Citizens of Charleston, AND THE NEIGHBORING STATES.

YOU are respectfully informed that the exclusive sale of BRANDRETH'S VEGETABLE UNIVERSAL PILLS. Price twenty five cents per box, with directions in English, French, Spanish, Portuguese and German. The high and universal reputation of the Vegetable Pills, renders it unnecessary to comment largely on their particular virtues. As an anti-bilious and purgative medicine, they are unexcelled by any. Their purifying effect on the blood is universally allowed—all that have ever used have approved and recommended them.

In many cases where the dreadful ravages of induration had laid bare ligament and bone, and where to all appearance, no human means could save life, have patients by the use of these Pills, been restored to good health; the devouring disease having become completely eradicated. In consequence of the pleasantness of their operation, they are universally used in every section of this wide extended country where they are made known, and are fast superseding every other Preparation of professed similar import. Upwards of Fourteen thousand cases have been certified as cured, solely from the use since the introduction of that into the U. States, thus establishing the fact beyond all doubt, that the Brandreth Pills cure the (apparently) most opposite diseases, by the simple act of continually executing the laws with them, until the disease gives way therefore, whatever may be said of the THEORY, the UTILITY OF THE PRACTICE IS NOW BEYOND ALL DOUBT.

As Brandreth's Pills cure Syphilis, Costiveness, and its consequences, sensafaring men and all travellers to foreign regions, should not be without, in order to resort to them on every occasion of illness. No medicine chest is required where they are. N. B.—Time or climate affects them not, provided they are kept dry. Southern gentlemen will find this medicine one that will insure health to the people on their estates. Be careful and never purchase Pills of a Druggist, professing to be Brandreth's Pills. Under no circumstances is any one of the Class made an Agent. My own established Agents have invariably an engraved Certificate signed by Brandreth, M. D. in my own handwriting. This is renewed yearly—and when over twelve months old, it no longer guarantees the genuineness of the medicine. It would be well, therefore, for purchasers to carefully examine the Certificate. The seal is not wax, but embossed on the paper with a steel seal. If the genuine medicine is obtained, there is no doubt of its giving perfect satisfaction; and if, who want it are careful to go by the above directions, there is little doubt but they will obtain it.

Remember 73 Meeting street, is the only place in Charleston where the genuine medicine can be obtained, and at W. W. Salt, Hamburg and C. A. Dowd, Edgefield C. Vegetable Life Medicines.

THESE Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHEXIN BITTERS have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The LIFE MEDICINES recommend themselves in diseases of every form & description. Their first operation is to loosen the various impurities and crudities constantly settling around them, and to remove the hardened fibres which collect in the convolutions of the small intestines. Their medicines only partially cleanse these and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This act is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headach, Restlessness, Imp. Temper, Anxiety, Languor and Melancholy, Costiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scurvy, Ulcers, Inevitable Sores, Scabitic Eruptions, and Bad Complexions, Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, Common Colds and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the Life Medicines have been most eminently successful—so much so, that in the Fever and Ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in his favor, that he hopes to gain credit. It is alone by the results of a fair trial. MOFFAT'S MEDICAL MANUAL, designed as a domestic guide to health.— This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price, 25 cents—for sale by Mr. Moffat's agents generally.
