsia, Liver Complaints, Costiveness, Headache, Neuralgia, Rheumatism, Chills and Fever and Piles.

To Delicate Females.

Ladies, old or young, will find these Bitters especially adapted to diseases peculiar to their sex. Nervousness, Lassitude, Want of Appetite, and General Debility, all yield to the magic charm of these inimitable Bitters.

HEAR WHAT IS SAID.

"Wonderful effects have resulted from your Dr. Perry's Bitters."

"My chills are gone. I can hardly believe it."

"Send me one case of Perry's Bitters again. Nothing like them here."

"I enclose affidavit of my case. I had to do so to convince you of the wonderful cure."

"I have been the most delightful wine tonic in the world."

"Dr. Wilson says that you are a public benefactor!"

"Hurray! No more rheumatism!"

"No more headache, thank you."

We could fill this paper twice over with just such genuine extracts, but the above must suffice. Our Bitters are prepared under the supervision of Dr. D. S. Perry, member of the Royal College of Physicians and Surgeons, London, England, and the Medical Clinic of Glasgow.

All orders should be addressed to THE PERRY AROMATIC BITTER CO., New York, U. S.

The Bitters are sold either by the bottle or case at \$1 per bottle.

Parties in sending letters for advice as to their diseases will prefer quite a favor by giving name of County as well as Town where they reside. It will save us a wonderful amount of time and annoyance if this will be observed.

The Perry Aromatic Bitter Company, March 10-1y
