ANDERSON
Male and Female ACADEMIES.
WE are happy to announce to the public, that W. LEVETT has consented to continue in our employment for the supervision of the Male Academy, for the subsequent year. His continuance in our employment for five successive years may serve as a testimonial of his character and qualifications as a classical instructor. We have likewise employed Mr. Mc-ELROY to take charge of the Female Academy. The well known character of this lady as an experienced and efficient instructress, needs, as we trust, no public commendation to secure her a liberal share of patronage. She will give instruction in the various branches of Female Education. Miss WALKER, who has given ample testimony of her competency, will give instruction in the Musical Department. The rates of Tuition in both Schools are heretofore. The exercises of the schools will commence on the first Monday in January.

PROCLAMATION.
EXECUTIVE DEPARTMENT,
Columbia, Nov. 25th 1840.
By His Excellency, B. K. HENAGAN, Esq., Governor and Commander-in-Chief in and over the State of South Carolina.
Whereas, information has been received at this Department, from the Town Council of Winnsboro, that on the 14th inst. an atrocious attempt was made, by some person known to the Court House of Fairfield District, to fire the Court House, and that such of the creditors as shall not present and prove their demands on or before a peremptory day to be fixed by the Commissioner shall be excluded from the benefit of this decree.
It is further ordered that upon notice of this decree being given to any of the creditors of Hugh Wilson, said creditors shall be enjoined from commencing or further prosecution of any suit at law against the administrator aforesaid.
It is further ordered that the administrator do account before the Commissioner concerning the estate of Hugh Wilson; and that the Commissioner do report the demands against the estate of Hugh Wilson, which may be proved, arranged in order of legal priority; and the balance in the hands of the administrator, after allowing all proper payments and expenses.

WARE-HOUSE.
AND
Commission Business.
THE Subscriber is much gratified that he is so generally able to offer his services to his friends and old customers, and the public generally in the Water-House and Commission Business. He flatters himself that the eligible location of his Ware-House, and its comparative immunity from the risk of fire and flood, will procure him a liberal patronage.
He has rebuilt the Ware-House formerly known as Adams & Walker's, and is filling up one wing of it above the highest water-mark of the late flood, for the purpose of storing there-in the Cotton of Planters and Country Merchants. This rise is at least two feet higher than any other ware-house in town; and the division has been elevated will store from 1800 to 2000 bales.
He will sell Cotton, and attend to such business as is usually transacted by Commission Merchants, at as low a rate as others engaged in the same calling.
In again offering his services to his friends and the public, the subscriber can not refrain from acknowledging the liberal patronage he once received from them, and hopes by his at-tention to business that it will be renewed, and it will be thankfully received.

Factorage & Commission BUSINESS.
HAMBURG, S. C.
THE Subscriber respectfully takes leave to renew to his customers, his sincere acknowledgments for the extensive patronage hitherto bestowed on him; and would beg to assure them of a continuance of that strict at-tention to their interests, which, through a long in-creased business, he flatters himself has been appreciated.
He deems it unnecessary to dilate, to Merchants, on the evident superiority of his claims to their patronage; as a RECEIVING AND FORWARDING AGENCY—his long experience in that department; rigorous adherence of in-structions, and the rates of Forwarding, his entire attention being restricted to a Commission Busi-ness alone; and the isolated and elevated posi-tion of his warehouse; thus lessening the risks from fire and inundation; are circumstances, which, with all due deference, entitle him to a preference.
To PLANTERS he would again tender his ser-vices in the sale of their cotton and other prod-ucts; to this department he appropriates his personal attention, and from his practical knowl-edge of this business, he feels assured he will promote the interests of those who may consi-der him.

COLEMAN RHODES,

Citizens of Charleston,
AND THE NEIGHBORING STATES.
YOU are respectfully informed that 70
MARKET STREET 70—is my Office for the
exclusive sale of BRANDRETT'S VEGETABLE
UNIVERSAL PILLS. Price twenty
five cents per box. with directions in English,
French, Spanish Portuguese and German.
The high and universal reputation of the
Brandrett's Pills, renders it unnecessary to
commend largely on their particular virtues. As an
anti-bilious and purgative medicine, they are
unexcelled by any. Their purifying effect on
the blood is universally allowed—all that have
ever used have approved and recommended
them.
In many cases where the dreadful ravages of
ulceration had laid bare ligament and bone, and
where to all appearance, no human means
could save life, have patients by the use of these
Pills, been restored to good health; the devour-
ing disease having been completely eradicated.
In consequence of the pleasantness of their
operation, they are universally used in every
section of this wide extended country where
they are made known, and are fast superseding
every other Preparation of purgative similar
import. Upwards of Fourteen Thousand cases
have been certified as cured, solely from their
use since the introduction of that into the U.
States, thus establishing the fact beyond all
doubt, that the Brandrett's Pills cure the (appar-
ently) most opposite diseases, by the one
simple act of continually evacuating the bow-
els with them, until the disease gives way;
therefore, whatever may be said of the THEORY,
the UTILITY OF THE PRACTICE is now ZEROED all
DOUBT.
As Brandrett's Pills cure Scanty, Costive-
ness, and its consequences, sneezing men,
and all travellers to foreign regions, should not
be without, in order to resort to them on every
occasion of illness. No medicine chest is re-
quired where they are.
N. B.—Fume or climate affects them not,
provided they are kept dry. Southern gen-
tlemen will find this medicine one that will insure
health to the people on their estates.
Be careful and never purchase Pills of a
Druggist, professional to Brandrett's Pills
UNDER NO CIRCUMSTANCES is any one of this
class made an Agent. My own established
Agents have INvariably an ENGRAVED Certifi-
cate signed by Brandrett, M. D. in my own
hand writing. This is renewed yearly—and
when over twelve months old, it no longer
guarantees the genuineness of the medicine.
It would be well, therefore, for purchasers to
carefully examine the Certificate. The seal is
not wax, but embedded on the paper with a steel
seal. If the genuine medicine is obtained, there
is no doubt of its giving perfect satisfaction,
and if all who would it are careful to go by the
above directions, there is little doubt but they
will obtain it.
Remember 70 Market Street, is the only
place in Charleston where the genuine medi-
cine can be obtained, and at W. W. Sage's, Ham-
burg and C. A. Dowd, Edgfield G. H. the only
authorized Agents for Edgfield.

Vegetable Life Medicines.
THESE Medicines are indebted for
their name to their manifest and sensi-
ble action in purifying the springs and
channels of life, and ending them with
renewed tone and vigor. In many hun-
dred certified cases which have been made
public and in almost every species of dis-
ease to which the human frame is liable, the
happy effects of MOFFAT'S LIFE
PILLS AND PHEENIX BITTERS
have been gratefully and publicly ac-
knowledged by the persons benefited, and
who were previously unacquainted with
the beautifully philosophical principles
upon which they are compounded, and
upon which they consequently act.
The LIFE MEDICINES recommend
themselves in diseases of every form & de-
scription. Their first operation is to loosen
the various impurities and crudities con-
stantly settling around them, and to re-
move the hardened feces which collect in
the convolutions of the small intestines.—
Other medicines only partially cleanse
these and leave such collected masses
behind as to produce habitual costiveness,
with all its train of evils, or sudden diarrhoea,
with its imminent dangers. This fact is
well known to all regular anatomi-
sts, who examine the human bowels
after death; and hence the prejudice
of these well informed men against quack
medicines—or medicines prepared and
heralded to the public by ignorant persons.
The second effect of the Life Medicines is
to cleanse the kidneys and the bladder,
and by this means, the liver and the lungs,
the healthful action of which entirely de-
pends upon the regularity of the urinary
organs. The blood, which takes its red color
from the agency of the liver and the
lungs before it passes into the heart, being
thus purified by them, and nourished by
food coming from a clean stomach, courses
freely through the veins, renews every
part of the system, and triumphantly
mounts the banner of health in the bloom-
ing cheek.
Moffat's Vegetable Life Medicines have
been thoroughly tested, and pronounced a
sovereign remedy for Dyspepsia, Flatu-
lence, Palpitation of the Heart, Loss of
Appetite, Headache and Headach, Rest-
lessness, Intemperance, Anxiety, Languor and
Melancholy, Costiveness, Diarrhoea, Cholera,
Fever of all kinds, Rheumatism, Gon-
orrhoea, Dropsies of all kinds, Gravel, Worms,
Asthma and Consumption, Scanty, Ulcers,
Inveriate Sores, Scabtic Eruptions and
Bad Complexions, Eruptive complaints,
Sallow, Cloudy, and other disagreeable
Complexions, Salt Rheum, Erysipelas,
Common Colds and Influenza, and various
other complaints which afflict the human
frame. In FEVER and AGUE, particularly,
the Life Medicines have been most
eminently successful; so much so, that in
the Fever and Ague districts, Physicians
almost universally prescribe them.
All that Mr. Moffat requires of his pat-
ents is to be particular in taking the Life
Medicines strictly according to the direc-
tions. It is not by a new-paper notice, or
by anything that he himself may say in
their favor, that he hopes to gain credit. It
is alone by the results of a fair trial.
MOFFAT'S MEDICAL MANUAL,
designed as a domestic guide to health.—
This little pamphlet, edited by W. B.
Moffat, 375 Broadway, New York, has
been published for the purpose of explain-
ing more fully Mr. Moffat's theory of dis-
eases, and will be found highly interesting
to persons seeking health. It treats upon
prevalent diseases, and the causes thereof.
Price, 25 cents—for sale by Mr. Moffat's
agents generally.

ESTRAYED.
FROM the Subscriber, about the 19th of
March last, 2 Colts, one a dark iron grey
filly, three years old, when she left, she had on
a common size iron bell, attached to a leather
collar, fastened on with a leather latch. The
other, a year old, bright bay horse colt, with
some white hairs on the body, and a blaze in
the face. I will satisfactorily reward any one
who will stop said colts, or either of them, and give
me information; direct to Mr. Willing Post Of-

ROBERT C. RITCHIEY living about four
miles north east of Abbeville C. H. has
told before me, one brown bay Mare, about
fourteen and a half years old, supposed to be
three years old, had long hair, black mane, tall
hind legs. No white nor any other marks
about her, appears to be quite gentle, and trots
Appraised at 60 dollars.
