EDGEFIELD C. H.

THURSDAY, APRIL 9, 1840.

"Syke," is received, but we beg leave to decline its publication.

The Edgefield Philosophical Society, will hold its Monthly Meeting in the Court House, on Monday evening next, at 7 o'clock.

We have received from the Hon. F. W. Pickens, a copy of the Circular of the Hon. M. A. Cooper, a member of Congress, from Georgia, to his constituents.

The editor of the Charleston Courier will find in our paper to-day, the last editorial article which he requested us to publish. We have now done the Courier ample justice, by publishing all its editorial on the subject of the "Tribute to the memory of General Hayne." Heaven forbid that we should ever meddle in the personal controversies of other editors again!

The President has recognized J. A. Van Couth as Vice Consul of the Netherlands, for the Port of Charleston.

We publish to-day, some extracts from the Speech of the Hon. F. W. Pickens, "on the Cumberland Road."

The arguments of this gentleman, against the bill, are strong and forcible, clearly showing, in the language of a contemporary, "the progress of that immense fraud upon the Constitution, and exposing the deception which has been practiced, to excuse and cloak the leaching of the Treasury, to bribe the people." The President is opposed to it, upon constitutional grounds. We hope that he will still continue so, and that he will never suffer himself to be ensnared by his pretended friends, into its support.

We are indebted to the Hon. F. W. Pickens, for a pamphlet copy of a letter from the Hon. Geo. W. Hopkins, member of Congress from Virginia, to Col. J. H. Piper, of that State, declaring his political opinions. Mr. Hopkins belonged formerly, to the "Conservative" party, but has now abandoned it, and returned to his old associates of the Democratic party. He sets forth his reasons at length, for this change in his political sentiments. It will suffice to say, that they are as "plenty as blackberries." Upon the whole, his letter is an able and manly one, and does him great credit for its sincerity and straight-forwardness.

Edward Hall, (Whig,) has been elected Mayor of Mobile, over J. B. Hogan, (Adm.) the vote being Hall, 912, Hogan, 722.

Mr. James Wood, on trial for the murder of his daughter, in Philadelphia, has been acquitted by the jury, (who were only out about twenty minutes,) on the ground of insanity.

The Hon. George Hull declines being a candidate for re-election as Lieut. Governor of Massachusetts. He was nominated by the Whigs.

S. W. Palmer, has been appointed Post Master, at Blueville, Charleston District, S. Carolina.

The Insurance Companies of N. York, are inserting a clause in their policies, providing for a contingency of war with England.

SOUTH CAROLINA FEMALE INSTITUTE. Dr. Elias Marks, late Principal of the South Carolina Female Institute, which was in operation during the past year, at Barhamville, near Columbia, gives notice that the duties of this Institution will be resumed on the 1st of October, 1840, under the direction of himself, and the Rev. Wellington H. Tyler, of the Amherst University. In the mean time, Dr. Marks will receive into his family, a select class of young Ladies, until October, next. We are highly gratified to perceive this notice. Dr. M., as is well known, was for some years, an able and successful instructor of young ladies, at Columbia. Actuated by a highly commendable public spirit, and desirous of raising the standard of female education in South Carolina, he spared no pains in procuring the best teachers to aid him in his noble employment. After teaching for some time, in the Academy at Columbia, with great satisfaction to the community, generally, he removed his school to a place about two miles distant from that town. This place is called Barhamville. It is situated in a healthy region of country, sufficiently removed from the "populous city," and with no temptation to extravagance, or idleness. At the same time, it is sufficiently near Columbia, to enjoy all its advantages. At this spot, he reared, at his own expense, a splendid, and spacious wooden structure. It is composed of a centre building, with double porches, and very extensive wings. The building contains a considerable number of halls, and rooms, and is in every respect,

well adapted for a Female Academy. A wide, and lengthened avenue of handsome trees, extends from the road, along a slight elevation, to the Academy. There are other ornamental trees and shrubbery around the building, which give it a tasteful and beautiful appearance. Dr. M. fitted up in the Academy, a costly Philosophical apparatus, and provided every thing else suitable for the instruction and accomplishment of the young ladies, who were placed under his charge. In this classic retreat, sacred to the Muses and Graces, Dr. Marks imparted the best instruction to numerous daughters of South Carolina, Georgia, and other States. The benefits which our own State particularly, has reaped from his hands, are very great. We know of no individual in South Carolina, who has done more for the cause of female education. None have labored more zealously, to place it on that proud elevation which it so justly deserves, but has too often failed to attain. It is scarcely necessary to say, that Dr. M. is an accomplished scholar, and gentleman, and we hope, that he will receive ample patronage in his renewed enterprise, from a discerning and enlightened public.

LAWS OF NATIONS.

In the Senate of the United States, March 13, the following resolutions, submitted by Mr. Calhoun on the 4th of the same month were taken up:

Resolved, That a ship or vessel on the high seas, in time of peace, engaged in a lawful voyage, is, according to the laws of nations, under the exclusive jurisdiction of the State to which her flag belongs, as if constituting a part of its own domain.

Resolved, That if such ship or vessel should be forced, by stress of weather or other unavoidable cause, into the port of a friendly power, she would, under the same laws, lose none of the rights appertaining to her on the high seas, but, on the contrary, she and her cargo, and persons on board, with their personal relations, as established by the laws of the State to which they belong, would be under the protection which the laws of nations extend to the unfortunate under such circumstances.

Resolved, That the brig Enterprize, which was forced unavoidably by stress of weather into Port Hamilton, Bermuda Island, while on a lawful voyage on the high seas from one part of the Union to another comes within the principles embraced in the foregoing resolutions; and that the seizure and detention of the negroes on board by the local authorities of the island was an act in violation of the laws of nations, and highly unjust to our citizens to whom they belong.

Mr. Calhoun submitted his views at length on the resolutions, and after some remarks from Messrs Grundy and King. On motion of Mr. King, the resolutions were referred to the Committee on Foreign Affairs.

We have received from the Hon. John C. Calhoun, a pamphlet copy of his Speech on the above resolutions, and will publish it at an early day.

Great Britain and the United States.

We regret to have to inform the public, (says the Alexandria Gazette of the 26th ult.) that the dispute between the United States and Great Britain, in relation to the North Eastern boundary, has for the present, assumed an unfavorable aspect. It is understood at Washington, that Mr. Fox, the British Minister, has respectfully declined any further correspondence with the Secretary of State, until he receives further advices from his government, and that he has written home, in no pleasant mood, for instructions as to his future course. It will be remembered that the last note that passed between Mr. Fox and Mr. Forsyth, were rather tart, and left the diplomatists completely at issue as to matters of fact. In the mean time the army of U. S. Artillery has been ordered on to Maine, which is now on its march to the frontier. It is also known that some Members of Congress, intimately acquainted with the subject, have expressed their serious apprehensions of immediate difficulty. It is proper that the public should be made acquainted with the facts of the case, but we still hope that justice, moderation and peace, may prevail.

CHARLESTON, April 3.

Robbery of the Georgetown Post Office.—An individual by the name of James Sanderlin, was arrested in this city, last night, under a charge of robbing, or aiding and abetting a Clerk in the Post Office in Georgetown, S. C., in robbing the mail, or in abstracting a letter containing money. The Post Master, in this city, had received information that such a letter was missing, and the community are indebted to the activity and energy of Marshal Moses for the prompt action, which has resulted in the capture of the supposed depredator. The sum stolen was near \$300, part of which has been recovered.—Patriot.

The House.—The House continued in session from the hour of meeting yesterday until nearly five P. M. to-day. The Opposition were determined to defeat a vote on the bill to provide supplies to meet their own appropriations, and, if possible, disgrace, by discrediting the Government. After sitting two days and a night, they agreed that if the friends of the Administration would consent to adjourn, those opposed to it would allow the vote to be taken to-morrow.

We will give the proceedings of this extraordinary session at large.—Wash. Globe of March 25.

The New Orleans True American of 21st inst., contains the following: "The news from Rankin county, Mississippi, is exciting. The people have risen en masse and arrested the progress of all sales of property, for gold and silver. They will pay nothing but the currency of the State. The Union Bank was getting ready to redeem its post note circulation of the 1st of April, in the State Bonds."

From the Augusta Constitutionalist.

Augusta, April 2. Cotton.—During the past week our market has been very quiet—neither sellers or buyers showing the least inclination to operate. Within the last two days, however, there has been a little enquiry for the better descriptions, and holders having submitted to a slight decline, the greater part of the sales reported below were made. Our receipts continue very light for the season, owing no doubt to the bad state of the roads, and the small inducement held out to planters to forward the articles to market. Our stock is much about the same as reported on the 1st of last month, the greater part of which is held on planter's account, who are holding on and sell only when they are compelled to raise money. The sales from warehouses so far as they have come to our knowledge reach only 718 bales, as follows: 2 bales at 6, 11 at 6 1/2, 27 at 7, 52 at 7 1/2, 227 at 7 1/2, 100 at 7 1/2, 98 at 7 1/2, 147 at 7 1/2, 48 at 8, and 19 at 8 1/2 cts. We quote as the extremes 5 a 8 cents—remarkable however, that there is very little to be had at the former quotation, and it must be a fancy lot, in square packages, to bring the latter—in round bales 7 1/2 was the highest that could be obtained yesterday.

Groceries.—Our Grocery market remains without change. There is no scarcity of any article that we hear of, and there is a good stock of goods on hand.—The business at present transacting is limited, and mostly by retail with the country.

Freights.—Our river is in good boating order, but the quantity of Cotton going forward being limited freights continue dull both to Charleston and Savannah, at former quotations, viz: to Savannah; \$1 per bale; to Charleston, 30 cents per 100 lbs. for square, and 40 cents for round bales Cotton.

Napoleon's house at Longwood is now a barn—the room he died in a stable, and where the imperial corpse lay in state may be seen a machine for grinding corn.—The walls are covered with multitudinous names. The oak he planted now shadows the library. His bath is still in the new house which he never lived to enter. His chess board is in the possession of the officers of 91st, which regiment is stationed on the island.
