

Important from Washington.—We learn says the New-York Herald, from Washington that the resignation of C. C. Cambreleng, Minister at St. Petersburg, has been received at the Department of State, and unreluctantly accepted. Mr. Cambreleng intends to travel to France and Italy during the summer, and may return in the autumn to this country. We have not heard who will succeed him in Russia, but as there are half a dozen ready to take the mission, there will be more difficulty in making a selection than in paying the salary and outfit, \$18,000.

The Hon. Charles Ogle died recently in Pennsylvania. The Whig papers of Philadelphia speak of him as "distinguished," leaving many friends and admirers to mourn his death, which the *Inquirer* says "is a loss to the State." It may be so—in which case it is most proper that those who knew his good qualities should mourn for him. To the Union he was known only as the author of a speech equally disgraceful to himself and the party that praised & circulated it—a speech the whole burden of which was the extravagance of Mr. Van Buren in the furniture and appointments of the President's house—which house, a few months after, the whole Whig party declared not furnished decently enough to be a comfortable abode for their log cabin President. If the lying spirit which gave to Mr. Ogle so "distinguished" a position in his party were buried in his grave, we should have no inclination to make him the subject of a paragraph.—Will not the National Intelligencer recommend a general contribution by way of testifying national gratitude on the occasion? *Char. Mercury.*

PENFIELD, May 11, 1841.
Brother Stokes: Having just arrived at home from the Baptist Triennial Convention, lately held in Baltimore I hasten to communicate to you for the benefit of your readers some of its results, you may judge of the harmony with which it closed by the following letter addressed by the Southern Delegates to their constituents.

To the Baptist Churches of Christ in the South and Southwestern States of the United States.

Beloved Brethren: In conformity with the recommendation of the South Carolina Baptist State Convention and of the Brethren of Virginia, your delegation assembled in Baltimore on the 26th April; Brother T. Stokes of Georgia, was called to the Chair, and Bro. Crane of Virginia, was appointed Secretary.

Bro. W. B. Johnson of South Carolina, presented to the meeting a preamble and resolutions which had been offered by Brethren of the North, as expressive of their views of new tests of Christian fellowship. These so entirely accorded with our own, that the delegation agreed to wait the action of the Convention in reference to the election of its Board of Managers before any further proceedings.

In our intercourse with our Northern Brethren generally, we found a most delightful spirit. They received their Southern Brethren with the utmost affection and confidence. A very few only were led, as they declared, by a sense of duty to require as a test of fellowship, the course which has been heretofore prescribed by some of them for their Southern Brethren to pursue. On the Lord's Day hundreds of brethren and sisters from the North and the South, the East and the West sat down at the same communion board. The season was refreshing. We sat together in heavenly places in Christ. In the close of the service, the overflowings of the full heart, were indicated in the flowing tear, the friendly grasp of the hand, and the Christian salutation, while all felt and many said, "it is good to be here."

The election of the Board of Managers of the Convention resulted agreeably to our wishes. The usual appointment of a committee to nominate a list of the officers and managers of the Board was dispensed with and the general ballot was adopted. On this board will appear the name of Bro. Baron Stow, as Recording Secretary, who has for some time past stood before the public in an equivocal position. But in a letter which was committed to Bro. Johnson's hand to be read before the meeting, we were fully satisfied, that this Brother has not thrown his Southern Brethren from his heart, his pulpit or his communion table. As this is a private letter it might be indecent to publish it, but copies of it have been put into the hands of Bro. Sands of Virginia, Bro. Meredith of North Carolina, and Bro. Stokes of Georgia, and can be seen by any person who will call on them.

We can therefore say to all our Southern Brethren, that we are fully satisfied with the spirit and sentiments of the great body of our Brethren at the North, and take pleasure in assuring them that the Foreign Missionary Board—American and Foreign Bible Society Board; Publication and Sunday School Board, and the Executive Committee of the American Home Missionary Society are all satisfactory to us. We would therefore most affectionately entreat you, brethren, to continue your co-operation with all these bodies, and to increase your contributions for the furtherance of these objects. Yours in the bonds of Christian affection.
S. STOCKS, Chairman.
J. B. JETER, Sec. pro. tem.

The Georgia Delegates had an opportunity of a free conference with the Board of Foreign Missions on the subject of their late correspondence with the Executive Committee of the Baptist Convention of the State of Georgia. This resulted in the following expression of the Board, which, as all the previous correspondence has been published, you may publish also. From our acquaintance with the feelings of the Committee and the entire discretion over their funds given by them to their delegates, we hesitated not after this to pay over all the funds put into our hands.

BALTIMORE, April 28, 1841.
The undersigned, members of the acting Board of the Baptist General Convention, having had a personal interview with two of the members of the Executive Committee of the Baptist Convention of the State of Georgia, and having learned from them, and from other sources, that the Address

of the Board, of the 2nd, Nov. 1840, had been in some points misapprehended, and that the late Communications of the Treasurer, with said Committee, had failed to remove, entirely, those misapprehensions,—avail themselves of this opportunity to state to the Committee the following facts.

That no member of the Board of Foreign Missions took part either, in the discussions or the doings of a meeting held at the close of the last session of the Boston Association.

That the acting Board cherish the same kind feelings and Christian fellowship, for the brethren of the South, now, that they have ever done.

And that all the doings of the Board, have been, in their design and spirit, in accordance with the Sentiment above expressed.

I also send a copy of the resolution referred to in the above letter, which were offered by certain of the Northern Brethren and concurred in by all whose names are annexed. They were not introduced into the public meeting, but were canvassed in occasional private meetings, and approved and signed (so well as I know) by all that had opportunity of examining them.

Preamble and Resolution on Tests of Church Fellowship.

Whereas the Scriptures constitute the only rule of conduct for Christians and Christian churches; and whereas, it is evident in the Scriptures that Churches are independent bodies, having no Head but Christ, and no Law but his revealed will; whereas, they have no right or authority to censure or excommunicate any but their own members; and whereas, the Constitutions of the Baptist General Convention of the United States, the American Baptist Home Missionary Society, and the American and Foreign Bible Society require the officers and managers of those institutions to be "brethren in good standing of Baptist churches in general union with the Denomination;" and whereas a disposition has been manifested to introduce new tests of good standing and fellowship, unknown to the denomination generally, when said Constitutions were adopted; and whereas, the announcement of disaffiliation on the basis of such new tests is now creating embarrassment and alienation among those who have been united in bonds of fraternal love for many years, and hitherto have delightfully co-operated in the holy enterprise of disseminating the truth of God, through these organizations: therefore—

Resolved, That the undersigned deem it their duty and privilege to record their full conviction, that no new tests, unauthorized by the Scriptures, and by the established usages of the great body of our churches, should be suffered to interfere with the harmonious operation of these benevolent Associations, as originally constituted; and therefore they embrace this fitting occasion to express their decided disapprobation of all such tests, believing them to have a direct tendency to part asunder those who have "one Lord, one Faith, one Baptism;" and above all they invade the prerogative of Jesus Christ, the one and only Legislator of the churches of the Saints; to whom be glory forever. Amen!

PROSCRIPTION PROSCRIBED!
Col. PRESTON, beside his pledge in Charleston, to proscribe proscription, made in the Senate, the following solemn declaration and oath:—"The Administration coming into power, reject and repudiate the infamous maxim, that to the victors belong the spoils. The system of proscription itself is to be proscribed: I stand upon that ground: and, so help me God, I will act upon it."

He who made this solemn oath, voted, quickly after, to dismiss Blair & Rives, from their office, under contract, as Priests to the Senate; and this, too, after having voted and spoken against the dismissal of Gales & Seaton, under similar circumstances—and against Col. Benton's motion to report the Resolution under which both Gales & Seaton, and Blair & Rives, were appointed! And can any one doubt that it was through his influence that Mr. Rawls was removed from the Post Office in this place, and a thorough Whig partisan appointed?

The *Globe* in noticing this removal, says:—"The office of Mr. Rawls consists simply in thinking with his State, and not with its recreant Senator. If he had been as pliant as Mr. Preston to the powers that be—if, like him, he had surrendered his long cherished and declared opinions—if he had joined the enemies of South Carolina in a conspiracy to fix the double yoke of a Tariff and Bank upon her neck—if, in a word, he had betrayed his kindred and home, and all the native feelings which had grown up in his own bosom, to secure a mercenary boon for himself, his baseness might have found a shelter for his poverty in the post office, as a more soaring genius hopes to hide its penury of every thing like principle, or patriotism, in a foreign mission."

Our City.—The sound of the hammer and the trowel, the busy rumbling of the drays, and the appearance of streets crowded with produce wagons, tell that Hamburg is doing her share of business. Day after day our ware houses are receiving a heavy supply of cotton, and the side walks present as much an appearance of business almost as they do in the winter months. Indeed, the prospect at present, is far beyond our calculation some months ago.

We are informed, that a very large portion of trade which heretofore found another market, has been turned hither, and a much larger portion will be received here next fall. Our sound currency is doing wonders for us too. If the Georgia money remains in the bad condition, as it now is, for one more year, we shall need one or two more banks to supply our market with funds, to pay for the staple. Nothing like it. Our natural advantages are great, and the changes of men, cannot effect the trade of our city. It will increase instead of decrease.—*Hamburg Journal* 20th inst.

The Penalty of an Elopement.—A year since a letter was published from Montreal, announcing the elopement of Mrs. Harris, wife of Captain Harris, 24th regiment, with E. D. David, Esq. of Montreal, barrister, and major in the Montreal cavalry.—On the 6th instant the action commenced by Capt. Harris against Mr. David was tried in Montreal, and resulted in a verdict for thirty thousand dollars damages.

HAMBURG, May 20.
We have no alteration to notice in the prices of Cotton from our last quotation.—The market is however duller, and buyers disposed to await for the next accounts from Europe before they advance. We still quote an extreme 52 to 105 cents. Principal sales 10 cents, Carolina money.

AGUSTA, May 20.
Cotton.—We have had rather an active market for this article since this day week, notwithstanding which prices have been tolerably well maintained. It will be observed that our quotations for some qualities are not so high as hitherto in our last; this, however, is attributable to the decline in Exchange on New York, &c., caused by the measures recently adopted by the convention of the stockholders of the Georgia Rail Road Company at Athens.—The higher grades of Cotton, owing to their great scarcity, still command former rates, and are the only kind that are now in much request.

The Limestone Springs OF SPARTANBURG DISTRICT.
THE Subscriber having rented this Establishment, will open the same for the reception of Company for the Summer. This celebrated watering place yields to none in the Southern States for attractions which should induce those travelling for health or pleasure to make it their resort. The accommodations are ample for 300 visitors—families can have suites of rooms in the great Hotel, or houses with parlours, or single or double cabins, all of which are complete and most comfortably furnished and furnished. The table and bar will be supplied with the best the country affords, and no pains shall be spared to give satisfaction to the company.
In the Hotel are large and well arranged public rooms, a band of music attends for those disposed to dance. The bar will be well supplied, and abundance of ice has been stored up for the season.
These Springs are situated 25 miles from Union Court House, 25 miles from Spartanburg, 25 miles from Yorkville, 25 miles from Glenn Springs, and 23 from Williams White Sulphur Springs, being the central point to them all. The waters of the Spring are limestone, highly charged with carbonic acid gas, and are as light, pure and delightful to the taste as water can be. They possess decided medicinal virtues, especially in cases of dyspepsia and liver affections. There are besides the limestone, two strong chalybeate springs of equal efficacy in restoring strength in case of debility.
Baths, cold and warm and shower, shall be always ready at a moment's notice.
The locality is one of the most beautiful in the world. The country around it possesses many attractions in its beautiful scenery, its historical associations, and in the manufactures which are springing up all around it. The battle fields of Blacklocks, Cowpens and Knipmounntain are all near enough for a pleasant day's excursion, and the prospect from Gelkin mountain takes in a large part of four districts, and embraces many views of highly picturesque and beautiful scenery.
Since the last Summer, the roads leading to these Springs have been put in order, and the bridges repaired and replaced. A new bridge has been built at the Nesbit Iron Works over the Broad River, and no difficulty now exists for travellers—a line of stages runs twice a week from Spartanburg by these Springs to Lincoln—another twice a week from Union Court House, and a horse mail to Yorkville.
There is always on hand a supply of burnt lime of the best quality.
The Charlestonian, Pendleton Messenger, Augusta Chronicle, Greenville Mountaineer, Edgefield Advertiser, Winayaw Intelligencer, Camden Journal, will please insert the above once a week for two months, and send their accounts to the subscriber at Limestone Springs for payment.
