We publish our paper this week, on Wednesday, in order to give rest to our ber will also appear on Wednesday, as that day opens the New Year.

Great yield of Cotton in Edg field .-We are informed, upon highly respectable autharity, that Mr. — Kucrease, a cotton planter, residing in this District, will average this year, ten bales to the hand. We call this excellent cropping, in any section of country, but we consider it extraordinary for Edgefield, even in her ble autharity, that Mr. ---- Kilcrease, a palmiest days. Let none who till land re- on the subject of the militia. into one act.sembling that of Mr. Kilcrease, think of emigrating !

Wm. Carter has been appointed Post Master at Lodi Abbeville Dist.

We have received a number of the "Augusta Mirror," the publication of which was resumed a short time since. We will publish its prospectus in our next.

A new paper called the "Camden Journal" is published at Camdeu. S. C. it is under the management of Mr. Thos. W. Pegues.

Duel in Florida .- A duel was fought ject of Pastoral daties. near Tallahassee, Florida, on Thursday the 12th inst. between General L. Read and Col. Augustus Alston, in which the latter was killed. The weapons were ri fles-distance 20 pares. Col. A, was shot, at the first fire The difficulty arose out of a political contest which had been going on for some time.

The Washington Correspondent of the Charleston Courier, says that the Democrats have a clear majority of three in the House, on all general questions, and a majority of about seven or cight in favor of the Sub-Treasury. The correspondent of that paper, in a former letter, said that it was conceded on all hands, that the Sub-Treasury bill would pass.

COLUMBIA, Dec. 21st, 1839. Both Honses of the Legislature adjourned this morning. The session has been a labori-ous one. About thirty five acts were ratified, some of local, but most of them, of general in terest those relating to the office and duties of Clerk, Sheriff. Ordinary, Coroner, Magistrates and Constables, will be useful. The charter of the Rail Road Bank was extended and modified, on condition that the road be finished to Columbia within three years, and hands on Christmas day. 'Our next num- the bill was passed, making an advance on the subscription of the State, to the Rail Road Company. This measure was well guarded: and it is looped, will involve the State in no further difficulty. The bill relating to the re-sumption of specie payments by the banks was lost in the Senate, by a small majority. It is feared that the loss of this measure, may have the effect to encourage the banks, in delaying

Mr. Editor :

The Baptist Ministerial Conference requests the favor of you, to insert in the columns of your paper, the following ac-count of its meeting in this place.

The Conference assembled on the 19th nst. and, after prayer, engaged in the discussion of the subjects contained in the 29th verse of the 1st chapter of John's Gospel, and the 5th verse of the 3d chapter of the same Gospel. Brother Hill, who had been appointed to write on the last mentioned subject, was requested to have his essay by the next Meeting. The Conference appointed, for discussion, the subject contained in the following query :-Was Balaam a prophet of the Lord or The Body appointed the next not?" Meeting to be held with the Mount Moriah church, at 10 o'clock on Friday before the fifth Lord's Day in March, 1840. Bro. AUGUSTA, Dec. 19, Cotton .- Our last notice of Thursday of the Market in a dull state, and prices ranging 74 to 83, but on the same evening that we made up our remarks we received advices from Livecpool to 19th November, per steam packet Liverpool, which being more favorable than was expected. our market opened on Thursday with a fair demand, and at an advance of fully a f a cent. After Friday, however, the denand in a measure stopped, and holders, in order to effect sales, camedown in their prices, and since Monday last, sales have been made at prices current previous to the arrival of the Liverpool. The receipts in this market continue heavy, and, considering the scarcity of money, transactions during the week have been to a fair xient, the sales from warehouses reach-1500 bales. We quote infector to prime 74 to S1 strictly prime, in square bales, (which is a scarce attile] S1 a 9. Groceries—No change in our grocery

market. The stock now on hand is one of the best for a number of years in this mar ket, and country merchants will find it a their interest to price here before buying lsewhere.

Money-Is very scarce, and the curreny is gening worse and worse every day. It occupies pretty much of a man's time to ascertain daily what kind of money our banks will take in payment and on deposits. By our table it will be seen that the Hawkinsville, Ocnulgee, Mouroe Rail R ad, Darieu Western Bank, and Bank Dec 21 31 of Chattahoochee Bills are quoted at a liscount, and of course are not taken by any of our Baaks. The Milledgeville met on the 2d inst. James C. Read, (V. Bank, and Georgia Rail Road, at Athens. are put down at par, but these notes stand thus with our banks. The Bank of Augusta, does not take the notes of these insitutions on leposite, but take them in payment of debis; the Insurance Bank takes Georgia Rail Road in payment, and both in sound amounts on deposite the Branch State Bank refuses to take either on deposite or in payment; the Mechanics Back takes R if Road in payment, but not on deposite-Bank of Miledgeville neither in payment or on deposite ; the Branch Roll Road Bank takes the moth of bank on deposite and in payment, but does not take the notes of the Milledg vill bank on deposite or in payments Why these notes should be taken in payment of debts and not on deposite, we cannot un derstand-it is true both banks have sus pended specie payments, and so have our canks, with the xc ption of the Mechanics Bank; and the latter institution we hink the only one justifiable in refusing the notes of the Rail Road and Milled geville Bank on deposite.

The Augusta Chronicle of the 18th inst. says: -some sensation was created in this city yesterday, by the circulation of a report, that the Bank of Augusta had refused any longer to receive the hills of any of the interior Banks. Upon ea pairy into the matter, we ascertain the facts to be. that the Augusta Bink has resolved no longer to receive on D posite, the bills of any banks, except those of this city, Savannah and all the Banks of South Carolina, except Geo getown and Cheraw; but it still receives in payment the bills of all Banks, which it has heretofore received.

Elections by the U. S. senate.-Ashury Dickens, unanimously re-elected Clerk, Stephen Haight, re-elected Sergeant at arms, and door keeper, with one dissenting vote; and Mr. Beal, elected assistant door-keeper, on the third ballot.

Gen. Harrison,-The Madisonian has knisted the Harrison flag. It says that the General was 66 years old on the 9th Febmary Jus ---- that if elected President, he would go into office at 68. and go out (according to promise) at 72 years of age.

The Legislature of Virg in have passed a law comme ling the Bin's of that state to pay six per cent. per annum on all bills presented and not paid, during suspension, and forbidding the Banks to declare dividends until they resume.

The Charleston Courier of the 21st inst. says :-- The Bank of Geogetown has not suspended specie payments, says the Gerogetown American. We make the correction with pleasure, especially as we have a small interest in that concera, ourselves.
